Secretary M. F.

" This Constitution accepted and approved: as witness my Hand and Seal, this fourth day of December, in the year of our Lord, one thousand eight hundred and fifty.

" JOHN TORONTO."

The late period at which these arrangements were completed, rendered it highly improbable that any number of students would avail themselves of the opportunity and advantages thus opened up to them during this session: still it is gratifying to find that ten gentlemen have entered the several classes, and are pursuing their studies with an assiduity and attention which augur well for their own proficiency and the credit of the University.

Most convenient and commodious rooms have been obtained in the building formerly occupied as a gaol, where the following courses of lectures are given at the stated hours and on the appointed days, viz.:

Materia Medica and Therapeutics, including Pharmaceutical Chemistry: by Dr. Hallowell. Five days in the week, at 9, a. m.
