ILDRENS COUGHS

What Every Mother Should Know.

Doctors declare that cough-cures containing opium, morphine, or paregoric should never be given to children, save under medical directions. Most cough mixtures contain those things; Veno's Lightning Cough Cure does not. Veno's is guaranteed poison-free, and the ideal children's cough remedy. All kinds of children's coughs yield to Veno'seven whooping cough, however violent.

Awarded Grand Prix and Gold Medal, International

Health Exhibition, Paris, 1910.

Ask your English, Scotch, Irish, Welsh friends about Veno's Lightning Cough Cure. They know. Veno's is a British remedy, made in Britain by British capital and labour, and used wherever the grand old British flag flies. Give it your children, take it yeurself; it is the remedy for— Coughs and Colds

NEW THEATRE ENTERPRISE.

Mrs. W. A. Ravanagh presided at the meeting of the Working Circle of Sir Henry Pellatt Chapter, I.O.D.E., yesterday afternoon. Short addresses were made by the chairman, who told of the comfort the Maple Leaf Club of London, England, brought to the sol-diers on leave in the metropolis.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps liiness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recom-mend the inside bath, claiming this is of vastly more importance than out-side cleanliness, because the skin pores do not absorb impurities into the blood

causing ill-health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harm-less means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins, thus

stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleaned and freshen the skin, so bot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have adult, aching head, sallow complexion, acid stomach; others who are subject to pilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

The annual meeting of the Culture Club was held at the home of Mrs. C.

B. Watts, with Mrs. Courtice in the chair. Reports on social and educational subjects were read, showing increased interest in the schools and along many lines of patriotic work. "Current Events" were treated by Mr. John Lewis, and a fine musical program given.

Wants you for home service--Will you join?

HE citizens of Toronto are appealed to for recruits to keep the ranks of Toronto's senior regiment up to strength. Here is a chance for the man who cannot go to the front, to serve his King and country at home. The training is good, the associations pleasant. The King's

Khaki must be filled at home as well as overseas.

Wear Khaki Somewhere

1,200 Men Wanted

Many who cannot go overseas overlook the fact that they can perform a splendid service by joining the Home Battalion. Others think Home Service is now unnecessary. The result is that all such lose a very pleasant training which might at any time become vitally valuable.

Follow the activities of the German propaganda all the world over and let any man dare say there is no need for preparedness at home. And remember that as the German cause goes down to greater defeat the bitterness and rancour of their agents in all parts of the world, even in Canada, will increase.

What Men Do We Want?

Men between the ages of 18 and 45. British-born or naturalized citizens who are game to take the training and be in a position to defend Canada within her borders

We want men to apply who have volunteered for Overseas Service and have not seas but are not yet ready to go, and men who cannot go overseas at all, but are willing

Home Service in the Queen's Own You sign for a period of three years for service in Canada. You attend drills as and when ordered (usually once a week for certain months in the year.)

You have a uniform and a place in the ranks, and are ready, if need be, to defend your home and country from their enemies. The work is thoroughly enjoyable. No one who undertakes it ever regrets doing so.

Home or Overseas

for "Toronto's Own"

Toronto citizens do not lack public spirit, and our men will require only to have this call brought home for the Queen's Own and all home service battalions to get all the men needed.

If the lessons of this Great War do not teach us the value of some military training we cannot long hold up our heads amongst the nations. The man who can, and does not, wear at least home service khaki won't be able to face the boys when they come home from Overseas. If you can't

serve Overseas, serve at home, but serve! Remember, this call is for Home Service.

The Queen's Own Record

You, who read this appeal, will you answer it today and not let another 24 hours slip away without doing your bit? Two hours' inter-esting, beneficial drill once a week is little enough to give for the King's service at home.

Special Appeal to Ex-members Former N.C.O.'s and men of the Queen's Own are invited to set an example and rejoin the Old Regiment. Many have already done so—there to room for more.

Young men between 15 and 18 are urged to join the Q.O.B. Cadets.
