

NOTED SURGEONS WANT TO SERVE

University of Toronto Base
Hospital to Have a Very
Promising Staff

DR. ROBERT COMMANDS

Nearly Every Prominent Physi-
cian and Surgeon Wants
to Go

Owing to the uncertainty as to the personnel of the proposed University of Toronto Base Hospital the authorities of the several local hospitals are somewhat perturbed, as some of Canada's noted surgeons residing in Toronto have intimated their intention of attaching themselves to this movement. It has been decided that Dr. X. Robert, of the General Hospital staff will be in command of the University Hospital.

Doctors Anxious To Go

The following prominent Toronto physicians and surgeons have offered their services to the University of Toronto Base Hospital: Dr. F. N. G. Starr, Dr. W. J. O. Mallock, Dr. Walter McKewen, Dr. G. Silverthorne, Dr. M. K. Crawford, and Dr. R. J. Dwyer, and many others engaged in hospital work and private practice. Many applications from out-of-town doctors have been sent in also.

Already the staff of the General, St. Michael's and Western Hospitals have suffered from the loss of quite a number of their house physicians and surgeons, who enlisted in his majesty's army for overseas service. The local hospitals were never so busy as they are at present, and the work has been somewhat retarded by the shake-up on the different staffs. Fortunately, however, the graduating class of the University of Toronto has supplied some very capable juniors and several out-of-town prominent doctors, graduates of University of Toronto, have been called in to fill the vacancies.

There is no group of professional men who volunteered more readily to enter the service of the King during the present conflict than the physicians and surgeons. Several gave up an extensive practice and important research work, and enlisted as soon as the call to arms was sounded.

Early in September Dr. J. T. Fotheringham, head of the St. John's Ambulance Corps, volunteered his services, and was given charge of the medical units of the first contingent, and also of the second contingent. Dr. Fotheringham expects to leave for the front any time now.

Dr. T. H. McKillop is with the Field Ambulance Corps at the front, and Dr. J. W. Stewart is stationed at a base hospital. Both are from the General Hospital. From the Western Hospital, now in active service are Dr. Herbert B. Chatterfield, Dr. A. Fletcher and Dr. James Wood, who is in France. Dr. Wallace Scott, a lead-

OWES HER LIFE TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble
and Headaches

Palmerston, Ont., June 20th, 1913. "I really believe that I owe my life to 'Fruit-a-tives.' Ever since childhood, I have been under the care of physicians and have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Some time ago, I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use. 'Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, 'I am taking 'Fruit-a-tives.' He said, 'Well, if 'Fruit-a-tives' are making you look so well, so ahead, take them. They are doing more for you than I can.'"

MRS. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

ing surgeon at St. Michael's is now at the front, as is also Dr. Alex. Mc-

Kenzie of St. Michael's.

From the Sick Children's Hospital Dr. O. K. Menzies and Dr. E. D. Robertson are in active service. In the second contingent there are a large number of medical men who were formerly engaged in local hospital work.

PARTICULARS GIVEN

OF SINKING OF FRYE

U. S. Government May Demand

"Expression of Regret" From

Germany

WASHINGTON, March 13.—The full story of how the American sailing ship William P. Frye was sunk in the south Atlantic, with her cargo of wheat for the German commerce raider, Prinz Eitel Friedrich, was officially laid before the United States Government today by the Frye's commander, Capt. H. H. Kiehne.

From Capt. Kiehne's formal statement, made before the state department of the United States, will decide its course, which probably will be a demand for an expression of regret from Germany and payment for the loss of the ship and cargo.

WAR LESSENS THE BUSINESS IN BERLIN

Building Construction Re-
duced Fifty Per Cent. in
German Capital

FEWER HOTEL GUESTS

Birth and Death Rate Normal,
But Other Figures Show
Material Falling Off

Canadian Associated Press Cable. BERLIN, March 13.—Only the number of hotel guests, passengers transported on street cars, and buildings constructed has the normal civic life of Berlin varied materially within the last year, according to figures just compiled. The birth and death rates and the number of marriages during December, 1914, were approximately the same as during the same month in 1913.

The figures show that 73,400 guests registered at Berlin hotels in December, 1914, or 20,000 less than the year before. Similarly, the street car lines carried only 46,000,000 passengers during the same period, as against 53,000,000 in 1913. The number of buildings on which construction was started was reduced by 50 per cent. There were 141 marriages in December, 1914, compared with 153 in 1913; 2129 births, as against an almost equal number, and 2723 deaths in 1914, in comparison with 2467 in December, 1913.

TWO YEARS IN THE PEN

FOR CHARLES DAVIDSON

He Pleaded Guilty to Several

Charges of Fraud and False

Pretences

Two years in Kingston Penitentiary is the sentence Magistrate Denison passed on Charles Davidson in the police court yesterday after hearing evidence regarding several charges of fraud and false pretences. One charge was that he obtained from W. E. Harrington \$21 by fraud and false pretences by the means of a cheque. He got \$2.50 from Edwin Peter West, Queen street, by the same method, and \$4.50 from another person. He pleaded guilty to all charges.

