MANY DON'T KNOW HEART AFFECTED.

## More People than Aware of It Have Heart Disease.

"If examinations were made of every-one, people would be surprised at the num-ber of persons walking about suffering from heart disease." This startling statement was made by a doctor at a recent inquest. "I should not like to say that heart disease is as common as this would imply," said the expert, "hut I am sure that the number of persons going about with weak hearts must be very large."
