## ANNOUNCEMENT

Oldest Drug Business in City to Move—Opening With Bright Clean Stock.

The oldest established drug business in St. John moves today next to the Imperial Theatre and will now be known as the Imperial Pharmacy under the general management of Glendon H. Allan. The new stand is receiving a thorough renovating and is being fitted to the minutest detail to carry on a first class drug store. The prescription department of this large and long running business was transferred yesterday under the supervision of Mr. Allan in such a systematic manner that there was practically no loss of work, a record any druggist could well be proud of. This important department is now open for public inspection, well stocked, all modern equipment, systematic and immaculately clean. Thousands of dollars worth of clean fresh stock will face the public in a few hours after the painters complete touching up.

High class perfumery, toilet articles, confectionery, tobacco, etc., will be strongly featured along with everything else a good drug store should sell.

Thanking our customers for the large volume of business extended at 87 Charlotte street and trusting a continuance of same in the new location, at the drug store that gives a service that serves.

Yours respectfully,  
Next Imperial Pharmacy, St. John, N.B.  
Glendon H. Allan, General Manager.

**Have you ever really studied your skin?**  
EXAMINE your face in a full light before a hand mirror. Is your skin fresh, clear, brilliant with lovely color?  
If not—find out just what defect is keeping it from being as smooth and fine as it should be. Then give it the special treatment suited to its needs.  
Perhaps, for example, your complexion is spoiled by conspicuous nose pores. You can overcome this trouble by using every night this special treatment:  
Wring a soft cloth from very hot water, lay it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then finish by rubbing the nose for thirty seconds with a piece of ice.  
Before long you will notice how this gradually reduces the enlarged pores until they become inconspicuous.  
Special treatments for each different skin need—for blackheads, for blemishes, for a skin that is too oily—are given in the famous booklet of treatments that is wrapped around each cake of Woodbury's Facial Soap. Get a cake today—begin your treatment tonight.  
Woodbury's Facial Soap is on sale at any drug store or toilet goods counter in the United States or Canada. A 25-cent cake lasts for a month or six weeks of any treatment, or for general cleansing use.
