The West Indies Trade

In a recent issue of a leading paper in Trinidad the following comments appeared with reference to Empire trade:

"We are willing to trade with Canada or any other part of the Empire in preference to foreign countries where possible. . . . We are not prepared to sacrifice revenue that we cannot afford to lose, and to jeopardize our privileges in other countries by the adoption of any principle of trading within the Empire which does not bestow upon us advantages at least equal to what we give."

Not long ago the question of preferential trade between Jamaica and Newfoundland was discussed at a meeting of the Jamaica Imperial Association, and it was pointed out that while Jamaica gave to Newfoundland the same preference that she gave to England and Canada, and Newfoundland reciprocated with a 25 per cent. preference to Jamaica goods, the result of the latter was practically nil.

The position was illustrated by the following figures:—

EXPORTS FROM JAMAICA TO NEWFOUNDLAND:

Year	Value
1922	£28,942 (Sugar £27,145)
1923	2,105
1924	2,257

IMPORTS INTO JAMAICA FROM NEWFOUNDLAND:

Year	Value
1922	£98,475
1923	116,081
1924	124,817

In view of the one-sidedness of the arrangement, it was decided to make representation to the Government to the effect that as the preference to Newfoundland meant a dead loss to Jamaica, it should not be continued unless Newfoundland could considerably increase the amount of her imports from the Island.

This is a matter to which the Government should give their consideration. It is true that there is not a large market for Jamaica goods in Newfoundland, but such as exists might as well be supplied from Jamaica as from elsewhere. We understand that the greater amount of the rum imported comes from Demerara. Why should we not give Jamaica a greater share in this business?

Instead of bemoaning the fact that we were not included in the Canada-West Indian agreement—in other words, that some one else was not looking after our interests,—we should be more profitably employed in finding ways and means of helping ourselves.

No Occasion to Feel Overlooked

In connection with the informal gathering which took place recently in an office on Water Street, where some specimens of Iceland cured cod were on view, we should like to say, in order to smooth the ruffled feathers of the Trade Review and in justice to the gentleman in whose office the fish were displayed, that so far as we are aware there were no gilded invitations to be present. Having

learned that the fish were there, we were sufficiently interested, as apparently were others also, to go and see them, and we have no doubt that a Trade Review representative would have been equally as welcome, had he happened to drop in.

To ourselves, far less intimate with the mysteries of cure, than our weekly contemporary, but not one whit the less anxious, or not one whit the less importunate in pressing for improvements in the whole system of the fishing industry, it was a privilege to handle the two specimens and to listen to the remarks of those who were in a far better position than pressmen to discuss their respective merits.

The articles which followed in the Telegram were by no means the first of a similar tone that have appeared, and if our contemporary cares to peruse the back files of the Telegram, it will discover that the Trade Review has not been ploughing a lonely furrow in this respect "during the past whole year," but that it has been following our lead, and we trust to have its support in the future also.

Man Killed by Blast

Yesterday afternoon a message was received by the Marine and Fisheries Department from Mr. William Squires, South Head, Bay of Islands, giving particulars of a fatal accident which occurred at that place. The victim, Thomas Barnes, belonging to York Harbor, was a shot firer, and it was as the result of a blast that he lost his life. The message reads as follows:—"An accident happened here yesterday. Thomas Barnes, my shot firer, lost his life with a blast. He belongs to York Harbor, and his age is 57 years. He died in the hospital at Corner Brook at 5.30 yesterday."

At South Head there is now being erected a fog alarm and lighthouse, under the direction of Mr. Wm. Squires, from whom the message, reporting the accident, came.

Fishermen's Boat Adrift

The lighthouse keeper at Cape Spear reported to Capt. W. C. Winsor last night that a motor boat with two men on board had broken down and needed assistance. The Furness Withy Company were got in touch with immediately, when arrangements were made to send out the Hugh D., and about half an hour later the men were picked up near the Cape. They were found to be Thomas Taylor and John Mercer, of Cupids, but now fishing out of this port. The fishermen reported that the boat's batteries had given out, and it was impossible to row to St. John's, as they had only one oar.

