## A Fable

A small boy with a large imagination stood on the edge of an open field. As he looked at the waving grass and the nodding flowers he gave rein to his imagination and said—  
"This is not a field, but a forest. It is full of wild beasts. They would eat a little boy. I can see their dreadful eyes and their sharp teeth. Oh, why did I venture out here at all? There are lions and tigers, and alligators, and panthers, and all kinds of terrible beasts. I can hear them. They are lying in wait for me."  
But just at this moment another little boy, who was picking rich, ripe berries in the field, held up a handful and called out—  
"Come over, Sonny and get some of these berries. They are fine."  
Whereupon the little boy perceived that there was no forest and no savage beasts, but just some best in the clover, seeking honey. He went into the field and ate berries and was home happy.

Moral: Do not be frightened by the Anneration Boy.

WILL OPERATE  
FACTORY HEREJ. C. Dalzell Removes From Mon-  
ton—Machinist Seriously Hurt  
—Death of Mrs. Wm. Lunn in  
The Old County(Special to The Times)  
Moncton, N. B., Aug. 22.—J. C. Dalzell  
left this morning for St. John, where he  
will reside. He conducted a factory in  
Robinson street, and made springs, mat-  
resses and lounges. He removed all his  
equipment to St. John yesterday, and will  
open a larger and better factory than he  
operated here.Mrs. D. S. Robertson, of this city, has  
received word of the death of her father's  
sister, Mrs. Wm. Lunn, which occurred  
at her home in London, England, on July  
31. Mrs. Lunn was a daughter of the late  
Martin Maria Shaw and Felix Lewis, and  
a niece of the late John Lewis of St.  
John county. Her husband was the civil  
engineer who built the Intercolonial  
Railway between St. John and Pointe-à-  
Chene. On the completion of the road, Mr.  
Lunn returned to England. His death  
occurred some years ago.Harry Bourassa, a machinist, had a  
piece of flying steel lodge in his left eye yester-  
day. He was repairing an automobile, and  
while cutting a large piece of steel  
one of the particles flew and struck him  
in the eye. Dr. Bourassa was called, and  
the injured man was conveyed, in his  
home, but the case was so serious that it  
was considered that he would not survive.  
Accordingly, he left last evening on the  
Maritime express.WANT INFORMATION  
RE FACTORY SITES  
IN WINTER PORT CITYIt is recognized by authorities on the  
subject that the location of a factory or  
other industrial plant in a winter port city  
is a question of great importance. The  
question may now be asked for residential  
purposes. While this is so, it seems quite  
difficult at times when such a spot is de-  
sired to take advantage of it, because of  
the fact that the information is not avail-  
able in places where this should be the  
case, the board of trade for instance.Some time ago a request was made by  
the board of trade for information to fur-  
nish names in case there was an opportu-  
nity for factory building, or the estab-  
lishment of a manufacturing plant, but  
only a few responses were received, some  
people even thinking that their land  
was not suitable for the purpose. During  
the last few days W. E. Anderson, secre-  
tary of the board has had requests from  
a couple of outside manufacturing firms  
for information regarding sites to locate  
factories where there is a probability that  
these will soon be found, it is  
difficult owing to the fact that the names  
desired are not available.MARION CRAWFORD LEFT  
ESTATE OF \$48,000New York, Aug. 22.—(Canadian Press)—  
The estate of F. Marion Crawford, novel-  
ist, who died in Sorrento, Italy, in 1909,  
is appraised in a report filed here today  
by the state comptroller. The estate is  
valued at \$48,000, and is divided among  
the author's widow and his four children.  
Mr. Crawford owned little property in  
this country outside of the copyrights on  
his books.FREEZING POINT REACHED  
IN WEST LAST NIGHTToronto, Aug. 22.—(Canadian Press)—  
During the night the freezing point was  
reached in a few places in the western  
provinces. Fine weather has prevailed in  
all portions of Canada except in the Lake  
Superior district where rain has occurred.

