St. John Gives Heartiest Greetings To 26th and Ammunition Column

People All Morning In Streets Awaiting Eagerly Delayed Trains With Troops

Throngs Wildly Cheer Veterans Who Did So Much to Bring the Kaiser to His Knees

Other Troop Trains Ahead of Ours Cause of Delay in Arrival—Units Make March up Town Separately

The air was charged with jubilation and thanksgiving today; from early morning the whole city was in a state of feverish expectancy...

The first formal welcome was extended by the members of the Soldiers' Republic Committee...

A Warm Welcome This ceremony over, the parade was formed and the returned heroes set out from the station...

2—Immediately after addresses the 26th Battalion and D. A. C. move to Armories via Sydney, Mecklenburg and Carmarthen streets for special breakfast.

3—Order of March. Mounted Police. Squad Police. King via Charlotte to South side King Square.

D. B. Hanna, chairman of the Canadian Railway Board, who is in the city today, expressed regret regarding the delay in the arrival of the troop trains.

The story of the engagements of No. 1 second of the 2nd Divisional Ammunition Column which reached Halifax is practically the story of the engagements of the 26th. The D. A. C. did an important work which redounds to its credit.

The officers who returned today are Lt. Col. W. H. Harrison, D. S. O., St. John, Capt. G. A. Gamble, M. C., St. John, Major W. H. Eager, Halifax, Capt. J. G. Harvey, Morrisburg, Ont., Lt. W. C. D. B. Hanna, Here Today, Speaks of Policy of The National Ry. Board

Provide Transportation Facilities in Advance of Requirements—Steamship Plans—St. Stephen Asks for New Railway Connection—Minto Coal

"It is our policy to provide the transportation facilities before they are actually needed, in order to help along the development of the country that is the only sane policy; any other would be foolish." This was a statement today by D. B. Hanna, chairman of the Canadian National Railway Board, in discussing the policy of the present management of the dominion railways system.

"We must prepare for the development of the country's industries and trade, not only by improving the railway facilities but by providing steamship lines to open up new markets. Canada's trade must expand if we are going to liquidate our war debt and it is our desire to do everything we can to help," he continued.

The steamship policy is being shaped with the purpose of affording new markets for Canadian products and in formulating that policy we will consult with those interested in the export trade in order that we may work in harmony with their needs.

A start has been made on the South American service; these boats already are running from Montreal and there is every prospect that St. John will have a share of the business next winter. By winter time we hope to have other lines in operation also.

AMERICAN AIRSHIPS HAVE ARRIVED AT AZORES

First of Seaplanes From Newfoundland Finishes Longest Leg of Ocean Flight in 14 Hours and 13 Minutes

Washington, May 17—The navy seaplane N. C. 4 has arrived at Horta Island, Azores.

The official despatch to the navy department said:—The N. C. 4 arrived at Horta, Azores, at 12.20.

The time given was apparently confused in some way and could not be translated accurately into Washington time, but was taken to mean 8.30 a.m.

The N. C. 4 left Trepassay, Nfld., at 6.07 p.m. yesterday, which would make her time fourteen hours and thirteen minutes for the 1,200 miles to Horta.

Ponta Del Gada, Azores, May 17—(By the Associated Press)—The seaplane N. C. 4 arrived at the port of Horta, in the Azores, at 1.25 p.m., Greenwich time, 12.21 p.m.

The N. C. 4 first sighted land at Flores at 11.35 a.m. N. C. 1 then was close behind her. The N. C. 3 passed station 17 at 9.15 o'clock.

The first two seaplanes were in wireless touch with the torpedo boat tender Melville shortly before noon.

As Hiram Sees It

Mr. Hiram Horn's right arm hangs limp and useless. "Struck by an automobile" queried the reporter.

"No sir," said Hiram. "I was struck by a car. I was driving to work and I was struck by a car. I was driving to work and I was struck by a car."

When the seaplanes passed over station ship No. 13 at 2.36 a. m. they were flying in close formation. While only the N. C. 4 was mentioned in a Ponta Del Gada message received at 4.30 it was the belief of navy officials that all three of the planes passed destroyer No. 14 together.

Nearly There. Washington, May 17—The naval seaplane N. C. 4 was 100 miles from Corvo Island, Azores, at 5.45 o'clock this morning, Washington time.

Ponta Del Gada, Azores, May 17—(By the Associated Press)—With seaplane N. C. 4 leading, the three naval transatlantic fliers had completed two-thirds of their course from Trepassay to the Azores at 5.30 o'clock this morning.

Phelix and Ferdinand WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis—The disturbance which was centered over the Georgian Bay and will pass to the St. Lawrence Valley. Rain has been general in Ontario and western Quebec, also in southern Alberta. Elsewhere the weather has been fine.

Rain. Maritime—Increasing southeast winds; fine; Sunday, strong winds and moderate gales, south and southwest; rain early in western districts and later in eastern.

Lower St. Lawrence, Gulf and North Shore—Strong winds and moderate gales, east and south; rain; Sunday, strong westerly winds, clearing.

Local Improvements. Construction of a spur line from a point near the One Mile House to the new drydock site on the eastern side of Courtenay Bay, near Hanna, will be commenced immediately. This work would have been underway by now but for some delay in securing the right of way.

Sketches and plans of a new railway passenger station are being prepared and will come before the board later on for consideration. This station will be at the intersection of the new line and the existing line at St. John.

The completion of the Valley Railway, which is expected in June, and the improvement in the connecting line between Fredericton and McGivney Junction which already is under way, will open up a new situation with regard to connections between St. John and Montreal, Mr. Hanna said, and the question of a faster service between these cities will receive full consideration.

"Think as kindly of us as you can," were Mr. Hanna's parting words. "You can depend upon it that we will do the best we can and that we will not overlook the needs of this part of the country. You have a splendid representative on the board of directors in Dr. Barnhill, one of our most faithful members and one in whose judgment we have great confidence. Your interests will receive full consideration even if some of us are not yet as familiar with the east as we hope to be later."

MAKE FRENCH STUDY OBLIGATION FOR DEGREE. Winnipeg, May 17—Dr. T. A. Patrick of Yorkton, in an election appeal to the members of convocation of the University of Saskatchewan, says he seeks re-election to the senate of the university on the understanding that he will seek to have the French language made an obligatory subject for degrees, where now optional, even at the cost of making Latin optional where it is now compulsory.

BURIED TODAY. The funeral of William Harrison took place this afternoon from his residence, 220 Waterloo street. Service was conducted by Rev. R. T. McKim and interment was made in Fernhill. Longshoremen marched in a body to the grave.

The funeral of David Clare Wills, son of David and Emilie Wills, took place this afternoon from his parents' residence, Charlottetown street. Interment was made in Cedar Hill.

House Prologues. Halifax, May 17—The Nova Scotia legislature was prorogued this afternoon.
