TWENTY-SEVENTH YEAR

MUNICIPAL LIGHT SCHEME IS BEATEN BY GOOD VOTE

Public Confidence Weakened by Silence of Council and Negotiations With Bell Company.

COMPLICATED.

The Fort Hope municipal lighting bylaw, which was defeated by 75 votes, Public confidence in the scheme was weakened by the council, withholding plans, and by the belief that the council was ready to grant the Bell Telephone Company an exclusive franchise in return for the use of their pole lines for municipal light wires. The vote was, therefore, not on the merits of municipal ownership.

Port Hope, July 4.—(Special.)—The municipal lighting bylaw, submitted to-day to Fort Hope property owners, was defeated by a vote of 210 to 135, an adverse majority of 75, but the result marks rather an ignominious defeat of the Bell Telephone Company than a pronouncement against a municipal plant.

The agitation for a municipal plant arose last year thru friction between the Port Hope Electric Light and Power Company and the council. About a year ago the Electric Light Company notified the council of its desire to terminate the street lighting contract in six months' time, and rather than submit to an increase in rates under a new contract, the council considered as an alternative the installation of a municipal lighting system, for which estimates were secured. As the company's pole franchise expired concurrently with the cancellation of the street lighting contract, the council notified the company to remove its poles and other property from the highways when the agreement ceased, but subsequently the town came to a temporary understanding with the company.

At the beginning of the present year there followed another rupture, occasioned by what was generally considered as a second hold-up of the town by the company, and as a result, Fort Hope's streets were plunged in darkness for some months by the shutting off of the lights by the company. A special bill, which at the time was popularly considered as a wise measure of relief, and which met with strenuous opposition from the company, was secured at the last session of the provincial legislature, for the purpose of authorizing the expenditure of \$100,000 for the installation of a municipal plant, but in the meantime local complications of a different nature arose, resulting in to-day's defeat of the bylaw.

Bel in It. Emissaries of the Bell Company entered into negotiations with the town council, and as a bait for an exclusive franchise whereby to shut out the Hope-Clarke Townships Farmers' Telephone Company, offered to the town the use of the Bell poles for the proposed municipal lighting system, together with a fire alarm system and several free telephones. The exposure by The World and by correspondence in the local press of the Bell lobby to annihilate the local farmers' lines aroused public sentiment and killed the seductive proposition and supported by public opinion, the application of the farmers' line for entrance to Fort Hope then received the more favorable consideration of the council.

Public confidence in the municipal bill, however, weakened as time went on thru the continued unbusiness-like silence of the council regarding their plans for the municipal plant, and that the Bell people were still behind the scenes was used to good advantage by the light company to kill the bylaw.

In addition to this general indifference, to lack of information from the town until the last minute, and other minor causes may be attributed the result of to-day's poll.

In an interview this evening Mayor Chalk stated that had the bylaw been carried the Bell Company's poles would not have been utilized. He could not express an opinion regarding the lighting situation and thought it was now a matter for the future to decide.

Laurier Hesitates to Pass Sunday Law Will Likely Repeal Piche Amendment

Second Thoughts Seem to Favor Giving Provincial Legislatures More Power to Deal With Observance of Sabbath.

Ottawa, July 4.—(Special.)—Sir Wilfrid Laurier got the house in supply at 11 o'clock this morning and kept it bottled up until late tonight, thus sidetracking the Sunday bill.

Meanwhile the government has been busy, and its policy will be evident to-morrow. It is certain that the Piche amendment will be repealed, but some other affirmative measure will be passed as a government measure to satisfy the insurgents from Quebec.

It is difficult to know just what the result will be. The best information points to a re-enactment of the Piche amendment so as to exempt Sunday parks and other amusements. The Free Press, however, makes the following announcement:

"The Free Press understands that before the Sabbath observance bill is given its third reading, a clause may be inserted providing that the act SHALL NOT BE EFFECTIVE IN ANY PROVINCE UNTIL IT HAS BEEN RATIFIED BY THE LOCAL LEGISLATURE. The government, it is rumored, is willing to make the concession in view of the strong opposition to the measure which has been developed in Quebec."

A proposal to withdraw the bill altogether and next session take steps to procure an amendment to the British North America Act, making it clear that the provinces have power to pass Lord's Day legislation, has, it is said, also been considered by the government.

The alternative proposal above referred to follows the lines suggested in the house by W. F. Maclean (South York).

NOT A WISE MOVE.

