A HAPPY EVENING. Mr. and Mrs. Oldford, of Duke street, gave a grand New Year's party to a large number of their friends who are living in the city, and to Mr. Mercer, a student from Mt. Allison, who comes from Bay Roberts, Nfld., but is spending his holidays in St. John. A most enjoyable time was spent by each member of the party, and when the time came for the dancing, the guests were greatly pleased. Mr. Oldford for the success of the evening, and for the excellent feeling that existed between them and their friends all over the city.

WEATHER DELAYS WAREHOUSE WORK. The weather during the last couple of weeks has interfered considerably with the work of completing the new warehouse on the west side, which is being built by Scott & Adams for the dominion government. The addition to No. 6 warehouse was finished some time ago, and while it has not been formally taken over from the contractors, it has been used on at least one occasion. The structure on No. 7 berth is more than half finished, and will likely be ready for use by the middle of the month. In the last two weeks it has been possible to do only about two or three days' work, owing to the disagreeable weather.

MAIN STREET CHURCH. In the Main street Baptist church on Sunday, there were two baptisms and nine new members received into membership with the church. The dominion government, preached the first of a series of special sermons, taking for his subject, "A New Year's Promise." These sermons will be delivered on Sunday evenings throughout January and February as follows:—Next Sunday, "Life, what it is and how to live it." Sunday week, "The Handicap of Wealth." January 27, "The Church as She is, and as She should be." February 3, "The Tent Pitched in the Wrong Place." Feb. 10, "When a young man is safe." Feb. 17, "A question not to be dodged." Feb. 24, "Some difficult questions answered."

SIGNALLING SCHOOL HERE. It will be good news to many in this city and province to learn that a school of instruction in signalling is to be conducted in the drill hall in Lower Cove in March next, as there are several young men who desire to acquire themselves with the art of "signalling," and many more in the military corps who wish to improve their knowledge. The school will last about six weeks, and will be under command of Capt. T. E. Powers and Lieut. A. Leavitt, of No. 2 Signalling Section, with instruction being given by one of the permanent force from the R. C. R. at Halifax. It is probable that Lieut. Costin, of Halifax, will attend to the opening of the course here, and Capt. McMillan, who has been in charge of signalling in the maritime provinces for some time, has returned to his regiment, the Royal Canadian Dragoons. Major F. A. Lister has been promoted to A. A. G. for signalling, succeeding Major Walters.

A GAIN OF MORE THAN \$5,000,000

St. John Bank Clearings, a Financial Barometer, Show Great Increase in 1910—More Than Doubled in Ten Years

An increase of more than \$5,000,000 in the bank clearings for St. John over the year 1909, is the splendid record shown by the St. John banking institutions for the year just closed. The figures also show that in the last ten years the clearings have more than doubled. In 1909, the clearings amounted to \$27,822,000 as compared with \$7,845,546 for 1910, an advance of more than \$45,000,000. This, according to one of the leading banking managers, shows that rapid and substantial progress is being made by the city in a business way. The conditions of trade are good, and the outlook is very bright. Within a few days, the sixteenth banking office will be opened in St. John. Following is a statement showing the increase in the clearings for the last five years:— 1906... \$67,024,765 1907... 69,159,414 1908... 66,435,630 1909... 72,822,000 1910... 77,845,546 This year's increase over 1909, is \$5,023,546. Increase in five years, \$8,023,546. Increase in ten years is \$4,911,546.

MORE FAILURES IN NEW BRUNSWICK BUT CONDITIONS EXCEPTIONAL

The Record of 1910 by Months—St. Stephen's Bank Smash and Campbellton Fire Swelled the List

The suspension of the St. Stephen's Bank, the Campbellton fire and the embarrassment of several mercantile houses, which carried on large business dealings, brought the record of New Brunswick business failures in 1910 considerably beyond that of the year previous. In 1910 there were 89 failures with assets normally \$1,771,925, and liabilities estimated at \$1,972,031, whereas in 1909 there were seventy-two failures with assets \$215,901 and liabilities \$471,725. Five failures in 1910 account for \$1,075,000 of the assets and approximately \$1,500,000 of the liabilities, so that the eighty-one failures remaining would represent \$196,665 in assets and \$359,000 in liabilities. This is considered a very fair showing.

The following record of the failures each month in 1910, as furnished by Broad streets:— January—Eleven failures, assets, \$40,032; liabilities, \$29,440. February—Seven failures, assets, \$4,300; liabilities, \$10,200. March—Nine failures, assets, \$471,210; liabilities, \$639,000. This month included the St. Stephen's Bank failure. April—Three failures, assets, \$600; liabilities, \$5,000. May—Two failures, assets, \$333,000; liabilities, \$338,000. In this were the Cushing and deForest failures. June—Three failures, assets, \$3,130; liabilities, \$7,207. July—Five failures, assets, \$10,440; liabilities, \$30,700. August—Fourteen failures, assets, \$60,739; liabilities, \$151,000. The Campbellton fire and A. J. Teed, St. Stephen are included in this month. September—Ten failures, assets, \$7,715; liabilities, \$29,900. October—Nine failures, assets, \$14,200; liabilities, \$33,500. November—Six failures, assets, \$48,200; liabilities, \$13,500. This included the Dunbar failure, Woodstock. December—Eight failures, assets, \$9,700; liabilities, \$20,000. The Miramichi Pulp Mill Co. is not included in the foregoing list as the matter is not yet settled.
