The most eloquent argument we can produce in favor of our New Spring Stock is comparison. This will prove that the same styles and make in as good wearing materials cannot be got elsewhere for anything like the same price, this is because we get cash for every article sold, this is why our business grows so fast. Just think of it. One store opened 1901—four stores in one, 1907.

DEEPENING THE CHANNEL

Waterways Association to Develop Interest Among the People of the Central States

CHICAGO, April 3.—A conference between the board of governors of the Lakes—the Gulf—deep waters, and board of governors of the waterways association, will be held tomorrow night to decide upon the work to be done by the board of the waterways association. Plans will be made for an extended educational campaign along the Mississippi Valley. The deep waterway association is striving to have the government open up channels through all the rivers that contribute to the Mississippi river system. To help in the work it is desirable to have the people realize the tremendous advantages which would accrue from the opening of natural waterways. The conference will also plan to assist the waterways commission recently appointed by the government in making its report before the next Congress meets. They will also discuss the advisability of supporting men for election to Congress from the Mississippi states who will work for the deep waterway.

HIGH SCHOOL STUDENTS BROKE UP THE BAND

The Rubie brass band of half a dozen pieces who have been parading the streets about noon advertising a show, went the wrong route today. The musicians arrived at the corner of Union street and Chipman's Hill about the same time as the High School scholars left the building. The snow was good for snowballing and the boys gave the musicians a fusillade that they will long remember. In fact the band was broken up and reached the theatre in sections.

TEMPERANCE WAS THE ISSUE IN COLORADO

DENVER, Colo., April 3.—All the cities and towns of Colorado, excepting Denver, held municipal elections yesterday. The most conspicuous victory for the anti-saloon element was at Boulder. At Cripple Creek the Democrats regulated control. In Leadville and Pueblo the Democrats were also victorious. In Colorado Springs the Republican ticket won. In mountain towns where liquor selling was before the voters, the saloon element carried the day.

TO STUDY CONDITIONS OF CHINESE IN AMERICA

SAN FRANCISCO, Cal., April 3.—Proclamations were posted throughout Chinatown yesterday announcing that Lian Hing Kwei, a noted educational authority of China, had been commissioned to come to America to study the educational conditions of the Chinese children. The proclamation was signed by the Chinese minister at Washington.

There will be no band at the Queen's Holloway this evening owing to the 62nd band having another engagement. There will be polo practice, to which those who go to skate may remain.

BOURASSA WENT AT IT AGAIN TODAY

But Was Declared to be Out of Order—Matter Will be Otherwise Dealt With.

OTTAWA, April 3.—The first morning sitting of the session was held this morning and Mr. Bourassa brought on his motion. He moved that as Mr. Fowler was evidently connecting ministers and members with women, wine and graft, Mr. Fowler should name the ministers and members and specify the charges and until he does so he stands censured by the house. The speaker ruled that the motion was out of order as it had been the subject of a resolution of privilege by Mr. Bourassa Feb. 28, and that resolution had been the subject of debate.

PRINCE EDWARD ISLAND FACES A DEFICIT THIS YEAR

CHARLOTTETOWN, P. E. I., April 3.—The estimates tabled in the provincial legislature today include on current account, estimated \$32,428, capital account, \$21,500. The largest item is administration of Justice \$21,000, education \$125,000, legislation \$10,000, public works \$15,000. The estimated revenue will be given in the budget tonight. As only half of the increased subsidy from the Dominion Government has been received, it is likely to be a small deficit. When all of the increase of seventy thousand is paid a surplus is expected.

HEARING OF EVIDENCE IN THE RESTIGOUCHE ELECTIONS

FREDERICTON, April 3.—The taking of evidence in the matter of the general election was begun this morning in the legislature before a committee composed of the attorney general, Hon. P. J. Swenson, Hon. C. W. Robinson, J. D. Hasen and Geo. Clark. After consideration it was decided not to have counsel appear, as it meant much additional expense, and the committee itself being composed entirely of lawyers felt that the matter should be clearly investigated by the committee. At the session this morning outside of the committee, there were present W. A. Mott, James E. Stewart, Hon. J. E. Stewart and Mr. Curry, government candidate in the recent election, and members of the legislature. The great number of witnesses present to give testimony. This was done in the corridor until each witness gave testimony. This was decided upon as being the most acceptable in the interests of all concerned. James E. Stewart was the first witness examined and he described the holding of the election at Balmoral, Restigouche. His evidence in substance was to the effect that one-third of the voters went behind the screen to decide on their ballots, while the others carried their ballots in the box and handed it to the returning officer, that many of those who voted were employees of Mr. Reid, M. P., at Balmoral. Both Mr. Stewart and Mr. Reid were in attendance at this poll during the election.

