

A RENOVATED HUSBAND

A Thankful Letter from a Wife Who Reformed a Dissipated Husband With Tasteless Samaria Prescription.

She Says: "To-day He is a Perfect Man."

"I don't know how to express my gratitude to the Samaria prescription which you sent me some weeks ago. It has produced astonishing effects on my husband. My pen cannot express the feelings of gratitude I have. We owe to you my husband's life, who was a wreck in health and in business. To-day he is a perfect man, which he has not been for the last three years on account of the drink habit. Enclosed find money order for another treatment for a friend's husband, whose case is quite similar to my own husband's case."—Madame A. Villeneuve.

YOUNG MEN GO WEST.

Ontario Being Depleted for Manitoba's Benefit.

These are busy days around the Union Station. The tide of travel is flowing to the westward. The trains bound for the land of the setting sun are crowded daily, and it is quite an ordinary occurrence for the trains to be sent away in two sections.

The bountiful harvest in Manitoba and the Northwest Territories last year has set the whole of the Dominion thinking, said a prominent C.P.R. official to The World yesterday. A few years ago that western country was thought to be a white elephant on the hands of the Dominion, but a wonderful change of opinion has taken place. The great Northwest is now the objective point of the man with little capital, but brains and muscle. It is the granary of the empire, the promised land of the wheat king.

"Ontario is losing her young men, her strong young men," said another official, but Ontario's loss is Manitoba's gain, and we must now look to that western country as a sure market for our manufactures. That is our only recompense for the drainage of our fresh young blood."

Aftermath of Railway Accidents.

Canadian Pacific Railway officials are very active in regard to the responsibility for the fatal collision at Ilderton Monday. Operator Pennell, who was on duty at Cookville when the accident occurred, has been suspended, pending the investigation. Superintendent Alfred Price is ill, and the inquiry will not be held until his convalescence.

No fault is apparently being found with the verdict of the jurors in the Oakville accident of the C.T.R. by the officials and the careless employees will be discharged, a fact which has been taken two or three already.

Soloists in City Chorus.

Recent choir appointments include: Miss Clara Clarke, soprano, Central Presbyterian Church; Miss Stella Shields, soprano, Grace Church; Miss Marie Mair, soprano, Chalmers Presbyterian Church; Miss Mary Hough, contralto, Queen's Street Methodist Church; Miss Bertha Kerr, contralto, First Unitarian Church. These ladies are all pupils of E. W. Schuch, the well-known singing master. Other successful pupils of Mr. Schuch are Mrs. W. B. Hall and Miss Mary Lipscombe, who have been engaged for extended concert tours.

Had Good Time.

The twenty-first anniversary of the Prince of Wales Lodge L.O.O.F., was celebrated Tuesday evening by a concert and an at home, in their lecture room, corner Northcote Avenue and Queen Street. The chair was occupied by Mr. John Fawcett, and the entertainment program was contributed to by J. Robson, Frederick H. Curtis, J. Davis Kennedy, Miss Higgins, W. Jackson, Miss P. Galbraith and Charles Bavage.

"To Err is Human."

The charge of criminal libel brought by A. F. Loh of the City Solicitor's Department against John McGraw's barrister, arising out of a letter to the press over the latter's signature, reflecting on the city's conduct of the suit against the Gas Company, has ended happily. Mr. McGraw apologized for having made the statements complained of, as having done so through error and misunderstanding of facts. The charge was thereupon withdrawn.

To Make Red Cheeks.

A little red, a little white, delicately blended. That's one way. Here's a better: Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure. Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

ROUTLEDGE WASN'T TOUCHED

East Middlesex Petition Dismissed and Liberal Member is Secure.

JUDGMENT AS TO TREATING

Irregularity in Filing North Grey Petition Results in Its Dismissal, Too.

The East Middlesex election petition against the return of Dr. George A. Routledge, Liberal, was yesterday dismissed by Justice MacLennan, and Chief Justice Falconbridge. The North Grey petition has also been dismissed by Justice MacLennan, and A. G. McKay can be safely counted upon when Premier Ross needs his help in the present crisis.

In the East Middlesex petition, the Conservatives failed on every one of the 135 charges entered. There can be no appeal, either, the rules not permitting an appeal when the petition fails. The judgment holds that neither separately nor collectively was corrupt intent shown in any instance which was proved either on the part of the respondent or his agents. The petition is therefore dismissed with costs. After dismissing a number of trivial charges of treating, this interesting judgment is recorded.

As to Treating.

"It was very earnestly and forcibly argued on behalf of the petitioner that the instances of which the respondent and his agent Vining had in fact treated in the course of the campaign, and the considerable sum which he admitted to have spent in that way, constituted an extensive or general treating within section 102, and that the prima facie effect of that had not been rebutted. We are, however, of a different opinion. The respondent is in possession of a large country practice and therefore constantly on the road. He is also a horse fancier, and also an abstainer from liquor, a great consumer of cigars. It was not disputed that while on the road he was in the constant habit of treating. He seems to have asked his solicitor whether he might continue that habit, and was advised by him that there was no law against it. The respondent therefore continued his usual habit. No Corrupt Intention Shown.