Orphans Visit H. M. S. Calcutta

The Orphans of Mount Cashel, numbering eighty, including the Mount Cashel Band were guests on board H. M. S. Calcutta yesterday afternoon, at the invitation of Vice-Admiral Ferguson. The orphans were accompanied by Rev. Bro. Ennis and Mr. Arthur Bulley, and were conveyed from the King's wharf to the warship by motor boats at 3 o'clock. During the afternoon the ship's officers showed them through the ship and they were delighted with all they saw. The Mt. Cashel Band rendered an attractive musical programme. The party returned on shore at six o'clock.

This Afternoon's Attractions

C. OF E. ORPHANAGE.

This afternoon at 2.30 the annual Garden Party, in aid of the Church of England Orphanage will be held at the Shaanoun Munn Memorial Grounds, under the patronage of His Excellency the Governor and Lady Allard. Vice-Admiral Ferguson, of H. M. S. Calcutta, will also be present. Every preparation has been made by those in charge for the entertainment of visitors and special attention is being paid to the catering by the ladies whose efforts in this direction are well known. Sports and various side shows have been arranged and an advertisement attraction will be the horse show which promises to be very interesting. The C.L.B. and Mount Cashel Bands will be present during the afternoon and at night a dance will be held in the Grenfell Hall. The cause of the orphans is one that has always been well supported and no doubt to-day's effort in their behalf will meet with a generous response.

KILBRIDE GARDEN PARTY.

The annual Garden Party at Kilbride will be held to-day and everything points to its being the most successful in years. A splendid sports programme has been arranged, including a three mile road race, and football five, in which the players will be C.Y.M.C. vs. Gaelic; Holy Cross vs. T.A. The winners will play off. Various amusements will be provided and there will also be a pony race which promises to be very interesting. The C.C.C. Band will furnish music during the afternoon. Special preparations for catering have been made by the Ladies' Committee and a pleasant day is assured those who attend.

It's the cutest little assortment of dainty toilettries imaginable, and just about sufficient for a short vacation. It is called the THREE FLOWERS Travellette and can be had at any drug or dept. store for fifty cents. July 4, 7, 11.

TO-DAY'S MESSAGES

CONFERENCE BETWEEN OWNERS AND MINERS POSSIBLE.

LONDON, July 21.

Evan Williams, Chairman of the Coal Owners Association, to-day sent a communication to A. J. Cook, Secretary of the Miners' Federation, which is said to hold out a promise of bringing the two sides into a conference postponed on Thursday. Nothing definite has developed, however, and if this slight hope falls, matters are fast drifting towards a national stoppage of the mining industry and probably other industries. The mine owners are preparing to post notices in the various coal fields setting forth the terms on which the men may continue work after July 31 when the existing agreement expires. The Mining Federation has advised the men to refuse to work on these terms. Secretary Cook asserts that this action on the part of the owners is evidence that they intend to force a fight.

CANADA'S EXPORT TRADE INCREASES.

OTTAWA, July 21.

(By Canadian Press).—Exports of Canadian products for the twelve months ended June 30 last are well over the billion dollar mark, and show an increase in value of more than sixteen million dollars above the preceding twelve months period. Domestic products were exported from Canada during the twelve months period ended June 30 to the value of \$1,078,460,084. In the twelve months ended June 30, 1924, the value of domestic exports was \$1,062,243,780, and in the year preceding that again their value was less than a billion pounds. There has been a steady increase in the value of domestic exports during the period under review for the past four years.

Street Railway Operations

Yesterday teams were busy hauling the 60 foot rails which will be used in retailing the street railway and we understand this work will begin immediately under the supervision of the W. I. Bishop Co. The new cars which are now under construction in Canada will arrive in the late autumn in time to be placed in operation before the winter. These cars will be controlled by one man, and in the rear will be a door which will open and close automatically. The colour of the cars will be bright red, which it is believed will tend to avert accidents.

With the increased speed and up-to-date conveyances, it is hoped that the traffic will be considerably increased, and the chances all seem to be in favour of it.

LAST NIGHT'S FOOTBALL A Splendid Exhibition.

Probably one of the best exhibitions of football seen at St. George's Field this season, took place last night when the city team, composed of Senior League players, played H.M.S. Calcutta. The presence of H.M.S. Calcutta's team drew a large attendance of spectators to the field and witnessed what proved to be a well played and closely contested game, the game ending in a draw, 2 goals all. At 7.30 Referee Dourne called the players together, and they lined up as follows, with the city winning the toss and playing from the western end of the field:—

H.M.S. CALCUTTA—Goal, Time; backs, Cropp and Grist; halves, Moggie, Fitzgerald, Jackson; forwards, Foulds, Blackburn, Ruston (Captain), Froedick, Fawcett.

