

LADIES of pale complexion and consumptive habits, and such as are debilitated by those obstructions which Females are liable to, are restored, by the use of a bottle or two, to bloom and vigour.

THE number of Diseases mentioned above, as cured by this preparation of Sarsaparilla, may seem large; but we are, nevertheless, prepared to prove, by an extensive array of Certificates, that such is the fact. A fraction of the evidence we possess concerning such diseases, would be received before any Judicial tribunal as complete demonstration. It must be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin and causes; for they all spring directly or indirectly from a corrupt fountain. If the blood were in a pure, healthy, and active state, it would drive all these complaints from the system, and chronic diseases would be impossible.