## LAST DAY OF CONGRESS

Washington, Aug. 22.—(Canadian Press)—  
The extraordinary session of the 62nd  
congress will close at 3 o'clock this after-  
noon. All that remained for today's pro-  
ceedings was the receipt of the president's  
veto of the cotton tariff revision bill, the  
final attempt of the democrats for ad-  
justment of the tariff without waiting for  
the report and recommendations of the  
president's tariff board.The veto message with the vetoed bill  
will be referred at once to the public  
ways and means committee and then con-  
gress will mark time to the fixed hour of  
adjournment.SIR WILFRID IN  
RURAL QUEBECAddresses French Canadian Farm-  
ers at St. Julien—Hon.  
Rodolphe Lemieux Able to  
Resume SpeakingSt. Julien, Que., Aug. 22.—Sir Wilfrid  
Laurier carried his campaign into the rural  
districts of the province yesterday, address-  
ing a gathering of French-Canadian farm-  
ers here this afternoon. Several hundred  
people were present, many driving into  
the village from distant farms.Hon. Rodolphe Lemieux, who has quite  
recovered from the throat affection which  
has been troubling him, also spoke.  
The meeting was presided over by Mayor  
Lefort. A feature was the presence of  
D. A. Lafontaine, K. C., who two years ago  
carried Montserrat county, in which this  
village is situated, as an independent Lib-  
eral, although Quebec farmers opposed him,  
endorsed by the government. Mr. Lafon-  
taine has again been nominated to contest  
the county and yesterday the premier en-  
dorsed his candidature.CHARLES K. CAMERON  
DID NOT LEAVE WILLW. A. Quinlan Administrator of  
Estate—Question About Money  
Left By Lenoire Woman in  
Under ConsiderationCharles K. Cameron, whose death occur-  
red last week, left no will. The matter  
of his estate came up before Judge J. A. Ar-  
mstrong in the probate court today. Mr.  
Cameron is survived by his wife, Mrs.  
Frances A. Cameron, and has no children  
and no next of kin in this coun-  
try. It is believed that he had com-  
pleted his will in Scotland. Their names  
and addresses are unknown here.The widow renounces in favor of William  
Quinlan, of Lancaster, farmer, and there  
being special reason why administration  
should be granted before the usual  
period of fourteen days, he was appointed  
administrator. There is no real estate.  
Personal estate consisting of household  
furniture, stock in trade and other per-  
sonal effects valued at \$12,000. Clarence H.  
Ferguson, is executor.In the matter of the estate of Mrs.  
Martha Stinson, of Lenoireville, widow,  
there was return of a citation to prove the  
will of Mrs. Anne Jane Cochrane, a  
daughter, the administratrix. The estate  
consisted of goods in a shop at Lenoireville  
kept by her, but besides this there were  
three separate funds in banks—some \$2,  
\$000 in the Dominion Government Savings  
Bank on deposit in the name of deceased  
her son Oliver Stinson; some \$800 in the  
Bank of Montreal, and some \$1,000 in the  
Bank of Nova Scotia. The question arises  
whether these were the property of the children  
whose names appear on the will, or whether  
they were the property of the deceased and  
her husband. The evidence of the four sons  
and two daughters was taken and the  
court considered. J. King Kelly is proctor  
for the administrator and Recorder Baxter,  
K. C., proctor for the estate.In the matter of the estate of Marg-  
aret Elison, the money ordered to be dis-  
tributed by the decree in this estate hav-  
ing been deposited with the receiver gen-  
eral of the province on interest under the  
terms of a recent act, an order was made  
today finally paying and allowing the ac-  
counts of the executors. J. Roy Campbell  
is proctor.

men and fishermen their turn.

THE GREAT  
CAMPAIGN

LIBERAL SUCCESS ASSURED.

"I look for a landslide for Laurier in On-  
tario," said a prominent Hagersville Con-  
servative on the train after the Laurier  
meeting at Simcoe. "I simply have to vote  
for reciprocity.""It will be a sweep in Ontario," was  
the comment heard frequently after the  
meeting closed.E. W. Thompson, the correspondent of  
The Boston Transcript, was an interested  
auditor. He declared that each day makes  
him more convinced that the under-estimated  
rather than over-estimated the major-  
ity which Laurier will receive."Who, being dead, yet speaketh." It  
is evident that the voice of Sir John A.  
Macdonald is likely to be heard quite fre-  
quently during this campaign—but always  
from Liberal platforms.SIFTING NOW A TORY IDOL  
(Halifax Chronicle).The opposition organs announce that  
Hon. Charles Sifton is to be sent to the  
maritime provinces to speak against re-  
ciprocity. The whole of time brings  
about the fact that nearly all the juries  
the oppositionists were beseeching the  
people to defeat the government because  
"this man Sifton" was a supporter of it."I will bet 20 to 1 that the Laurier gov-  
ernment goes back to power," said a man

