

IMPORTANT TO HOUSEKEEPERS.

NONPAREIL LABOR SAVING SOAP!

For washing clothes, also for washing, cleaning and disinfecting, painted surfaces, the walls, ceilings, and entries, the halls, parlors and rooms of private and public buildings, the fronts, doors and windows of fancy stores and dwellings; the pews and interior of churches; furniture; the bath-tubs, cabins and state rooms of steamships, and passenger cars, &c. &c.

No injury whatever is sustained by the material, texture or color of anything washed with this soap. Its component parts have been submitted to the examination of eminent Chemists whose testimony is entirely in its favor. The obvious advantages of this great improvement will be apparent from the following considerations:—

1. Time is saved; exclusive of the rinsing and drying, one and a half hour is all the time that clothes remain in the mixture of suds.

2. The wear and tear of clothes, resulting from the injurious effect of friction, or the use of the washboard or washing machine, are entirely avoided, so that everything will last much longer, and not one tenth the labor is required to do the family washing.

Directions for using the labor saving Soap. All that is required is to dissolve one bar in ten gallons of hot water (not boiling), and take a good sized tub; then place in your white clothes and let them remain 1 1/2 hour, stirring them occasionally, (and lightly when taken out), then wring the clothes and put them in a kettle of clean water, without soap, give them a good wash and finish in the usual way; after your white clothes are done you can put in your colored clothes, and proceed as above, except boiling. Where clothes are more than usually soiled, as shirt collars, wrist bands, &c., a little rubbing with the hand may be necessary; previous, however, is better than friction. For cleaning carpets, furniture, stoves, marble, &c. apply the soap with a sponge or cloth, and rinse with clean water.

By careful attention to the above directions, your washing will be done in one sixth of the time required by the old way, and will be perfectly clean and white.

It contains no soda, lime or other caustic ingredient. Warranted not to injure the finest fabric. Try it and judge for yourselves. Prepared only by S. M. CLARK & Co., sole proprietors for C. W., Yonge Street (opposite Beaver Street, Toronto.) Trade supplied on liberal terms.