No Reason to Close Grain Exchange on Fourth of July.

Montreal, July 4.—(Special.)—Referring to the closing of the Winnipeg grain exchange on the 4th of July, F. W. Thompson, vice-president and managing director of the Ogilvie Flour Mills Co., Ltd., said to-day that such an act was really a new departure in Canada and hardly in keeping with our national sentiment. He added:

"I certainly do not approve of this move, and while I yield to no one in my personal admiration for the American people, I cannot conceive why our daily business should be interfered with by keeping foreign holidays. We have enough of our own, and as a matter of fact the present and future market for Canadian breadstuffs is the empire and not the United States; consequently we should be a good deal more interested in English holidays than those over the border."

DANE WILL BE "IT."

Controllers Will Recommend Him for Commissioner.

The deadlock amongst the controllers regarding a nominee for the appointment of a commissioner of industries and publicity has been broken, and the name of Fred Dane will go to the council.

This is the result of the mayor and controllers feeling the pulse of a number of the aldermen during yesterday's holiday outing.

The mayor stated that Mr. Dane would be the choice.

OUTBREAK PLANNED.

Report of Parliamentary Commission on Bialystok Massacres.

St. Petersburg, July 4.—A point strongly brought out in the parliamentary report on the massacre of Jews at Bialystok, is that there was no religious hatred of the Jews among the peaceful Russian population. The fighting was confined to the police, troops and black hundreds on one side and the Jews and revolutionists on the other.

The parliamentary commission found overwhelming evidence that the outbreak was deliberately prepared. "The commission cites proof on every hand that after the rioting was started it was directed by the police and supported by the troops, who fired only at Jews and Jewish houses."

Seized the Explosives. Kostrama, European Russia, July 4.—A number of armed revolutionists yesterday took possession of a steamboat which was transporting ammunition, and carried off the explosives including 350 pounds of dynamite.

Round-Up of Terrorists. Moscow, July 4.—A band of terrorists, consisting of 35 young men, with a full equipment of bombs and revolvers, have been captured by the police here.

A MIDNIGHT BLAZE.

Fire at midnight in a stable in rear of 245 Yonge-street gave the downtown firemen a few minutes' work. A horse and an automobile were taken out without having been damaged. The stable is occupied by W. J. Bolus. Incendiarism is suspected as, at 10.30, there was no sign of fire in the place.

HALTING

The government will undoubtedly further amend the Sunday bill, probably in one of these directions: That Sunday law shall not be effective until it has been ratified by the local legislature.

That it be withdrawn and next session take steps to procure an amendment to the B.N.A. Act, making it clear that the provinces have power to pass Lord's Day legislation.

That the Piche amendment be further amended by exempting Sunday parks and other amusements. The Piche amendment, as adopted Friday, provides that: "It shall not be lawful for any person, on the Lord's Day, except as provided herein, or in any provincial act, now or hereafter in force, regarding matters coming within the classes of subjects enumerated in section 92 of the British North America Act, to sell or offer for sale, or purchase, any goods, chattels, or other personal property, or any real estate, or to carry on or transact any business of his ordinary calling, or in connection with such calling, or for gain, to do or employ any other person to do on that day any work, business or labor."

Vested Right in Pension Protest Against Repeal

Privy Councillors Say It Would Be Breach of Faith—Senate is Lobbied to Defeat the Measure.

Montreal, July 4.—(Special.)—There is a despatch in The Star to-night from Ottawa, covering three columns, giving the text of a protest addressed to the governor-in-council at Ottawa from Sir Adolphe Caron in his own behalf, and of his co-pensioners, against the repeal of the pensions to privy councillors. Hon. Mr. Tarte of La Patrie has been at Ottawa all week lobbying in the same direction.

They claim that they have a vested right, and that it would be a breach of faith for parliament to repeal a pension once given.

A gentleman who came here to-night from the capital says that there is a decided effort being made to induce the senate to throw out the bill repealing the pensions, and that this movement may even have the secret support of the government, notwithstanding that the bill is opposed by the commonsense in the popular chamber with a rush.

The senate is being lobbied now to do this.

FIREBUG TO HIDE THEFT WIFE GIVES THE ALARM

Curious Combination of Circumstances Alleged in Connection With Pickering Blaze.

Whitby, July 4.—(Special.)—Charged with having set fire to a building in order to conceal speculations from lodge funds, Fred Law of Pickering is under arrest here. He will be brought before a magistrate to-morrow afternoon. The endeavor of the prisoner's wife to prevent a catastrophe led to the arrest.

