

**FIRST SHIPMENT OF NEW WHEAT IS RECEIVED**

Five Carloads of No. 2 Alberta Red Comes From Vicinity of Warner

Reports from Gleichen, Queensland and Blackfoot Reservations Are Good

Splendid Yield Promised Around Macleod, Says Prize Winner at N. Y. Show

The first new wheat to be received from the Grain Growers' Grain Company were reported yesterday when a shipment of five carloads was delivered to the city. Inspector George Hill, and the first shipment was received from Warner, and reports from that point indicate that the yield will be about 25 bushels per acre.

Yield Good, Says Mr. Glass

Mr. Glass, of Macleod, who captured second prize at the international exhibition at Macleod, says that the yield of the crops in his vicinity is about 25 bushels per acre. He reports to the Grain Growers' Grain Company that the yield of the crops in his vicinity is about 25 bushels per acre.

**DEFEAT OF RECIPROCITY HITS FARMERS HARD**

Saskatchewan Grain Grower Cites Instance Where Millions Have Been Lost

Price of Oats at Fort William and Minneapolis Show Difference of Forty Cents

Fargo, N. D., August 22.—Never have the farmers and grain growers of Western Canada appreciated the significance of the defeat of reciprocity than at this present time, according to A. A. Bennett, prominent grain grower of Melville, Sask., who is here. Saskatchewan farmers are lamenting the fact that they received the short end of the deal when the proposition was turned down, he says, and he referred to the difference in the quotations between oats posted at Fort William and Minneapolis, which he declares is about 40 cents a bushel. The farmers of Saskatchewan, Mr. Bennett says, have lost millions by the defeat of the pact, and they will lose millions more, he declares.

**"ARREST THESE MEN"**—Cartoon in the New York American ridiculing the efforts of the New York police to capture men wanted in connection with the Rosenthal murder and general police graft investigations.

**THE MARKETS**

**Winnipeg Wheat**

Winnipeg, Aug. 22.—Option prices in wheat market were firmer, due to the unfavorable cool and cloudy weather retarding the ripening of the crop and the higher Liverpool cables. The opening figures were unchanged but advanced later 7-8c on both months, which was not maintained. American markets opened unchanged to higher and advanced fractionally on all months except the September.

Winnipeg closed unchanged to 1-8c higher.

Minneapolis closed unchanged, 1-8c to 1-4c lower.

Chicago closed 1-8c to 1-4c higher on all options.

The firmness of the market was good and practically nothing on offer while prices were considered on export basis.

Oats were quiet at stronger prices. Flax was not in demand, but closed 1-2c higher.

Receipts were 60 cars.

The first car of new crop wheat was inspected on Wednesday in Winnipeg and graded No. 2 Alberta Red. The first car of Alberta Red was three days earlier than last year, 3 cars arriving on August 23 from Winnipeg, and 4 from Colesburg, Manitoba.

**Buy Your FARM LANDS Direct From THE OWNERS**

Every day it becomes more and more evident that the safest investments in the world are in well selected farm lands, especially when those lands are within a reasonable distance of a large city and well served with railroads. The following are some of our best offerings:

1—900 acres, 20 miles N. E. of Calgary, 2 miles from Grand Trunk road, 2 miles from proposed Calgary to Carbon Interurban road; all first-class land well situated.—Raw.

2—4 sections in a body, 2 miles south of Shepard, suitable for acreage subdivision or to divide for dairy farms. Reasonable prices. Terms.

3—Two and three-quarter sections in solid body, 2 miles N. W. of Calgary and near proposed Interurban line; good soil, good water, especially good for mixed farming or dairying; \$20 per acre; terms.

4—3000 acres in parcels of 1-4 section, 1-2 section, full section and blocks of 3 or more sections to choose from; north and east of Calgary and convenient to C. P. R., Grand Trunk and Canadian Northern Roads.

We Own the Lands—Titles Perfect.

Calgary Colonization Co. Ltd. Alberta Block, Calgary.

**MACLEOD**

Macleod, August 22nd.—As a direct result of the work done by the Board of Trade, Macleod, is to have a big brick manufacturing establishment. The plant will have a capacity of 30,000 bricks per day, and it is the intention of the promoters to increase this as their market demands.

Fifty men will be employed as soon as actual manufacturing is started. This number will, of course, be augmented when the plant is extended.

The promoters of the enterprise are Montagu J. Bond, a civil engineer and clay expert, and J. H. Gray, both of Victoria, B.C. No local capital is being solicited. The arrangements for financing the concern have already been made. The capital will be furnished by a Vancouver syndicate who have instructed Mr. Bond to make the necessary local arrangements.

Mr. Bond first became interested in the enterprise about six months ago, when he was shown samples by the industrial commission. At that time he requested that further samples be sent him. This was done, and the tests proved so satisfactory that a few weeks ago Mr. Bond returned to Vancouver, and from Mr. Bond stating that he was coming to town to personally investigate conditions. He satisfied himself of the extent of the deposits, and opened negotiations with the council for the land required. A special meeting of the council was held to go into the matter. A letter from Mr. Bond set forth the requirements of the industry. He asked that the council should be authorized to acquire the land along the river front as a site for the proposed plant, and also for conveying privileges on the land. He stated that the land required was 100 acres, and that he would like to see a much larger area under consideration. While waiting for the council to act, the promoters are putting up large quantities of brick.

