

MONTREAL MINING EXCHANGE

MARKET CLOSES FIRM WITH A GOOD UNDERTONE — BUSINESS QUIET, WITH STEADY PRICES.

The tendency of the market at the close of the week is for firmness. Business was not in any way active, but sales that were made were transacted at steady prices.

The features of to-day's trading was the renewal of confidence exhibited by the holders of Canadian Gold Fields after having sold at 6 cents yesterday, it remained firm today, selling at 7½.

Montreal-London had a firmer undertone, and sold repeatedly at 41, 500 shares in the early trading selling at 40½.

Deer Trail was not quite so firm, it sold to the amount of 2500 shares at 17½. The last sale made was during the early part of the week when 7000 shares changed hands at 18.

Granby Smelter, one of the unlisted stocks, sold at 45, this is the best price of late, it sold at 44 yesterday.

The Dunsuir Syndicate is said to have assumed control of the Noble Five. The company is now incorporated under the laws of British Columbia.

The quantity of ore in the I. X. L. property is said to warrant the building of a spur to that property, shipping would then commence in earnest.

Rumors are again rife in regard to the cessation of the labor troubles in the Slocan district, how far this is correct it is almost impossible to say, we, however, think that it is premature to expect any definite settlement as yet. The report says that the Payne mine has arrived at an arrangement with the Miners' Union, by which orders have been given to supply the Payne mine with a full force of union men.
