## HOLLOWAY'S PILLS.

Extraordinary Cure of Asthma!!! of an old Lady, seventy-five years of age. Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854.

To Professor Holloway,  
Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood, it was quite agony to see her suffer and hear her cough: I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old.

I remain, Sir, your obliged,  
(Signed) THOMAS WESTON.

Remarkable Cure of Dropsy!!! after being tapped three times. Copy of a Letter from Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway,  
Sir,—I desire to add my testimony to the value of your Pills in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health.

I am, Sir, yours, sincerely,  
(Signed) ANTHONY SMITH.

Amazing Cure of General Debility and Liver Complaint!!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward's Island, dated 17th Nov. 1854.

To Professor Holloway,  
Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,  
(Signed) WILLIAM REEVES.

These celebrated Pills are wonderfully efficacious in the following complaints.

|                            |                                       |
|----------------------------|---------------------------------------|
| Ague                       | Jaundice                              |
| Asthma                     | Liver complaints                      |
| Bilious complaints         | Lumbago                               |
| Bloches on the skin        | Piles                                 |
| Bowel complaints           | Rheumatism                            |
| Colic                      | Retention of Urine                    |
| Constipation of the Bowels | Scrofula, or King's Evil              |
| Consumption                | Sore Throat                           |
| Debility                   | Stone and Gravel                      |
| Dropsy                     | Secondary symptoms                    |
| Dysentery                  | Tic Douloureux                        |
| Erysipelas                 | Tumours                               |
| Female Irregularities      | Ulcers                                |
| Fever of all kinds         | Veneral Affections                    |
| Fits                       | Worms of all kinds                    |
| Gout                       | Weakness, from whatever cause &c. &c. |
| Head-ache                  |                                       |
| Indigestion                |                                       |
| Inflammation               |                                       |

## AYER'S PILLS.

A new and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a noxious habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Fevers, symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which lead the human race all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine; virtues have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are:  
Four VALERIEUX MORT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of noxious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the least and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident that the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expetient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of its remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who is not desirous of procuring the Pills, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few could be taken by those who are afflicted with their life consists in their mystery. I have no mystery.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Chemical and Pharmaceutical analysis of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action; remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the box.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

## THE ALL-HEALING REMEDY IN

### Holloway's Ointment.

A most astonishing cure of Scrofulous Ulcers—a case certified by the Mayor of Boston.

Copy of a letter from J. Noble, Esq. Mayor of Boston, Lincolnshire.

To Professor Holloway,  
Dear Sir,—Mrs. Sarah Dixon, of Liquor-pool street, Boston, has this day deposed before me, that for a considerable time she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear Sir, your's truly,  
(Signed) J. NOBLE.

Dated August 12th, 1852.

An extraordinary and rapid cure of Erysipelas in the leg, after medical aid had failed.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bignor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived great benefit.

I am, Sir, your obliged and faithful servant,  
(Signed) ELIZABETH YEATES.

A dreadfully diseased Ache cured after being given up by the Faculty at Malta and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King st, Norwich.

Copy of a letter from Captain Smith, of Great Yarmouth, dated January 19, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines.—Mr. John Walton, late in Her Majesty's Service, in the British fleet at Malta, had a very bad ulcerated ankle, and after being in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost. At this period, by my advice he tried Holloway's Ointment and Pills, which by unremitting application, healed all the ulcers, and restored him to perfect health and strength.

I remain, dear Sir, your's very truly,  
(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

Surprising cure of a bad Breast, Nervous Debility, and general ill health.

Copy of a letter from Mr. T. F. Ker, Chemist, &c., Lower Moss lane, Manchester, dated Feb'y 12th, 1853.

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt street, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, dear Sir, your's faithfully,  
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:

|                    |                             |
|--------------------|-----------------------------|
| Bad Legs           | Chicgo-foot                 |
| Bad Breasts        | Chilblains                  |
| Burns              | Chapped hands               |
| Bunions            | Corns (soft)                |
| Itch of Moschetoes | Cancers                     |
| and Sand Flies     | Contracted and Stiff Joints |
| Coco-bay           | Fistulas                    |
| Elephantiasis      | Glandular Swelling          |
| Gout               | Lumbago                     |
| Scurvy             | Piles                       |
| Sore Heads         | Rheumatism                  |
| Tumours            |                             |
