It seems strange that Mr. Sim who was understood to be represent ing the men, should have endeavored to upset their admission that they were quite satisfied about the wages. The World was fully assured on this point by representatives of the men, who stated that what they were really concerned about was the "conditions."

Mr. Simpson laid all the 'stress on the wages, however, in spite of the statement in The News, that the request for a ten per cent. increase was only a bluff, due to the fear of the men that their wages were going to be owered. As there was no thought of his, and as the men are satisfied with the proposed wage scale, Mr. Simpson's efforts do not seem so much directed towards peace as towards further proonging the debate.

In the appeal of the Campbellford and Lake Ontario Railway against the arbitrators' award of \$10,500 to Robert Hannah of the Township of Camden. the second appellate court, at Osgoode Hall, yesterday decreased the amount by \$750.

The railway expropriated certain lands belonging to Hannah for a right of way, and also a big gravel pit. After taking considerable gravel away the company found it was not suitable and they offered and continue to offer a reconveyance of the land thus expropriated. This was refused by Hannah, and when the matter was brought be-fore an amoitrator he was granted \$10,.

# Noteworthy Funeral Sermon Preached by Bishop Worrell of Nova Scotia.

HALIFAX, N.S., Nov. 16 .- The body of Sir Charles Tupper, formerly Prime Minister of Canada, and the last link with pre-confederation times, with all the impressiveness of a state funeral, was laid to rest in the quiet little cemetery of St. John's today, after the remains had been carried thru the streets of Halifax from St. Paul's Anglican Church, where a solemn ser-vice was held. The period of lying in state ended this morning, and during the twelve hours that the body was on view it is estimated that more than 10,000 people passed before it to look a last time at the peaceful fealook a last time at the peaceful fea-tures of the aged statesman, lying in the plain oak casket, shrouded Union Jack.