## THE TIMES' NEW REPORTER

An Englishman's Mistake.  
There was an unexpected disturbance  
at Patrick's Hall last evening. The En-  
glishman's attention was called to the  
presence of a person who did not carry  
a flag, and who was apparently a stran-  
ger. He was promptly asked to tell who  
he was and what he was doing there."Why," said the stranger, "I'm an En-  
glishman. I heard this was the place  
where Englishmen felt most at home, so  
I come here.""Have you a flag?" demanded the En-  
glishman.  
"I can't say as I have," said the En-  
glishman. "But I fought for it a few  
times. I have a scar or two.""You must have a flag," said the En-  
glishman. "It is a flag election. Mr.  
Hazen said so.""If you'll pardon me," said the En-  
glishman, "I'll make a pocket handker-  
chief out of the Union Jack. We respect  
the flag where I come from.""Can anyone vouch for this person?"  
demanded the Exalted Patriot. "If not  
he must retire. He does not appear to  
realize that the Empire is tottering.""So said it was," demanded the En-  
glishman. "It's a bloomin' liar-  
lover.""Put him out," said the Exalted Pa-  
triot.Greatly to his amazement, and against  
his strenuous protests, the Englishman  
was seized by a pair of husky Patriots  
and dragged out of the hall."We will now proceed to business,"  
said the Exalted Patriot.

## THE UNHOLY ALLIANCE.

(Montreal Witness.)

The apparent success of Mr. Bourassa's violent and persistent  
campaign to stir up among his people a settled hatred against the  
British Empire seems to be giving great satisfaction to the Conser-  
vative party. The reason for this satisfaction is that Mr. Bourassa  
and his apostles devote all the thunder they can muster to denounc-  
ing the imperialism of Sir Wilfrid Laurier. Mr. Bourassa now denies  
that he personally ever said that the Laurier navy meant that the  
people's children would be torn from their mothers to fight England's  
battles in the ends of the earth. He has been reported as saying  
so, and it is still averred that he did. It certainly has been said,  
and mothers have waxed furious against the Empire in consequence.  
This then is the war that is being made against Sir Wilfrid Laurier  
in Quebec province. This is the alliance by which the foes of re-  
ciprocity hope to conquer.

Shooting For The Governor-Gen-

and The Winners

(Canadian Press)

Ottawa, Aug. 22.—The big match of the  
Dominion Rifle Association met started  
today when shooting commenced for the  
governor-general's prize. This match  
stretches over the entire meet.  
The very unsteady wind was hard to  
negotiate at the matches yesterday, with  
the exception of the tyro match, when  
the conditions were fairly good. On the  
day's shooting the scores were low and  
all blame the wind for it. Had it not  
been so difficult, however, to gauge  
as were the breeze at the Toronto  
matches in the week before.The scores yesterday were decidedly  
lower than they were for the same day  
last year. Both the McDougall and Bank-  
ers matches count in the aggregate, and  
accordingly many of the crack shots were  
anything but cheerful. Nevertheless, there  
is a long way to go yet and there are  
more scores to count in the aggregate  
this year than last, giving a better op-  
portunity to pick up any break.

The Scores

man apparently eighty years old, decrepit  
and ragged, who has been wandering  
around the streets for several days, was  
taken to the Chicago avenue police sta-  
tion yesterday, where \$7,000 was found  
on his person.While walking past the prisoner's cell  
duty tonight the old man of mystery  
shuffled a roll of bills, which he could  
not reach around with both hands. Af-  
ter awhile he began to shuffle the bills  
through the bars as though dealing a pack  
of cards.A search of the old man's clothing  
brought forth more than \$3,000 bills, and  
bank books showing deposits of \$3,800.  
Last night he was taken to the station  
where he had come from Canada and said  
his name was Torsten Jensen Asgaard.  
He could not give his home address.PASTOR OF UNSTABLE

All Saints church at Marinnis Harbor,  
Staten Island, is in difficulties because the  
new pastor has been seasick with the  
slightest pitching or tossing of the ship.  
All Saints is a floating church,  
for many years called the church for sea-

little station and community whose citi-  
zens are largely seafarers.The anchorage is an exposed one, and  
frequently the brick work kicks up a lively  
sea, so that the church boat pitched  
and rolls. The pastor, Dr. William M.  
is a landsman, and on at least one occa-  
sion recently he has found it necessary to  
cut the services short.LIGHTNING INVADES MAN'S  
POCKET IN FREAKISH CAREERMansfield Center, Conn., Aug. 22.—A bolt of lightning threw itself into the hip  
pocket of George Barrow, a farmer, as he was sitting in the kitchen of his home  
here last night. The bolt came into the house via the stove pipe and was at-  
tracted to Barrow's hip pocket by the presence of an iron money wrench and a big  
jack-knife there.It passed down his leg, burning him severely, and then careened over the floor,  
upsetting a tub of water, and splitting a huge chopping block. In Barrow's pocket  
the end of the wrench and the blade of his knife were fused into a solid piece of  
steel.
