Don't Worry, But Eat Good Food

One Absolute Essential for Good Health Which it Pays to Think

People should think soberly on the food question, which is more important than any other affecting the general welfare. Bathing, exercise and plenty of fresh air are great blessings, but the nourishment of good food alone can support the body in perfect health. The earth produces but one foodstuff which represents every element of perfect nu-trition in the exact proportion required by man for vigorous health and strength from childhood to old age. That foodstuff is what is used in mak-in; Malta-Vita. It is wheat, which one profound writer says is "the response of nature to her children asking for fcod." Its use as food is older than history. Because of its richness in carbohydrates (food elements which give vital energy) it is classed by food authorities as a "force producer," something which everybody needs. The most perfect wheat food, the greatest energy-making food, is Malta-Vita, made of choicest whole white wheat, thoroughly cleaned, steamed, mixed with finest barley malt extract, flaked

and baked in absolute purity.
In the exclusive Malta-Vita process In the exclusive Malta-Vita process the starch of wheat is converted by the diastase of malt extract into maltestate of maltestate into maltestate of maltestate into maltestate of maltestate into maltestate of ma tose, a nutritive element of high value, which quickly assimilates without overtaxing the weakest digestion. It is immediately absorbed by the blood, and its rich, invigorating nourishment is promptly carried to every part of Broadview 2 Ail Saints

Malta-Vita supplies all the natural elements required to feed muscles, nerves and bones. Almost predigested, it is acceptable to any stomach and is quickly converted into brain and bodily strength without causing the slightest distress. Malta-Vita is not only the finest, cleanest and most easily digested of all foods, but it combines the delicious taste of rich, nutbrown wheat flakes with the natural, delicate sweet of maltose (malt sugar), so pleasing alike to old and young.
