## STAMD NOTES．

Scott＇s catalogue to hand showing reduction of several Canadian stamps，the thought arises are Can－ adians having their due．We lately received from an English wholesale firm a duly signed and stamped offer for unused Jubilees as follows： 12－500 f． 4.15 ．o．1， $2,3,5,10.25$ ． per set used，held them over，we also received $\$ 6.00$ per 1000 cash， and know of $\$ 5.00$ per 1000 being paid，both of these varicties are catalogued at ic if they bring these prices wholesale they should list higher．Offer shows slight．Ad－ vance in unused Maple Leafs，used remaining about tric same．

Much comment has been made regarding seebecks，are not collect－ ions of unused stamps greatly to blame for the abuse made of these varictics．We do not deny that there are valuable stamps in unused conditions even then they have not to the old veteran who has dore stamp duty for his country which after running all risks comes out clean，bright and entirc．

The Secebcks come artistic，
showery and attractive and have done much to bring recruits to our ranks．While we do not as a rule approve of collecting unused stamps but in certain cases they are desir－ able and should at least fill the spaces alloted．Chenp and almost worthless varieties such as U．S．A． Rev．98．Certain Austria，Belguim， Bavaria，France，Sweeden，etc．

It is a wonder collectors have not raised a cry against the stamps of British colonies of late years simil－ iarity，very little difference being found in the Stamps of Antique， Bardadois，Cyprus，Nevis，St． Lucis，Turks Islands while others closely follow the type of Great Britain．Mexico is now out of the Postal union．Post office orders camot therefore be sent，bear this in mind it wiil save you trouble．

In mailing collectors should re－ member that there are collectors of entries and try to make the envelope as attractive as possible using such stamps as will be of most value to the receiver．We lately recelved a registered letter from U．S．on which were 4c．，2－1c．Omahas on back， 3－2c．red precisely of no value．Had writer used 4 c ．envelope and 8 c ． stamp，or 5 c ．envelope，and 2－ic． Omahas it would have shown more tact，for returns 1，2，3，Jubilee were used．An eutry that attracted our attention and showed much talk was a Salvador registeration of＇ 97 ， ${ }_{15} \mathrm{c}$ ．envelope， 24 c ．yellow， 30 c ． rose， 50 c ．purple，$\$ 100$ ．carmen brown all surchatged．Trace Cen－ tavas a complete set on one entire， that man was doing a brother col－ lector a good turn．
Detroit post office report for month ending Oct． 15 show the number of vessels passing to be 3，156．Number of pieces of mail delivered to them 29，536 with ro3ni collected．Oct． 12 in 12 Horne 103 vessels passed and 1,087 pieces of mail were tossed on board．
The president of the Provincial Saving Institution of Jersey City； N．J．has a milled edge silver dollar， 1,804 ，some folks claim this coin to be a myth．
Two minor varieties appear in our 2 on 3 surcharged stamps，one with a small n．the other with foot of 2 slanting to left，only one of each on each shect．