The Lodge of Oddfellows at Pickering occupy quarters in Dale's Hall, which is situated in the two-story brick building, on the ground floor of which is the Pickering News. About 1 o'clock an employee of The News was awakened by Mrs. Law, and noticed that there was a fire in the building. The fire brigade was summoned and the blaze extinguished, the loss being about \$200.

The circumstances being suspicious, Chief Constable Bell of Whitby was sent for and he reached Pickering at 4 o'clock.

As a result of his enquiries he took Law in charge. Law is about 30 years of age and is a mill hand. Lodge books were found in his house, which it is said should have been in the lodge room, and which would indicate that Law is about \$100 to the bad. This is assumed to provide a motive for firing the place. It is further assumed that arriving home, he confided his actions to his wife, who at once set out to prevent damage.

Members of the family of Mr. Chapman, who has a hardware store adjoining the hall, would have been in danger had the fire got serious headway.

W. Harper, Customs Broker, 5 Melinda St.

WINSTON CHURCHILL ASKED TO OPEN TORONTO'S FAIR

Has Been Compelled to Refuse—Canadian M.P. May Be Invited to Come.

London, July 4.—(Via New York.)—(Special.)—The National Exhibition, thru Dr. Orr, manager, Toronto, has asked Winston Churchill, M.P., under-secretary for the colonies, to go to Canada and open the fair.

Mr. Churchill has taken some time to consider the invitation, but has at last been compelled reluctantly to decline owing to his exhaustion, due to the pressing work of the session that will necessitate his spending the next few months in committee work.

It is now said that one of the prominent Canadians, now in the house of commons, will be asked to take Mr. Churchill's place on the program of the Toronto Industrial Exhibition.

Mr. Hyman did not think that this could be the order referred to. On second thought, he doubted if any formal order had ever been made.

Then Mr. Emerson came to the rescue. He cared nothing about the order, but he cared for the people of the country, and he was determined to do his duty.

ROY ASSUMES ALL BLAME ASKS FOR DEATH SENTENCE

Russian Admiral Makes Manly Effort to Save Survivors of His Staff.

Kronstadt, July 4.—In a manly effort to save the surviving members of his staff and the other officers, who he believed surrendered the gunboat Bedovi on account of their affection for their wounded commander and their desire to save his life, Admiral Rojstevsky yesterday pleaded guilty before a court-martial.

In a short speech to the court, the admiral declared that he took all the blame on his own shoulders, and asked that he alone be punished to the fullest extent of the law, virtually an appeal for condemnation and death, which the court accepted.

All the other defendants pleaded not guilty.

NO MORE EMPRESSES YET.

C.P.R. Will See What Present Ships Can Do First.

Montreal, July 4.—(Special.)—"We are working harmoniously with the Atlantic Line and giving a pretty good service. This, however, will be made still more efficient as the circumstances require."

So declared Sir Thomas Shaughnessy during a brief talk yesterday on the future of the company on land and water. In the first place, the president denied that the Canadian Pacific had any immediate intention to order two or more additional steamers, larger or of equal size to the Empresses, for the Atlantic service, or to put two new boats on the Pacific. He had no idea who originated these reports, which had of late gone the rounds of the press. They had certainly not been given out at headquarters. With the Allan Line the C. P. R. boats were giving a good mail service, and after carefully watching the Empress of Britain and Empress of Ireland, and finding out their qualities, the company would then be in a position to intelligently map out plans for the future.

ON HIS WAY.

London, July 4.—(C. A. P.)—R. Grieg left England on Tuesday on his commercial mission to Canada.

WOULD DEplete WELLAND POWER BILL THROWN OUT

Real Purpose of Western Power Co.'s Bill Revealed and Government Backs Down.

Ottawa, July 4.—(Special.)—An attempt to divert Lake Erie water and to exploit the public works of Canada for the benefit of a private corporation, was held up in the house to-night. The government opposed the measure ostensibly in the public interest, although it is a fair surmise that other influences were brought to bear.

The bill, which had passed the senate, and had been reported by the private bills committee, sought to incorporate the Grand River and Western Power Co. Its real purpose and effect was pointed out by W. F. Maclean (South York). The Grand River was to be the ostensible source or supply, but the scheme was to divert the water from Lake Erie. One direct result would be to deplete the Welland Canal. That was already being done on a considerable scale by the Cataract Power Co. There was a systematic effort to divert Niagara power with franchises. It was high time that the government adopted and maintained some definite policy.

