We recommend only properties of approved merit, which our mining experience extending over many years, justifies us in placing before our clients.

Agents who can influence a large amount of
 business invited TO WRITE FOR TERMS. . . .

Rossland, - - British Columbia.

The Royal Five Gold Mining Company has been formed for the purpose of earning profits for its shareholders in the business of gold mining. With this object, after careful consideration, the directors have taken over five remarkably promising mineral locations known as the "Royal Oak," "Whoop-up," "Atlas," "Circassian," and "Gloucester" mineral claims, situated in the Trail Creek mining division of West Kootenay, B.C.

SITUATION.—This group consists of five claims, each 1,500 feet square and known as the "Royal Oak," "Whoop-up," "Atlas," "Circassian," and "Gloucester," situated three miles south of Lower Arrow Lake, on the Columbia river, west of the Burnt Pass on Moberly Creek, ten miles north-west of Robson, fifteen miles from Rossland, and twenty-five miles from Trail by road, and thirty-five miles west of Nelson, in the Trail Creek mining division of West Kootenay, B.C.

AREA.—The ground covered by this group is about 260 acres.

TITLE.—The following certificate, from Mining Recorder Kirkup, shows absolute and perfect title:

TRAIL CREEK MINING DIVISION OF WEST KOOTENAY, B.C.

MINING RECORDER'S OFFICE ROSSLAND, B.C., January 2, 1907.

I have carefully examined the records of this office relating to the title to the following mineral claims—"The Royal Oak," located June 6, 1896; recorded June 18, 1896; "The Whoop-up," located August 25, 1896; recorded August 28, 1896; "The Circassian," located June 3, 1896; recorded June 18, 1896; "The Gloucester," located June 5, 1896; recorded June 18, 1896; "The Atlas," located June 5, 1896; recorded June 18, 1896. And I hereby certify that "The Royal Five Gold Mining Company," (Limited Liability), has a good and perfect title to the aforesaid property according to the records.

(Signed) J. KIRKUP, Mining Recorder.

SHARES.—To provide funds, the Directors have decided to place a block of Treasury Shares on the market. The price is subject to change at any time without notice, as development work on the property may justify an advance in the value of the shares at any moment.

INVESTIGATION ASKED.—Intending investors are invited to make the closest inquiry as to this property as well as to the standing and character of the directorate. This is put forth as a thoroughly legitimate mining venture, and the most scrupulous regard will be had for the interest of every subscriber, as the Company is a working company with strong management and iron-clad by-laws.

There are seventy Mining Companies in the United States and British Columbia, which have paid an aggregate of \$14,734,500 in dividends last year.—*Mineralogical and Scientific Press.*

Application for stock, copies of by-laws, copies of prospectus, or information of any description in relation to the Company may be obtained of the Secretary at the offices of the Company, Record Block, Rossland, B.C.

S. THORNTON LANGLEY, Sec.
