TO THE FARMERS OF MIRAMICHI. We have been Manufacturing IRON FRAME MOWERS BEST MOWER

DEST MOWER,
combining greater excellence of mechanical simplicity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant 1 monstruction they are similar to the celebrated Water A. Wood's Iron France Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 m use, and the extraordinary number of 20,000 were manufactured and cold last season, by the Wood Company of United States. We have over 500 of our manufacture ned States. We have over 500 of our manufacture and unsument of the grand and unprecedented sua mountent of the grand and unprecedented sua manufacture and our enterprise. A list former agents in this section of the Province will be found appended, and farmers are requested to sak information of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their maquestionable supernetty over any other mower to be had in our market.

The facility of procuring all parts or pieces within a nominal length of time must show beyond the shadow of a doubt the claims such an enterprise any of the mover to be had in our market.

For the coming harvest of 1877 we will manufacture LARGELY in excess of our numbers of last season, and trust that our growing enterprise may find such inducements held out to it as will be commensurate with its merits.

Let it be remembered we have no hesitation at all times, in entering into a friendly competition in the field with any other machine in our market.
