

OBJECT TO DRIVING CATTLE ON STREETS

Deputation From West Toronto to Waits on Civic Works Committee.

DANGER TO PUBLIC

Suggestion to Construct Tunnels From Stock Yard Under St. Clair Ave.

At the meeting of the works committee yesterday, Ald. Ryding introduced a deputation from West Toronto who protested against permitting cattle to be driven along the streets from the Union Stock Yards to the abattoirs. They asked for a bylaw putting an end to this practice. It was a danger to the public, especially children, on the streets. The suggestion was made that the stock should be taken to the abattoirs by freight. Instances were given of cattle running wild, and of laws and fences being destroyed by them. Some months ago it was necessary to shoot a steer which had attacked a boy while running about.

Members of the committee gave a sympathetic hearing, and asked for an immediate report from the commissioners of works, and property, and Solicitor Johnston.

Ald. Ryding also asked for consideration of his motion to construct tunnels from the stock yards under St. Clair avenue to the abattoirs. The abattoir managers had already expressed willingness to contribute to the cost of these tunnels. This matter was referred to the same officials. The committee decided to take no action on the motion of Ald. MacGregor to remove the boulevard on St. Clair avenue from Oakwood to Lansdowne avenues and pave the whole street. It was stated that there was a division of opinion among the residents as to the wisdom of making the change.

Commissioner Harris reported that his figures on the cost of widening Yonge street from the C.P.R. northward were not yet ready. A new survey is being made. Ald. Burgess is moving that the work be carried out without delay. The committee sent along the recommendation of the commissioner that water mains be laid in Harris property between Coxwell and Monarch Park avenues on the north side of Danforth avenue.

Movement of Explosives. City Solicitor Johnston reported that regulations covering the movement of explosives in the streets were provided in federal legislation, and he could not see the necessity of a city bylaw. The draft of a bylaw was before council at the last meeting, and was referred back to the committee on works for necessary amendments. The matter was laid over.

The solicitor was also instructed to endeavor to reach an agreement with the owner of land in the Township of Scarborough between Queen street and the lake from regarding the laying out of a street on the line between the city and the township. The owners have donated a 33-foot strip on the city side, and the other interests will be asked to make a similar contribution.

EDISON TO RETIRE WHEN DOCTORS GIVE HIM UP

West Orange, N.J., Feb. 11.—Thomas A. Edison, 74 years old today, looks many years younger and acted as he looked in addition to attending the festivities arranged for his birthday, the "wizard" put in a strenuous day of work, which began when he punched the time clock at his factory at 8.30 o'clock.

The Edison Pioneers, an organization of the inventor's associates of fifty years ago, gathered at the Edison home early in the day to celebrate the anniversary. During the morning the inventor found time to talk to newspaper men and answered a number of questions on varied subjects.

To the question, "should a man retire at 70?" he replied: "He would die in three years." "When are you going to retire?" he was asked. "Well, I don't want to retire. When the doctor brings in the oxygen cylinder I'll know it's time for me to give up."

MOUNT DENNIS FAMILIES BUILD THEIR OWN HOMES

Mount Dennis Ratepayers' Association was represented among those appearing before the minister of education on behalf of changes in the public and high school administration, as suggested by the recent meeting of York County council. The members report that an investigation into the suggestions was promised, and that the deputations were sympathetically received. The association decided to hold a meeting next Friday, the council members, Dr. Forbes Godfrey and Alex. MacGregor of the Amalgamated Ratepayers, being included.

Building has been going on in Mount Dennis all winter, despite the season. It is noticed that an increasing number are building their own houses. The number of brick and brick clad are growing in proportion to the cheaper structures. Two stores are about finished on Weston road, near School road. Several houses on Lambton avenue are completed and a number on Weston road.

ASKS CITY'S HELP FOR PUBLIC LIBRARY

Year's Deficit to Reach \$14,000, Owing to Increased Expenses.

The public library of Toronto is facing a deficit this year of more than \$14,000, and the city council will be asked to vote more for maintenance. This was decided yesterday at the regular board of management meeting in the College street library. Under the civic agreement pertaining to the public library, the library board is allowed 60 cents per capita of the population of the city for maintenance purposes. As there are approximately 512,000 people in the city, the revenue thus produced for library purposes is in the neighborhood of \$308,800. Added to this, there is a revenue from receipts for the returning books on time, which reaches an average of \$10,000 a year. This brings in a total revenue of \$318,800.

However, it is estimated that more than \$238,800 will be required to carry on the library this year. It was decided to ask the city council to vote the amount enough money to cover the deficit. Last year the board spent \$262,000, but the fact that a new branch has been opened and that there are 250,000 more books in circulation have increased it for this year.

