THE SALMAGUNDI,
Or, News of the Day.

THIS DAY is published, a SPECIES NUMBER of
a new periodical, of a novel character, bearing the
above appellation, will be commenced on the be-
ginning of January 1836. While it will furnish its
patrons with the leading features of the news of the
day, its principal object will be to serve up a hu-
morous compilation of the numerous lively and pun-
gent sallies which are daily floating along the tide
of Literature, and which, for the want of a proper
channel for their preservation, are positively lost to
the reading world. Original wits and humorists of
our time will here have a medium devoted to the
faithful record of the spiritations of their genius.
It is not necessary to detail the many attractions
which this journal will possess, as the publisher
will furnish a specimen number to every person who
desires it—(those out of the city will forward their
orders, postage paid)—and he pledges himself
that no exertions on his part shall be wanting to
secure to every copy the greatest number of sub-
scribers. The SALMAGUNDI, will be printed on large
imperial paper, equal in size and quality to that
which is at present used for the Gentleman's Vapo-
Mecum. It is calculated that more than
500 ENGRAVINGS

will be furnished in this Journal in one year—these
in addition to an extensive and choice selection of
Satire, Criticism, Humour, and Wit, to be circulated
through its columns will form a Literary Banquet
of a superior and attractive order, and the publisher
relies with perfect confidence on the liberality of
the American public, and the spirit and tact with
which this expensive undertaking will be prosecuted
to bear his successfully and profitably along with
it.

The terms of THE SALMAGUNDI will be two
pence per annum, payable invariably in advance.
No paper will be furnished unless this stipulation is
strictly adhered to. Clubs of three, will be sup-
plied with the paper for one year by forwarding a
five dollar note, postage paid.—If the papers that
are sent out of the city will be carefully packed in
strong envelopes, to prevent their rubbing in the
mail.

THE SALMAGUNDI will be published on alter-
nate weeks—otherwise it would be impossible to
procure the numerous Engravings which each
number will contain—and the general interest it will
afford must be enhanced by this arrangement.
All orders must come post paid.

TO THE PUBLIC.
WE The Undersigned having heard that ru-
mours are afloat detrimental to the character
of the Branch Pilots out of the Port of St. Andrews
N. B. as a Body, think it necessary to state, that
qualified Pilots, at sundry times, offered their
services in the line of their profession, to Masters
Commanding vessels owned by Nebemiah Marks,
Esquire, and that these services have been uniform-
ly rejected. On a recent occasion Capt. Huston of
the Nebemiah, in reply to several of our number
who offered him their services, stated that Mr.
Marks would not allow him to take a pilot as the
vessel was not insured. We are of opinion, that in
consequence of the Nebemiah having no Branch Pi-
lot on board, she went ashore on Saturday the 29th
August last.