Mayor Sedman, in bringing the matter before the council, said that he had been approached by such a syndicate in the city, and saw no reason why the requirements of Mr. Bond could not be met.

Mr. Bond, who is one of the leading experts in Canada, says that the site is ideal for the purpose, and that the water is of the highest quality. He also stated that the land is well watered, and that the soil is of the best quality.

The members of the council were unanimous in their opinion that the project was one worthy of every encouragement.

His worship stated that it would be a pleasure for the town to reserve the title to the land along their sewer pipe line and their water main, to which Mr. Bond agreed.

The proposed site of the plant is north of the power house.

Finally a motion was passed that the town solicitor be instructed to prepare an agreement embodying the concessions required by Mr. Bond, this agreement to be submitted to the council at their next meeting on Monday night.

**DELBURNE**

Delburne, Aug. 21.—The most recent official information regarding regular passenger trains over the G.T.P. between Calgary and Edmonton published is to the effect that trains will be running daily by October 1st.

The past week has been one of bright warm, sunny days with the result that all those interested in the crop question are wearing very pleased smiles. Work throughout the entire farming community is progressing and at present the crops are in good condition. Some early barley and hay have been cut.

The first load of wool was brought into town today.

Mr. Larue Smith is busy getting a new apartment or residence, returned today from a trip through the maritime provinces. He visited Fredericton, where he had a conference with Premier LeBlond, and the minister of agriculture in regard to wool, and means of encouraging agriculture in New Brunswick. Mr. Smith visited the famous Annapolis valley, the length of it. The apple crop, he reports, is splendid, and will run from 80,000 to 100,000 barrels. After attending the dedication of the memorial tower at Halifax, Mr. Smith went to Prince Edward Island, where he had a long conference with the governor. Mr. Smith was high in praise of the necessity of the Dominion government aiding every possible assistance in the encouragement of agriculture, as it is practically the whole industry of the province. The local authorities are at present encouraging intensive agriculture, and are beginning to specialize in fruit growing, particularly in the southern part of the island.

Mr. Burr is arranging to have his fruit and seed specialties, special lectures and demonstrations on the island.

Mrs. Colburne who has been spending the last year with her son in England, left this week for her home in Delburne.

The Reformed Presbyterians held service in the hall last Sunday afternoon. They will hold service at 4 o'clock on Friday afternoon.

The Methodist church meets in Delburne on Sunday morning next at 11 o'clock. The service will be held in the hall.

Mr. and Mrs. Forde and family from Brazeau coal mines were in town yesterday.

What might have proved serious, but resulted in nothing but a fright occurred last Friday afternoon. Mrs. Thos. Miller with her little daughter Edith were driving into town when the car was struck by a truck. The truck had been backing up and had struck the car.

A pleasant social evening under the charge of the Methodist church building society was held at the home of Mrs. McLeary, when a large crowd of church members and their friends gathered to discuss the site for the new church.

Rev. Bowen and Buchanan returned from their recent trip to the coast city, Friday afternoon. Miss Lois McAlpine is attending Normal College in Calgary.

Mrs. Emerson and baby of Louisiana were guests for a number of days at the home of Mrs. Emerson's mother, Mrs. Austin.

Gollins and Nyons, well drillers, are in town this week drilling a well for John McHardy.

Mrs. Blain of Gaze Valley is in Delburne at present keeping house for her son Tom and his family. Mrs. Tom Blair who has been ill for a long time is still in a very weak condition.

Rev. Mr. Brown occupied the pulpit at Springvale on Sunday. Mr. Brown who took charge of the Delburne appointment.

Mr. Frank Michener of Red Deer, was in town recently.

Mr. Hubert Ettinger is erecting a dwelling in town. Mr. Ettinger expects his wife and family shortly from Nova Scotia.

Mr. Dallaire of Perbeck was in Delburne this week.

Mr. and Mrs. Forstater of Perbeck, while on their way through Montana on driving tour, called on friends in Delburne last week.

**Chicago heat**

Chicago, Aug. 22.—Wheat was sensitive today and responded quickly to buying orders which made their appearance after a quiet start. The price was steady on the upper levels, 1-8c to 1-4c higher. Corn ruled higher with Sept. at the front and closed 1-4c higher. The firmness of the market was good and practically nothing on offer while prices were considered on export basis.

Oats were quiet at stronger prices. Flax was not in demand, but closed 1-2c higher.

Receipts were 60 cars.

The first car of new crop wheat was inspected on Wednesday in Winnipeg and graded No. 2 Alberta Red. The first car of Alberta Red was three days earlier than last year, 3 cars arriving on August 23 from Winnipeg, and 4 from Colesburg, Manitoba.