CITY—Goal, Knight; backs, T. Duggan, Thistle; halves, W. Halfyard, Foster, Madden; forwards, Nolan, Young, Macklin, H. Phalen, E. Phalen.

Referee—Dourne.

Linesmen—Nee, M. Finn.

First Half

Play opened up fast with Calcutta forwards making dangerous inroads on city territory, but a drive to mid-field by Duggan saw the ball carried to the Navy goal by E. Phalen, but the referee declared play off-sides. Calcutta then combined nicely and made a speedy run west, and a hot shot by Blackburn struck the crossbar and bounced into play, in the mix-up Halfyard cleared the leather out of danger, and saw H. and E. Phalen combining nicely down field, and on the pass to Macklin, a dangerous shot was sent Time, who barely saved. Play was up and down field for the next ten minutes, but the opposing forwards were unable to penetrate the backs. A feature of the game was the splendid combination of the Calcutta forwards, and the work of Foster, centre-half for the city. After the city had made several attempts to score, play was again confined to the Navy end after 17 minutes of play, when Madden took control from a throw-in and, on a nice pass to centre, Young captured it and upon dribbling inside the backs he beat Time for the first goal. General excitement prevailed from then on, and scarcely had the ball been again placed in position, when Calcutta forwards broke loose and saw Fawcett, inside left, score the equalizer, from a ground shot. A moment later Froedick, for the Navy, sent a swift shot, but Knight proved equal to the occasion. The city halves were working hard at this juncture in staving the attack of the opposing forwards, but no further goals resulted and the half-time whistle sounded with the score one all.

Second Half

Upon resumption of play the city pressed and secured a corner, and in the play the Phalen boys and Macklin tried hard to score. Play transferred to the other end almost immediately, and the city backs were given a very busy time. The Navy forwards were playing a very tricky game with splendid combination play, and although the shots were sent swiftly towards the goal, nothing happened in the scoring line. A moment later the city forwards swept up field, with Nolan controlling the ball from the right, and upon centering across the goal mouth, the shot sent in by Phalen went over the crossbar. Then followed a regular barrage on Calcutta goal, the Navy goals being called upon to handle three difficult shots in rapid succession, while two others struck the upright and before the attack terminated the ball bounded off the crossbar to the side. This was real hard luck for the city. Fitzgerald, centre-half for Calcutta, then cleared the ball to the other end of the field. Jackson then secured the ball from a throw-in on the left, and upon making a pretty pass across the goal, Blackburn availed of a good opportunity and beat the city goalie for a second time, after twenty-four minutes of play. The city team then went on the offensive and worked hard for the equalizing goal. Jimmy Young, who was playing a good game all through, eluded the back division but the shot grazed the crossbar. Considerable play then followed in the Navy territory, and after several unsuccessful attempts had been made, Nolan availed of a good opportunity from the right, and on a pass across the goal, Macklin beat Time from a close-in shot, much to the delight of the fans. With scarcely more than a minute to go the city pressed hard for the winning goal, but the full time whistle blew, leaving the score two goals all.

Referee Dourne refereed the game to the entire satisfaction of all.

A return game will probably take place on Friday night.

FOOTBALL GAME POSTPONED.

The Junior football game, scheduled for this evening, between Holy Cross and Gaelic teams, has been postponed on account of the other attractions. Junior League teams are, however, playing football five in both C. of E. and Kilbride Garden Parties.

INTER-TOWN SPORTS MEET.

At a meeting of the M.G.C.A. Sports Committee last night details for the Grand Falls trip were gone into. Some 80 members and supporters will go out by Saturday night's train, including 18 members of the band under Bandmaster Peet, who have been practising special music for the dance, and full teams for the tug-of-war, tennis, cricket, track and other events. At Grand Falls great preparations have been made for the visit, judges have been appointed for the club competition and many other prizes have been donated, including no less than 25 from the A.N.D. Company. In the city two cups have been offered by Mr. J. S. Ayre and others by Hon. S. Milley, Mr. C. E. Russell, Minister of Public Works, Mr. F. W. Ayre, Mr. W. Sinclair and Sir R. A. Squires, as well as 12 medals by anonymous donors. The meet at the Paper Town is expected to be the greatest athletic event in the history of the country, the programme extending over three days.