This was unfortunate, for it has resulted in this tedious trial. We have already said that extensive and general treating is only prima facie corrupt, and may, in fact, be perfectly innocent, and that a previous habit of treating is an important consideration in determining whether it is corrupt or not. Here the respondent had been in this habit, and simply continued it for a certain time, and there is only a single witness who says that on any occasion reference was made to the election. How different this case is from the West Wellington case, where the candidate, who had not had the previous habit of treating, was shown to have acted in no numerous cases while actually canvassing the persons who were being treated and discussing the election with them."

McKay is Safe.

In the North Grey petition, there were two petitions before the court, one by the respondent to have the petition set aside, and the other a motion by the petitioner, G. M. McKay, for the dismissal of the petition with the local registrar. It was the omission to leave copy of the petition at the proper time with the registrar that caused the dismissal.

A True Story.

A Toronto gentleman while traveling in Germany was taken with a severe attack of rheumatism and made all haste to Kreuznach, the celebrated German Anti-Rheumatic Mineral Springs. After describing his symptoms to the medical attendant of the leading sanatorium, he was told that while he would undoubtedly be benefited by the Kreuznach water, there was a spring in North America at a little town called St. Catharines that was just double the strength, and therefore, better suited for his peculiar symptoms. In fact, he said: "It is the best in the world." The Canadian tourist said: "Why, I live within thirty miles of St. Catharines." "Well, you had better go right back home then," replied the doctor, "as you wish to do the best for yourself."

Around the Schools.

The Central League of School Art has issued invitations to an exhibition of pictures in the rooms of the Ontario Society of Artists on Saturday evening, March 21, at 8. The program for the forty-second annual meeting of the Ontario Educational Association, to be held for three days, April 14, 15, 16, in the University Hall. Preparations are about completed for the teachers' annual convention, which will be held in the city on Friday and Saturday of this week.

Too Poor to Pay Taxes.

New York, March 18.—Alfred Guyon Vanderhulst, assessed for personal property valued at \$275,000, and his wife, assessed for \$150,000, obtained today a large reduction by claiming that the valuation was excessive, and that their legal place of residence is Newport, R.I.

Will Ratify Cuban Treaty.

Washington, March 18.—The Senate has agreed to vote on ratification of the Cuban treaty at 3 p.m. to-morrow. There is no doubt of its ratification. The Senate will adjourn late in the afternoon.

MRS. HULDA JAKEMAN,

Wife of the President of the Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound for Woman's Periodic Pains.

Lydia E. Pinkham's Vegetable Compound for Woman's Periodic Pains.

Surely the great volume of letters we are constantly publishing from women made strong and well by Lydia E. Pinkham's Vegetable Compound must convince all women of the value of this famous medicine. Does anyone suppose that the young wife of President Jakeman, whose portrait we are permitted to publish, would allow us this great privilege if she had not been so overjoyed at her own recovery that she now wants to be of service to her suffering sisters? No, indeed! no money can purchase such testimony, only a grateful heart full of a desire to help other sufferers could induce a young woman of such high social position to allow her name to be used in connection with any remedy.

Now it is possible for us to make it plain that Lydia E. Pinkham's Vegetable Compound will positively help all sick women. All women are constituted alike, rich and poor, high and low, all suffer from the same organic troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and no hope for the future when there is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering—all womb and ovarian troubles and all the ills peculiar to women.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. Address is Lynn, Mass.; her advice is free and always helpful.

MRS. HULDA JAKEMAN, of Salt Lake City.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of days in bed with intense pain and suffering. I was under the physicians' care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, MRS. HULDA JAKEMAN, Salt Lake City, Utah."

O, my sisters, I do pray you to profit by Mrs. Jakeman's experience. Just surely as she was cured of the troubles enumerated in her letter, just surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonials, taken from a genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

AT THE THEATRES.

Princess.—Rice's "Show Girl," first come, first served. Grand.—"Shore Acres," sweet pastoral. Grand.—"Where Women S.N.," new melodrama. Grand.—"The House of the Living Dead," new melodrama. Grand.—"The House of the Living Dead," new melodrama.

It is refreshing to know that after all a really good dramatic production does come. Since the success of the "Show Girl," there is no doubt that the "House of the Living Dead" is a masterpiece of the kind. The fact that Toronto theatregoers are so much interested in the production of Mr. Small in arranging for a return engagement is shown in the demand that there is for seats.

"Miss Simplicity," with its delightful music, is a masterpiece of the kind. The fact that Toronto theatregoers are so much interested in the production of Mr. Small in arranging for a return engagement is shown in the demand that there is for seats.

Will Get Over-Time.

