How to Look Years Less Than Your Age

The most aged face will look years
younger after the use of ordinary mer-
curized wax for from ten days to two weeks.
This remarkable substance, because of its
power, actually re-
moves the thin veil of faded or withered
outer outside, a little at a time. Gradually
the fresher, more youthful skin underneath
is revealed. This absorption process being
a purely hygienic one, an entirely natural
complexion is acquired—quite different
from the artificial complexion, which ap-
pears anything but girlish, though often
bearing painful evidence of childishness.
An ounce of mercurized wax, obtainable at
any drug store, is sufficient to rejuvenate
even the most faded skin. It is put on like cold
cream at bedtime, and removed morning
with warm water.
To eradicate such age marks as wrinkles
and furrows, make a wash lotion by dis-
solving one ounce of powdered ascorbic in
one-half pint witch hazel. This has won-
derful astringent and tonic properties. It
quickly offsets all kinds of wrinkles, no
matter how caused, making the skin firm,
smooth and young looking.
