

## 10. Telecommunications

The provision of telecommunications circuits, both land line and radio (including the assignment of frequencies) will be the subject of consultations between the U.S.C.G. and the D.O.T., having regard to the desirability of using existing circuits and, wherever possible, existing Canadian public circuits. The U.S.C.G. shall provide for communication links outside of Canada.

## 11. Ownership of Removable Property

The Government of the United States shall retain ownership of any removable property (including readily demountable structures) it provides or pays for in connection with the stations. The Government of the United States shall have the right to remove or dispose of all such property on termination of this agreement, or, to the extent it is no longer required for the operation of the stations, at other times. Removal or disposal of such United States Government property shall not be delayed beyond a reasonable time after the date upon which the operation of the stations has been discontinued. The disposal of United States Government excess property in Canada shall be carried out in accordance with the provisions of the agreement between the United States and Canada concerning the disposal of excess property, effected by Exchange of Notes at Ottawa on August 28, and September 1, 1961.<sup>(1)</sup>

## 12. Agreement between Cooperating Agencies

Subsidiary arrangements for the purpose of implementing this Agreement may be entered into by the Cooperating Agencies. Such subsidiary arrangements may be modified by the Cooperating Agencies as necessary from time to time, within the purposes of the present Agreement.

## 13. Protection of Wildlife and Objects of Historical Interest

No game, fish or wildlife shall be taken or molested by members of the construction force or personnel on the station staff, except as permitted by Canadian law.

No objects of archaeological interest or historical significance will be disturbed or removed from Canada.

## 14. Information

(a) The scientific and technical information derived by the appropriate authorities of each Government pursuant to this Agreement shall be made available to the appropriate authorities of the other Government.

(b) The public release of information concerning the matter of this Agreement will in all cases be subject to prior consultation and agreement between the appropriate authorities of the two Governments.