NO FURTHER CONCESSIONS.

Mr. Hyman stated the government would oppose the bill. The International Waterways Commission had recommended that the respective governments grant no further franchises for water powers, and there has been an order in council adopting this policy. Indirectly, this scheme would affect the waters of Lake Erie and might deplete a feeder of the Welland Canal.

R. L. Borden asked to see the order in council. He suggested that rumors about respecting the opposition from some members of the government. It was said that they were interested in a rival company.

Mr. Hyman did not produce the order in council, and Sir Wilfrid Laurier, upon being appealed to could not recall the order. Still he suggested that he signed many orders and could not be expected to remember all of them.

W. F. Maclean appealed to the well-known rule that a minister who justifies his course by reference to a public document must lay the same on the table.

Mr. Boyce (West Algoma) quoted from a letter sent by Mr. Hyman to Premier Whitney, enclosing an order respecting the diversion of water from Lake Superior.

Hyman's Second Thoughts. Mr. Hyman did not think that this could be the order referred to. On second thought, he doubted if any formal order had ever been made.

Then Mr. Emerson came to the rescue. He cared nothing about the order, but he cared for the people of the country, and he was determined to do his duty.

OVER A MILE A MINUTE.

Inquiry Into Salisbury Wreck Begun by Board of Trade.

(Canadian Associated Press Cable.) Salisbury, Eng., July 4.—The board of trade enquiry into the wreck of the Plymouth Steamer Express on July 1 formally has begun. It will be thorough, and all the expert testimony possible will be taken.

The police have been informed by one of the relatives of a person killed that a large sum of money was stolen at the time of the disaster.

Unofficially, it was learned to-day that the time in which the boat train should cover the 115 miles to London is 115 minutes.

Krupp's Daughter to Wed.

Essen, Prussia, July 4.—The engagement is announced of Barbara Krupp, the younger daughter of the late owner of the great iron works, Frederick Alfred Krupp, to Baron Tilo von Wilmowski, son of the governor of Prussian Saxony.

PRESIDENT LOUDON'S POSITION.

The Ontario government is prepared, when the time comes, to retire President Loudon of Toronto University, on an allowance equal to his present salary, namely, \$5600.

It is hoped by the board of governors of the university that President Loudon will remain in his present position until his successor is found. But President Loudon is not in robust health and may find it in accordance with the advice of his physician to go abroad before the board has fixed upon a new president.

This would be a misfortune, is the opinion in university circles, for now is the time at which the thorough knowledge of university affairs possessed by President Loudon could be utilized by the board of governors to great advantage.

It is quite on the boards that President Loudon may ask to be relieved sooner than anyone expects.

OFFICER'S HAND BLOWN OFF BY A GIANT FIRE CRACKER

Buffalo Policeman Puts Explosive Under Chair to "Scare" His Fellows.

Buffalo, July 4.—Charles D. Fuller, a policeman, had his right hand blown off by a giant fire-cracker to-night. Fuller placed a five-inch cracker under a table where several officers were sitting. It failed to go off at once and Fuller picked it up. Just as he did so the explosion occurred. His hand, from the wrist down, was torn to shreds.

"FOURTH" MISAPPS.

Syracuse, N. Y., July 4.—A giant firecracker, which prematurely exploded, blew off the thumb and index finger of the right hand of Michael Moran of Spittrock last night. Michael Velleo was shot thru a finger while playing with a revolver. The faces of Herbert Cable, Thomas Hewitt and Bernard Brown (boys) were badly burned by the explosion.

Unexpectedly, the 4th is unusually quiet, however, the police having been ordered to enforce the ordinances strictly against the use of fireworks.

The 4th is unusually quiet, however, the police having been ordered to enforce the ordinances strictly against the use of fireworks.

THE FOURTH IN LONDON.

London, July 4.—Three thousand persons, mostly Americans, attended the 4th of July reception at the American embassy, Dorchester House, which was beautifully decorated with flowers. The lawn was covered with awnings and tents flying the American colors. Ambassador Whiteley, Field and Mrs. Reg. assisted by Congressman Nicholas Longworth and Mrs. Longworth, received the guests.

NO NOISE. Burlington, Vt., July 4.—In accordance with an order issued by Mayor Burke, every dealer in the city yesterday was forbidden by the police to sell fire-crackers or fireworks of any kind until the Fourth had passed. The use of all kinds of fireworks on the streets or commons of the city to-day was also forbidden.

