

UNREST IN EGYPT MAY LEAD TO CRISIS

Firm Measures Needed to Suppress Lawlessness Throughout Historic Land.

CAIRO, May 7.—It is clear that serious trouble will occur in Egypt unless the administration acts with firmness. For some time things have been going from bad to worse. The native press pursued a course of sedition that has at length driven the government to reintroduce the press law of 1881.

Some idea of the condition of law and order in the country may be formed from the fact that 634 murders are known to have been committed during the first half of last year. It is expected that later statistics will show an increase.

Fights between villages and families are common. Lately there occurred one of these sanguinary encounters where nine or ten dead and twenty or thirty wounded were left on the field.

Train wrecks are frequent, blood feuds are common, and there is practically no security in the country.

The British, and not the Egyptians, are to blame for the state of things, for they have withheld punishment when in common justice it should have been given.

A new development of the situation is an attack by the Nationalists on the khedive, whom they accuse of caring more for making money than for his country, and threats of revolt against him are freely made.

For a long time men aware of the facts have tried to point out that the Egyptian underclass, being ruled, but only regarding themselves as a sign of weakness. Had absolute justice and firmness been employed from the first there would have been no need for press laws to be invoked, nor would outbreaks of crime be so common as they are at present.

The Egyptian has been encouraged by feeble and partial administration, and Great Britain must assume her share of blame for a situation which may have to be dealt with under military law.

Some of the English magazines are standing to arms, and all leave is cancelled.

It is a pity that the Egyptian people are not more united and more patriotic.

IRISH CROCHET LACE IS SEASON'S FASHION

English People to Patronize Home Manufacture Instead of Buying Abroad.

LONDON, May 7.—There are indications that the most popular lace of the year will be Irish crochet, and British women, who have been buying goods instead of seeking their Irish trimmings in Bruges and Brussels.

Irish crochet has been in vogue for some time, but the demand is going to be greater than ever this season. The reason given by fashionable experts is that so many of the more substantial accessories of the wardrobe, such as dresses, coats, parasols and even handbags and slippers, are going to be made of lace, and the fragile texture of net laces would be useless.

It is not many years ago since Irish crochet was looked on as a luxury only within the reach of the very wealthy women, an expert in Irish laces said yesterday.

The woman who required a whole dress had to give her order a couple of years before she wanted to wear it.

"Quite a reasonable time elapses now when an order is given before it is delivered, and the price has naturally decreased, as the output has been larger."

"Irish crochet has much in its favor. It is excellent lace for wear, and can be made in a heavy design in coarse thread or in the finest patterns of cobweb texture."

"Roses and lilies, with garlands of leaves, are woven together and the most exquisite floral effects can be crocheted into an evening gown."

"Irish crochet will be used for a variety of purposes this year. Coarse bands of insertion will appear on morning or river linen gowns. Fine edgings will do duty as decoration for flimsy muslin frocks."

"The most costly garden party or ball gowns can be built entirely of crochet from the Emerald Isle."

"Loose lace coats, to wear over muslin robes will be very popular, and lace hats will also be seen. Delicate little matinee bonnets of Irish crochet, threaded with crocheted ribbon, are a most fascinating form of headgear."

"Irish crochet bags with gold mounting, will be seen, and finer lace riding gloves to hold a tiny lawn handkerchief inset with crocheted medallions."

"The paragon of lace, Irish crochet, lined with innumerable frills of chiffon, with a long handle of tortoise shell, silver or mother-of-pearl."

"But one of the prettiest and coolest fashions will be Irish-crochet slippers, with high red leather heels and clasped by old paste or jeweled buckles."

"Irish crochet will be used for a variety of purposes this year. Coarse bands of insertion will appear on morning or river linen gowns. Fine edgings will do duty as decoration for flimsy muslin frocks."

ABDUL SENT MILLIONS TO NEW YORK BANKS

Deposed Sultan Was Losing Confidence in France

Considerable Disorder Still Prevails Around the Turkish Capital—Brigand Fires on an Austrian Officer.

CONSTANTINOPLE, May 7.—The parliamentary commission which is taking an inventory of the contents of the Imperial palace at Yildiz, the residence of the deposed Sultan, has learned that Abdul Hamid deposited during recent months considerable sums of \$10,000,000 in German banks. An examination of the accounts of the deposed Sultan indicates that his confidence in French banks diminished several years ago and then passed successively to Great Britain and Germany and was recently beginning to be reposed in American houses. It is maintained that Abdul Hamid, while in the former Constantinople garrison and political fugitives who have undertaken to live on the country.

