THE Salvation Army Rescue Home, 11 Plateau street, Montreal.—Upon the recommendation of our physician, we have been using in our Home for the past six weeks Dyer's Improved Food for Infants. When we first began to use it the children were in a very sickly condition, cross and hard to manage. They are now well and thriving, and no trouble at all. We can truthfully recommend it to all mothers who have to feed their babies.—BESSIE WELLWOOD, Captain, Rescue Home.

WHAT a commodity! is the exclamation of everybody who uses our kindling wood. Sent to any address, six crates for a dollar. Pay on delivery. Send post card. Harvie & Co., 20 Sheppard street, or telephone 1570.

THE COBBAN MANUFACTURING CO.

AMONGST the manufacturing concerns of which Toronto is justly proud, the Cobban Company holds high rank. Beginning in a modest way a few years ago this concern has grown into a factory of vast proportions, and its fame as the headquarters for plate glass, mirrors, picture frames, mouldings, and the thousand and one articles in this line, has spread throughout the Dominion. Something like an adequate idea of the range of its business may be got by an examination of the mammoth catalogue just issued, and which is a most interesting publication. Whether you are likely to have business or not with the Cobban Co., send for one of these catalogues. It is well worth having, if only for the reproductions of the very attractive oleographs and art-objects which are handled by the firm.