BOY CELEBRANT HURT.

Ed. Yohoe, the four-year-old son of Edward Yohoe of Pittsburgh, who arrived in the city on Tuesday evening en route to Muskoka, went down with his father and some other tourists from the other side to have an early morning celebration at Bayside Park. The boy seized a cannon-cracker just as it went off. His right hand was badly lacerated. His face was also burned.

IN WINNIPEG.

Winnipeg, July 4.—Over six thousand Americans and their friends celebrated the fourth here to-day. A feature of the events was a magnificent display of fireworks in the evening.

IN LONDON.

London, July 4.—William J. Bryan was the central figure at the Independence Day dinner of the American Society at the Hotel Cecil to-night. Nearly 500 members and guests shared patriotic sentiments with zest born of exile.

Chairman W. F. Jones proposed the health of King Edward, and Hamar Greenwood, president of the Canadian Society and member of parliament for the City of York, proposed the health of President Roosevelt.

FIVE BOYS KILLED.

Wilkes-Barre, Pa., July 4.—Five boys were killed and nine injured by a dynamite explosion at Wanamie, near here, to-night.

MARRIAGES.

CROMBIE-ATKINS—At Paris, Ont., on Monday, June 25th, by the Rev. Canon Brown, of St. James' Church, Hilda Atkins, daughter of G. T. Atkins, to Edward R. Crombie of Almonte, Ont.

DEATHS.

Cutbert—At St. Michael's Hospital, John Cutbert, in his 60th year.

Funeral from his late residence, 13 Alice-street, on Saturday, July 7, at 2 o'clock, to Mount Pleasant Cemetery. Friends and acquaintances kindly accept this intimation.

McKELVEY—Accidentally killed on Tuesday evening, July 3, 1906, Patrick McKelvey, aged 50 years.

Funeral Friday, July 6, 1906, at 8.30 a.m. from the residence of his brother-in-law, Patrick McDonald, corner of Garden and Sunnyside-avenues, to Holy Family Church, thence to Mount Hope Cemetery.

COBALT MINERS RESOLVE THAT LAW NEEDS CHANGE

Representatives of Mass Meetings Will Interview Government on Friday.

Cobalt, July 4.—(Special.)—Cobalt miners and prospectors last night in mass meeting, resolved:

That no applications be received for a mining claim that is already staked out and applied for until such time as the first application is disposed of.

That the recording office for ownership in Coleman be established in Cobalt and provision made for private intercourse with the recorder.

That the number of inspectors be increased to facilitate inspections.

That when a claim is inspected and turned down, if applicant has expended or worked to the extent of \$250, the inspector may grant a working permit to pay the applicant.

That the government divide that part of the Cobalt timber limit, when the timber is removed, into ten acre lots, on lease or royalty, and throw open the balance of the limit to prospectors.

That a fully equipped assay office be established here.

The Latchford, Halesbury and Lislehead meetings resolved that the law in regard to inspection in this district is unfair in its operation and has led to the grossest injustice; that it should be amended in order to give every applicant the exclusive right of prospecting a location for ninety days, and that this exclusive right should be granted on applying and continue as long as the applicant complies with working conditions. The duties of inspectors should be limited to seeing working conditions complied with and protecting the licensee during the period as he may require to prospect the location up to the point of making a discovery of valuable ore or mineral in place.

Measures, Beales, Brown, Boulton, Black, Maden, Tarrill and Jacobs were chosen as delegates to interview the government on Friday.

MISS GIBBON LOSES.

Judge Sharply Criticizes Girl Who Sues Old Man.

St. John, N. B., July 4.—(Special.)—Judgment was given by Mr. Justice McLeod this afternoon in Gibbon v. Rowley, the breach of promise suit. The judge gave a verdict for the defendant. He declared the girl wanted the money before marriage, that she refused to give it to him, and that then she broke off the marriage.

Miss Gibbon was 28 years of age, and the breach of promise suit. The judge gave a verdict for the defendant. He declared the girl wanted the money before marriage, that she refused to give it to him, and that then she broke off the marriage.

NOW DON'T YOU NEED A CAP LIKE THIS?

There is the kind of cap that is worn by persons who like this kind of a cap. It is also the style of a cap persons who usually prefer hats. It is the ideal hat for the summer time. It is the ideal hat for the summer time. It is the ideal hat for the summer time.