At yesterday's meeting the board of management organized for this year. Thomas Banton, chairman of the board for last year, formally retired as chairman, also he will continue as a member. W. T. J. Leitch, E.C.L., who last year acted as chairman of the committee on libraries and finance, will be chairman for this year, and presided yesterday. N. B. Cash, E.C.C., takes the position vacated by Mr. Lee. Other present were Mr. Justice Kelly, John Turnbull, James W. Selk, J.P., and R. B. Orr, M.D.

Sir John A. Macdonald's House and Other Buildings Will Be Included.

Kingston, Ont., Feb. 11.—(Special).—The work was taken in hand of marking by mural tablets some of the historic sites in Kingston, including the central building of the General Hospital, where the first parliament of United Canada met in 1841 in Governor Simcoe's executive council chamber on Queen St. and Sir John A. Macdonald's house on Brock street. The marking out of this old Port Frontenac was also considered. The 250th anniversary of the founding of Kingston will occur in 1923, Port Frontenac having been built in July, 1673. It was decided to invite the co-operation of the corporation and citizens of Kingston, the Ontario and Quebec historical societies and other bodies interested in celebrating this important anniversary by the holding of a historic pageant.

HARRY BARNES AGAIN FAILS TO APPEAR

Harry Barnes, who will appear at the Brampton assizes next Tuesday in connection with the death of Harry Rositig, who died from injuries received last fall on the Hamilton highway, again failed to appear at the inquest last night, this making the eighth adjournment. Crown Attorney Eric Armour said that the warrant issued was still good and suggested that the inquest be adjourned until Feb. 14, which was done by Coroner W. A. Young. The matter of the warrant is now before the court of appeal.

FINANCIAL AID FOR AGRICULTURE

Rural Credits Committee Recommends Scheme to Legislature.

A sound and carefully integrated system, by which agriculture would receive financial assistance to which it has been too long denied, is recommended to the legislature by the special committee on rural credits. The report states that provision should be made for and encouragement given to the formation of rural credit societies as the basis upon which to develop a safe and adequate extension of short-term credits. Regular reports should be required from these societies and there should be careful supervision of the activities.

Land Mortgage Banks

As soon as the legislation has been enacted there should be the formation of the land mortgage bank on the basis of the financial provision for both the short-term credit and the long-term credit. This bank should be given adequate powers, including the right to receive deposits from any one and pay interest on the same, and the power to borrow money, if necessary, to effect its purposes. The most mature judgment should be exercised in the choice of suitable directors of this bank. Upon this depends the success or the failure of the entire system. Preferably before—but if that be not possible, after—the legislation was passed, there should be a thorough campaign of education carried on

BURWASH GOOD PLACE TO SOBER PEOPLE UP

Frank Towers and John Carr were each sentenced to one year in jail, and George McDonald four months, by Judge Denton, in the sessions yesterday, for theft of an automobile. They pleaded they had been drinking. "Burwash is a good place to sober up," remarked the judge. "It is in your own and in the public's interests that you be put away." All have records.

To Keep Houses Intact For Terauley Extension

A large number of the 80 houses which will have to be removed to provide for the extension of Terauley street will be kept intact and will be merely moved back from the street. This can be done by raising them by long timbers and skidding them back about 30 feet. The properties will be sold and the receipts applied against the cost of the improvement.

BUILDING PERMITS ISSUED

The city architect's department issued the following building permits yesterday: Thos. W. Robinson, two brick dwellings on west side of Pine Crescent road, near Glenlake avenue, \$10,000; Jas. Smith, four detached dwellings, west side of Silverthorn avenue, near Turnberry avenue, \$8,000; H. A. Johnston, brick dwelling, 35 Duart Park road, near McLean avenue, \$5,000; A. Harris, detached dwelling, east side of Monarch Park avenue, near Mounjoy avenue, \$4,000, and B. A. Loud, pair dwellings south-east corner Stephenson avenue and Morton road, \$5,000.

THREE YEARS FOR THEFT OF FAMOUS FUR COAT

The closing scene in the theft of the \$10,000 fur coat, said once to have been worn by a Chinese emperor, and later stolen from a Toronto store and recovered in Montreal, was staged in police court yesterday, when William Cowan followed Thomas Sinclair to Kingston for three years.

COSTLY APPOINTMENT

William Rogers was fined \$10 in yesterday afternoon's police court for speeding at a rate of 39 miles an hour on Ossington avenue, according to P.C. Tomenson, an auto represented by Fletcher Kerr, who claimed that Rogers had an appointment to keep, and was an hour late.
