cipal milk supply firms in the General Manager Harriman of the gives the following interesting in mation

"Dear Sir or Madam! We beg nd failing, will submit the strike propelled to raise our prices from 1st as follows: One pint daily month; two pints daily, \$3.50 month: thres pints daily, \$5.2. onth; four pints daily, \$7 per mo and ten cents per quart addit above these amounts. Tickets will e sold at eighteen for one dollar. What this circular really shows

One pint daily was \$1.75 per mon It is now \$2. Increase 121/2 per cen Two pints daily was \$3 per more is now \$3.50, Increase on 162-3

Three pints daily was \$4.50 pe month. It is now \$5.25, Increase

per cent, Four pints daily was \$5.75 per mon The great majority of the public hit on the "one pint daily" and

to the Davis wharf, and summoned the against the proposal to increase in Victoria are now required to pa cents a quart if purchased on "ticket" plan, and over 13 cents a if purchased on the "1 pint daily"

What is the reason for the increa The cause as given in the circula "the increasing cost of deliver liverers and the expense of wagons horses. Yet apparently no one ha part of milk teamsters for higher wages, nor, in fact, that any general

the city being in course of repa milk wagons used do not last that on the occasion, not so very lo ago, when there was a combined a tempt on the part of the milk trade Victoria to put up the price it was dis covered by the firms interested, at

> ing in the trade for an increase round. Some milkmen give the con forting information that the increas

crease would be rather too startling.