SIXTEEN HUNDRED MEN IDLE AT SPRINGHILL

All the Miners Went on Strike This Morning

Because a Few of the Employees Failed to Join the Union—Mines are Closed Down

AMHERST, N. S., April 3.—All the men employed at Springhill Mines went out on strike this morning. A short time ago notices were posted around the works by the F. W. A., stating that all non-union men must join the union before April 1st or the union men would refuse to work with them. A number did not comply with the demand and a meeting of both Pioneer and Mechanics lodges was held last night and this morning no one went to work. About sixteen hundred men in all are out, the only ones working being the firemen who were allowed to remain to keep up steam. It is thought that the matter will be satisfactorily adjusted in a day or two. There is no issue at all between the men and the management.

THE CARPENTERS' STRIKE IS PRACTICALLY OVER

Agreements Have Been Reached With the Majority of Builders.

The carpenters' strike is now about over. At least, the men now out number only twenty, and it is quite probable that they will start work in a day or two. The master carpenters have, with the exception of a few, arranged matters satisfactorily with the men, and the majority are giving the trouble between these men and Messrs. Clark & Adams was not over the wages paid but on account of several non-union men being employed on the job. Yesterday representatives of the carpenters' union called upon the men and they were persuaded to join the union. As soon as they had signed the papers the whole force went back to work. The few master builders who still hold firm and refuse to grant the increase are at present experiencing a slow business, as the spring building operations have not yet commenced, and they are not satisfied that the matter of making a grant for dredging at the new wharf site and in the main channel will come under a different head.

WONDERING WHAT THE DREDGING GRANT IS FOR

There was considerable discussion about City Hall this morning over the action of the government in making a grant of \$13,000 to be spent in dredging the St. John harbor. Several aldermen were under the impression that this amount will be the only one given for dredging, while others thought that the \$13,000 was simply a grant to be used in dredging the harbor. The general opinion is, however, that this amount was voted to be used in dredging the Navy Island harbor.

TONIGHT'S ISSUE OF STAR IS A RECORD BREAKER

Tremendous Advertising Patronage—Special Sales by Different Firms

It is doubtful if in the history of this busy little paper a greater amount of advertising has been displayed in any one issue than that printed today. It is somewhat of a high-water mark, indicating that shrewd business men place implicit confidence in The Star as a business bringer.

TORONTO, April 3.—Word has been received in Toronto of a new strike on the Empress, where an assay of 120 ounces of silver to the ton has been reported.

NICHOLS WAS NOT VERY LONG OUT OF JAIL

Eight Drunks Fined in Police Court This Morning—One Man Upset by Political Troubles.

BOSTON, Mass., April 3.—When the friends of Rodney MacDonough heard yesterday of his marriage they did not believe it, thinking it was an April fool joke, for Mr. MacDonough has for many years measured up to all the requirements of the confirmed bachelor. The bride is Miss Gleason, a charmingly pretty girl from St. John, who has been living at Young's Hotel. She has a sister in East Boston, Mrs. F. K. Smith, who was much surprised at the marriage.

LIGHTING PLANT BURNED AT A LOSS OF \$2,500,000

SAN FRANCISCO, Calif., April 3.—The destruction of the electric light and power house of the San Francisco Gas and Electric Light Company, 3rd and Second Avenue South and Georgia street, by fire last night, plunged almost the entire city in darkness, resulted in the injuring of five firemen at least one of whom will die, and caused a loss of about \$2,500,000.

NEW YORK POLICE RAIDED A POOL ROOM

NEW YORK, April 2.—The police early this evening raided another alleged pool room, arresting three men. There were five telephones in the room, and the police said that while there several patrons called up to place bets. Their names were taken and they will be at once subpoenaed to appear before the grand jury.

TALK OF CANDIDATES.

Although Aid Lewis will likely be a candidate for civic honors at the coming elections there is a possibility of R. G. Haley running for Sydney ward. Mr. Haley has so far refused to consider the matter, but as a large number of citizens have asked him to be a candidate, he may yet be persuaded to run.