The Dominion Transport Company have decided to pay their men for overtime after 42 1/2 hours each day, as the rush of work keeps them engaged unusually late. At the same time, both the men and the company would like shippers to get their stuff out as early each day as possible. The men would rather have their evenings at home than have the extra amount.

YOU ARE WEAK Instead of Strong

Not exactly sick, but weary, worn out, and depressed—lacking in vigor and strength. Your blood is thin and watery, probably impure, and doesn't nourish the body. You require a tonic that will brace the nerves, stimulate appetite, improve digestion and circulation, aid assimilation of food, and bring sound, restful sleep. The best tonic is Ferrozone. It restores weak people to perfect health—drives away disease and gives to the sufferer a reserve of strength and energy.

IRONIZE THE BLOOD FERROZONE

Ferrozone is a splendid remedy for the blood and nerves. It purifies and enriches the blood, and fills it with power to nourish the enfeebled energies. The reconstructive and recuperative powers of Ferrozone are unequalled, and with its regular use come vigor and strength to fight the battles of life. Don't live in a half dead state—try Ferrozone; the result will be a good appetite, healthy digestion, strong blood, restful sleep, and presto!—before long your wonted vigor of body and mind will return. Refuse a substitute for Ferrozone, which costs 50 cents per box, or six boxes for \$2.50, at druggists, or mailed to any address by THE FERROZONE COMPANY, Kingston, Ont.

MARKED MONEY.

INCREASED VALUE OF CANADIAN COINS.

Everyone is Looking for Coins stamped with the Dunlop Trade Mark.

A new way on Yonge-street is said today. A few weeks ago he received in payment for a paper a five-cent piece with a well-known trade mark stamped on its face—he passed it on in change to some of his customers. Now he has found out that that trade mark increases the value of everything on which it is placed; it increased the value of that coin to one dollar. He is now looking for more silver like it, almost everybody else is watching for it, too. Perhaps you have one of these coins in your pocket now.

Money has always had an absorbing interest for human beings. Some are born with it in abundance, others acquire it, and yet others have it thrust upon them; all are interested in the game of gathering quantities of it together. But since the announcement of the Dunlop Tire Company in last Saturday's paper, interest in Canadian coins has greatly increased. No one will let go of a fifty-cent piece, quarter, or dime, unless he has first seen the Dunlop Rubber Tire Company—a pair of uplifted hands.

The Dunlop Tire Company advertisement of last week of how 171 of these coins were placed in circulation a few weeks ago, and that the company would pay big sums for their return. One fifty-cent piece was sent which was worth \$100 to the one who returns it to the company, and the finder will also receive a Dunlop Rubber Tire Mat. The fortunate holders of the twenty-five-cent pieces will receive \$5 and a pair of Dunlop bicycle tires each worth \$100 to the one who returns it to the company, and the finder will also receive a Dunlop Rubber Tire Mat. The fortunate holders of the twenty-five-cent pieces will receive \$5 and a pair of Dunlop bicycle tires each worth \$100 to the one who returns it to the company, and the finder will also receive a Dunlop Rubber Tire Mat.

It would be of great interest, if possible, to follow these coins from hand to hand. How could one really realize the Dunlop trade mark and put it on, knowing that that mark meant a big sum of money? It is not knowing it increases the value of the coin of the realm.

When buying Rubber Carriage Tires, Pneumatic Rubber Tires, Rubber Mats, Rubber Heels, Rubber Horse-shoes, Rubber Pads, etc., the discriminating buyer always looks for the Dunlop trade mark, a pair of uplifted hands. As this mark has made these 171 Canadian coins stand out from the rest of their kind with a greatly increased value, so it signifies on rubber goods of all kinds a value above all other marks.

Dunlop Line—Montreal to Bristol—Next Summer.

The Dominion Line has made arrangements to run a regular service next summer from Montreal to Avonmouth. The growing importance of Bristol as a British receiving and shipping port is a sufficient guarantee that the Montreal connection will be a very profitable one.

Avonmouth, which is really the harbor of Bristol, has been rapidly forcing its way to a position as a great port. It contains a number of enterprises, and it is a very friendly interest in Montreal.

The already fine Avonmouth dock system is to be practically doubled in capacity, at an expense of about \$10,000,000, and the new additions—which are now under way—are expected to be completed in the near future.

The railroad connections with London and other great British consuming centres are of the very best, and merchandise is often sent to London by express, and then by sea to Avonmouth, and from there to the great metropolis of the world.

Bristol is in itself a large consuming and an important distributing port in respect to Canadian produce of all kinds—grain, flour, provisions, cheese, pulp, butter, leather, etc.

CORNER DINER TO-NIGHT.

It is expected that the Cornie banquet at McConkey's parlors this evening will be largely attended. It is a political in character, and will be attended by members of the legislature and others on both sides of the House. Those who have not already obtained tickets may get them at the office of Mr. Frank Slattery, Canada Life Building.

Round Trip Rates to West and Northwest.
