Board of Trade Committee Holds a Conference With Railroad Chiefs

A committee representing the board of trade met Sir Charles Rivers Wilson, chairman of the G.T.P. and C.M. Hays, president of the company, at a conference held at the Empress hotel yesterday, when matters affecting railway development on Vancouver Island were discussed. The committee was perfectly satisfied with the assurances given by the railroad men, and with the interest which they evinced in the maps of the island laid before them.

The board of trade committee was composed of F. C. Pauline, chairman, C. H. Lugin, T. W. Patterson, H. G. Wilson, John Jardine, H. A. Munro, John Nelson and E. McCaffrey. E. J. Chamberlin, general manager of the G.T.P., was present at the conference. The waterworks committee, also, is to be utilized for wharves as soon as the plans which have been filed with the marine department at Ottawa are approved. When the wharves have been constructed a vessel owned by the railroad will be placed in commission plying between Victoria and Prince Rupert.

Yesterday afternoon C. M. Hays, J. Chamberlin and a number of the officials of the railroad left for Vancouver. Sir Charles Rivers Wilson remained in Victoria, but will join the Grand Trunk Pacific party today and proceed with them to Prince Rupert.
