The Romback residence in Davenport, Ia., has just been purchased by the Sisters of the Sacred Heart. The price was \$100,000, and the two sisters who conducted the negotiations are from England. The order is not the same as the Ladies of the Sacred Heart, who confine themselves to teaching.

The crown of thorns which was brought by St. Louis from Constantinople, and which has remained intact notwithstanding all the convulsions of succeeding centuries, is regarded as the most precious relic possessed by the church of Notre Dame de Paris. Holy Family parish, in Chicago, is probably the largest parish in the country. It has about 25,000 Catholics. The New World says that it contains 5,000 Catholic families, and the responsibilities of the good priests can well be imagined. The church has 23 priests attending these 25,000 people, and 10 of them are exclusively engaged in active work among the people. During last year there were 325 marriages solemnized in the parish, and 1,200 children were baptized. The number of confessions heard was over 250,000.

According to the last official census, 64,317, out of the total Newfoundland population of 181,374 were Catholics, and a later census taken in their parishes by the priests puts the Catholic population at 78,900, most of them being of Irish birth or descent. There are, as is well known, three episcopal districts in Newfoundland, St. John's and Harbor Grace being bishoprics, and the western district forming a vicariate-apostolic, from which Dr. Howley was recently promoted to the bishopric of St. John's. The whole island is, moreover, as far as its hierarchy is concerned, directly subject to the Holy See.

The American hierarchy will have numerous representatives this month in the Eternal City. Cardinal Gibbons is to start for Rome as soon as he has participated in the celebration of Archbishop Williams' golden jubilee, and he will have as a travelling companion Bishop Foley of Detroit. Mgr. Seannell of Omaha and Cosgrove of Davenport have already started for the Holy See, and Bishop Shanley, with "some other prelates," are preparing to follow. Moreover,

there are some American bishops on the other side already, so that the American church will be well represented there this season.

INDIGESTION AND ITS TERRORS.

PAINE'S CELERY COMPOUND RESTORES PERFECT DIGESTIVE VIGOR.

Nature's Great Medicine Will Give You a Healthy and Natural Appetite, Pure Blood, a Clear Head and Sound Sleep.

The most miserable mortals in our communities are those who are weighed down by indigestion and cramp in the bowels. The digestive organs are all out of gear, and the sufferer is tormented every hour of the day. The greatest distress is experienced after eating; there is heaviness or weight in the pit of the stomach, almost continual headache, want of appetite, palpitation of the heart, sluggish and torpid bowels and constipation.

The common cathartics and medicines of the day only aggravate the sufferer's troubles, and cause him to sink deeper in the mire of suffering and despondency.

Nature's wonderful remedy, Paine's Celery Compound, is the only medicine now generally prescribed by the best physicians. It acts directly on the nerves, it cleanses the blood, and removes all obstructions and distressing matter from the digestive organs, and gives that perfect vigor of body that only the healthy can enjoy. After using Paine's Celery Compound, eating becomes a pleasure, sleep is natural and sound, and life is worth living.

Mrs. H. Cormack, of Halifax, N. S., who suffered for years, writes as follows: "It is with pleasure that I add my testimony to the value of Paine's Celery

Compound. For a number of years, I have suffered greatly from indigestion and palpitation of the heart. It was perfect misery for me to go up stairs or up a hill, as my breath was so short and weak; and eating a meal was something I dreaded, as I suffered such agony afterwards. I could only get temporary relief from doctors' medicines and remedies. Last summer my heart troubled me so frequently, that I became weak and miserable—so miserable that I felt life a burden. I had heard a great deal of Celery Compound but had no idea it would benefit me in any way. At last I was persuaded to try it, and by the time the first bottle was used I was greatly benefited. I have used five bottles of the Compound, and say with truth, that no other medicine has ever given me such wonderful results. The palpitation of the heart has not troubled me for some months; I can now eat a hearty meal, and do not experience any pain afterwards.

Paine's Celery Compound cannot be too highly spoken of, and I trust all who suffer from the complaints which I have had, will use it without delay or fear, for I am certain they will receive great benefits, and will soon be convinced that Celery Compound is the surest, safest, and best of remedies."
