The Markets

NEW YORK MARKET RALLIES BENEFICIAL RAINS MAKE
AFTER PERIOD OF DULLNESS EASIER WHEAT PRICES

London Is Selling American Securities; Tone Unsettled Until the Close

New York, June 5.—The stream of liquidation was checked today and efforts were made to support the stocks which form the backbone of the market. The street was still on edge as a result of the tension of the last few days, and there were periods of pronounced weakness, but the market showed increased recuperative powers and rallied briskly after a setback at the opening and a sharp bear drive in the afternoon. Increased pressure in the final dealings put the list well below yesterday's close, but losses were considerably smaller than on the preceding day. The movement as a whole was higher and threw little light upon the present or prospective market conditions.

Selling by London in this market, which has been of large influence in the recent slump, continued. About 25,000 shares were disposed of here in the early trading for London account, and it was chiefly because of these offerings that the market began to weaken. A sharp rebound the market grew dull, holding firmly on the higher levels until the early afternoon. Vigorous buying served to prop the leaders, but the tone was unsettled until the close. Total sales par value \$1,900,000, U. S. 4% and Panama 2% advanced 1-5.

Winnipeg, June 5.—Rains were general over the prairie provinces except in southern Alberta, and further showers occurred in the southwestern states. The precipitation in Canadian provinces was to more or less benefit wheat, there being only a trace of rain at Humboldt to 37 of an inch at Brandon. Consequently prices opened weak on the Winnipeg wheat market, a factor also being lower Liverpool cables, but with short covering and reports of irreparable damage in the southwest values quickly advanced. The demand for cash wheat was principally to fill space and of contract grades and for No. 4, with moderate offerings. Export was out of the list. With higher prices here and lower cables, no new business could be transacted.

Cash wheat closed 5-8 to 3-4 higher for contract grades. Oats and flax were steady. Oats closed unchanged to 1-4 lower and cash flax closed 1-2 to 1-4 lower. Inspections Wednesday totaled 413 cars and in sight were 300. Of these 413 cars there were 106 flax against 36 last year.