Assistant Crown Attorney Hughes when coming in the case to the magistrate stated that the prisoner had finished a ninety day sentence only a few days ago and had a bad record for this kind of game. Magistrate Clay remanded W. M. Riddell, a Malvern farmer until Wednesday when he appeared in the county police court, Saturday, on a charge of obtaining a cow by false pretences. The cow was valued at \$72.

In Friday's Papers:-

there appeared such a wide variety of tailoring announcements that the average individual who is not particular where he leaves his order for Easter would be at a loss to know where is the BEST PLACE to patronize. Adopt the following principle and you can't go wrong:—go to the Tailors with the widest and most popular reputation for giving value at a reasonable price. In more than seven years of existence we have created a chain of stores that stretches across this wide country. Everywhere, the Scotland Woolen Mills has been a wonderful success simply because we are NEEDED BY THE PEOPLE, and our \$15 price is a big economy to the man who has to work hard for his money. That's why you should not doubt for a moment WHERE TO GO if you have fifteen dollars to spend and want to turn it into the greatest tailoring value in Canada. We offer an enormous selection of Genuine direct-imported British woollens. See them in our windows.

SUBMARINE TRAPS PROVE EFFECTIVE

Three German Under-Water
Craft Caught During First
Ten Days of Blockade

NOT UNLIKE GILL NETS

Suspended From Immense
Buoys, Sunk to Depth of
Thirty Feet

LONDON, March 14.—At Harbor entrances and at other strategic points around the British Isles the admiralty has set miles of submarine traps to catch German underwater craft engaged in blockading England. Report has it that three submarines were caught during the first ten days of the blockade, but confirmation is lacking.

Fishermen's Nets.
The traps set for submarines are not unlike gill nets used by fishermen. Malleable iron frames, 10 feet square, three frames joined, are sunk to a depth of 30 feet, suspended from immense buoys. The submarine is a blind thing under water, steering by chart and compass. Entering one of these frames, its sides are caught, causing the lower frame to buckle upward, catching the propeller. Thus held, the craft is in the position of a fish floundering in a net, and its occupants are doomed.

From time to time British sailors visit the buoys and inspect the frames, much as a fisherman would look after his set lines.

THE MARRYING BUSINESS

THERE'S nothing like falling in love for freshening a woman up.

"When a woman gets fat young, it's supposed to be a sure sign she has a man with whom she is content. Any physiologist will tell you that."

"No woman is fit to be a wife until she's been married at least once." "How about the man?" "Inquired Blagdon. "Oh, he don't count. Marrying is a woman's business."

"More profound than the bottom of wisdom's deepest well is the more sound of the right voice at the right time."

"There are men whom all women like; there are women all men like. They are usually of conspicuous sex development and chameleon-like adaptability."

"One of the difficulties in the way of discussing anything more anstrous than the weather or scandal with the average woman being is that she doesn't in the least understand what one is talking about—yet thinks he does."

"The men are on earth chiefly to attract the women, but they don't know it. The women are on earth chiefly to attract the men, and they do know it—the same pretend otherwise."—From Old Wives for New, by D. G. Phillips.

**EX-CHAMPION SHAND
COME BACK TO FORM**

A contest which aroused great enthusiasm in local checker circles took place at Wylie's parlor, Yonge street, last Friday evening, when T. Gleason, E. Band, and even the redoubtable W. J. Wylie were defeated, each in turn, by W. Shand, who, it will be remembered, won the Toronto Championship Shield a few years ago. The veteran ex-champion has apparently revived his old form, for he did not lose a game in the course of the evening. The match was a sensational draw, with a man down.

WAGE WAR AGAINST BILLIARD CLUB MEN

Poolroom Proprietors Claim
Non-Members Participate in
Games and Urge Licensing

Special to The Toronto World. HAMILTON, March 13.—For the past couple of weeks the police have been waging campaigns against unlicensed billiard clubs. Two convictions have been made for allowing non-members to play in the clubs and the police promise that other prosecutions will follow. The war about because of complaints made by pool room proprietors, who claim that they are not getting a square deal. It is said that the clubs obtain charters so as to avoid paying the regular billiard license fee and steps will be taken to force to pay the license. Charles Morgan, assistant city collector, claims that this can be done, and that the clubs will be forced to close at 11 o'clock. The police believe that much crime is due to these clubs remaining open all night, and recently many complaints were made by parents of youths who stay out at night and if possible the police will put a stop to this by forcing the clubs to close at the regular hour.

INJURED HEAD BY FALLING FROM CAR

No Assistance Was Rendered Mrs.
Morden by Street Railway
Employees

By stepping from a moving east-bound King street car at the corner of King and Sackville streets Saturday afternoon, Mrs. Henry Morden, 411 East King street, received injuries to her head. She was attended by Dr. Belfrey and then removed to her home. According to information given to the police, the street railway employees in charge of the car did not render any aid to the woman. They are alleged to have left her lying on the road.
