# WITH PLENTY OF HAY PRICES WILL EASE OFF

It is expected that there will be a slight falling off in the price of hay today. On Saturday only five loads were offered at \$12 to \$15. With good offering, however, the price. the prices will ease considerably. Potatoes eased also on Saturday. The prices obtained for the commodity were 11 wholesale and 11 05 retail. Other vegetables are as quoted on the list.

Apples are a small offering, and are selling for 50 to 80 cents. Pears are bringing 75 cents per bushel, with a small offering of selects at \$1.

Butter was slow on Saturday. The offering was much better than for some time. Prices are firm, however, and will probably remain so. Eggs are scarce and selling at 40 cents. A few went for 38 cents. The farmers have no difficulty cents. The farmers have no difficulty disposing of them. After the drop in the prices of poultry Saturday there has been no change, and prices are as listed Butchers' meats are steady. The prices have remained firm for some time. No

In the first game, one of the closest scores of the season was hung up, the Midgets barely nosing out a win by the count of 30 to 29. Considering the fact that the Alphas were leading at half time by the score of 21 to 8, the victory of the Midgets is a notable one. They outplayed their opponents in the final period in almost exactly the same proportion as they were outplayed in the first period, and such reversals of form are seldom seen in basketball. Gough, Weir and McKeracher were the stars for the winners, while Smith and Bartlett were about the best for the Alphas.

# AT BIG CONGRESS

Dr. Hadley Williams and Dr. Wishart Made Fellows of New College.

FIVE THOUSAND PRESENT

Treatment of Cancer Was Chief Subject Under Discussion at Chicago.

Dr. Hadley Williams and Dr. John Wishart are two London surgeons who were honored by being made "Fellows of the American College of Surgeons," at the inauguration meeting of the "College of Surgeons of North America" held in connection with the Congress of Clinical Surgeons, which met in Chicago last week. The congress was attended by about 5,000 men from all parts of the American continent Canada being well represented, especially from the larger cities. The new college of surgeons is patterned after the Royal College of Surgeons of London, England, and its sole object is to elevate the practice of surgery in America to a higher plane, both morally and technically, to raise the standard of medical schools, to impress upon all hospitals the need of vell-organized staffs of men who have had special training in medicine and surgery, and to educate the public generally to a recognition of the surgeon and physician, each in his own

The Convocation. The convocation of the new college was held in the gold room of Congress Hotel before an audience of many distinguished medical and scientific men Dr. Finney, of Johns Hopkins University, Baltimore, presided. Sir Ryckman Godlees, surgeon to King George V., and president of the Royal College of Surgeons of England, addressed more than 1,000 surgeons who received the degree of the new college. Besides Drs. Williams and Wishart, of London, a few other Canadian surgeons from Toronto, Montreal, Vancouver and Winnipeg, were thus honored.

stated that the chief discussions of the surgical congress had to do with the treatment of cancer, the medical value of radium, and the need of thoroughly trained men for the hospital staffs of America. The report of the committee on cancer estimated that it killed from 75,000 to 100,000 annually, declared that it is a local and not a held between his finger and thumb.

question of insurance is also being considered.

The rates, already high, are likely to be advanced by writers of marine insurance. The old talk of a Canadian Government Lloyds is being revived.

It is proposed to have Canada go into the business of insuring hulls and cargoes on the Great Lakes, the St. Lawrence and Hudson Bay.

Strathrey, Nov. 17.—The recent snow-storm did considerable damage. Many farmers in Caradoc have their potatoes still in the ground. Reports claim that many sheep were lost in the snowdrifts.

Dr. Archie L. Johnson, son of Inspector W. D. Johnson, has moved from Hartney, opened up a deutal office.
