8 Gallon Cans - Farmer's

Dairy Great Success

The semi-annual meeting for the general discussion of matters pertaining to the Toronto Milk Producers' Associa-

the Toronto Milk Producers' Association and the fixing of rates, was held at the Labor Temple on Monday, and while not very largely attended, the meeting was all that could be desired in point of unanimity and enthusiasm. The weather prevented a large attendance, but it had little effect in point of pusiness. No time was lost in preliminary discussion and the members set early to work.

early to work.

scharging the duties of secretary.

Practically the first order of business as the fixing of the rates for the ending six months, and there was little

the necessity of thoro cleanliness and

even more than ever."
Secretary Reynolds expressed regret that the membership had fallen off to a large extent, but this was attributed

by those present to the success of the

sanitation, and declared, as did Presi-

People who suffer and are racked with pain lose faith in everything, thinking that some strong drug is their only hope. But not, to this great science of Osteopahly has saved thousands of lives and prevent hundreds of operations. It is the treatment for all kinds of nervous diseases, not matter from what cause, also stiff joints, rheumalism, and all other diseases caused from poor circulation troubles, which, aggravated by east winds, affect the left side most. We never fall to cure these diseases. We have removed our down town offices to 39 Bloor East, which is the finest osteopathic establishment in Canada. Female patients are met by our lady attendant and are prepared for treatments. This overcomes the humiliating and bad moral effect of going to public buildings, where no lady attendant is kept.

**Dr Dutton gives all treatments, except when lady patients request a lady to treat them. You call on us and we will be pleased to explain all about this great science.
