The telegraph agencies are having great fun with Cuban affairs these days. They are really in the hands of the Spanish commander on the one hand, and the Key West, Fla., correspondents in the other. One day, Maceo, the Cuban hero, is dead beyond a doubt; the next, he is alive and kicking; then again, they are not so sure. At the hour of writing it is 'Maceo is alive:" but at any moment we expect to have the dead version sprung on us.