Count Dene, secretary of the Austrian embassy, who is at present engaged in organizing the first for him at Constantinople, rode out to Sweetwaters in the western suburbs yesterday to examine the country. While there a man stepped out of a clump of bushes by the highway, pointed a revolver and demanded money. The count turned quickly and galloped away. The man fired two shots, but neither found its target.

WATERLOO STUDENT KILLED BY LIGHTNING

Canon Welch Resigns and Will Go to England

NEW TECHNICAL SCHOOL TO BE BUILT AT MONTREAL—Big Lumber Property on the Coast Destroyed.

ANNAPOLIS, Md., May 6.—May 6.—Annapolis is to have the Curlew bell. This action was decided on at the last meeting of the town council, and on after the tenth of this month the curlew bell will be rung at nine o'clock on October 1st, when it will be rung at eight o'clock. The alarm will be sounded on the bell at the fire station. The bell will be rung first for a few seconds and then will be an intermission of ten seconds and the bell will then be rung again for a second time.

CANON WELCH GOES TO ENGLAND. TORONTO, May 6.—Canon Welch is to resign from the rectory of St. James' cathedral, which he has held since 1905. He will go to England, where he will be made Dean of Wakefield, in Yorkshire.

The main factor in his decision to leave is that his father, Rev. Andrew Welch, rector of Woodchurch, in Kent, is now well up in years and desires to have his son in England.

BIG FIRE ON THE COAST. VANCOUVER, B. C., May 6.—Three hundred and fifty thousand dollars damage was done by fire early this morning, which wiped out the main buildings and saw mill of the Northern Pacific Lumber Company at Barret, twelve miles up Burrard Inlet from Vancouver. Fire engines were sent from the city over the Canadian Pacific coast road to the scene, where they found the mill on fire.

STUCK BY LIGHTNING. TORONTO, May 6.—James Merrigold, a student at Woodstock, Ont., College, was struck by lightning this evening while he was on his way home from football, and took refuge under a tree when the storm came up. All ran in to the shelter before the lightning struck, except Merrigold and Edgar Knight, of Smith's Falls. Knight was badly shocked.

NEW TECHNICAL SCHOOL. MONTREAL, May 6.—The contract for building the new technical school, the architects of which are Archibald & Perreault, was today given to Messrs. Lyster & Sons, the tender, \$87,000, being lower than the rest. The board was much gratified with the price obtained.

AFRAID TO RETURN TO GARNER THE HARVEST

Grain is Now Ripe in the Adana District

But Armenians are in Dread of Furies Slaughter—Mission School and Other Property Destroyed.

ADANA, Asiatic Turkey, Wednesday, May 6.—(via Constantinople, May 7.)—The grain on the Adana plain is ripe for the harvest, but no Armenian refugees dare go back to their farms as the surrounding country is infested with brigands for any man not a Turk. Consequently there is no present prospect of employment.

The relief work is being carried on systematically in Adana. School camps have been established for persons suffering from contagious diseases such as typhoid fever and smallpox.

An investigator who has just returned here from a trip to Kessab reports that all the Armenian property at that place was completely destroyed by the Moslem raiders. It included a girls' high school under the direction of Miss Effie N. Chambers, a discipule of the American Board of Commerce for Foreign Missions.

Three fourths of the native houses also were destroyed by the Moslem raiders. The situation at Deirlyun on the coast north of Kessab still is critical.

Some food and clothing are being distributed but there is no system in the work and the supplies are wholly inadequate.

One hundred Turkish reserves have returned to this town but as they took part in the rioting and killing there the people do not trust them. The situation at Deirlyun on the coast north of Kessab still is critical.

STAR WANT ADS. BRING RESULTS. WORLDS COMMERCE SHOWS. CONSIDERABLE DECREASE.

Part of It Being Accounted for by Low Prices in Important Commodities.

WASHINGTON, May 7.—Measured in values of merchandise imported and exported, as compared with those of a year ago, trade conditions in practically all sections of the commercial world show a decline according to a report of the Bureau of Statistics issued today.

"This fall in the value of imports and exports of the principal countries of the world," says the report, "is probably due in part to lower prices of the principal articles forming commerce. While it cannot of course be said that 1909 prices are lower in every article than those of 1908, the figures indicate lower prices in foreign countries in many of the principal articles forming our own import trade and also a falling price of certain important articles of our own export trade."

On the export side the report continues, among the principal articles of export from the United States, raw cotton shows a decrease from eleven cents per pound in March, 1908, to 9.5 cents per pound in March, 1909, and sharp declines in steel rails, pig iron, cotton cloth, unbleached, canned salmon, rosin, turpentine, crude flax seed oil and refined illuminating oil.

LONDON, May 4.—It was tated at a Deputation inquest on a woman yesterday of the cause of her death, was suffocation, due to her dress fitting tightly round her neck.

ATHLETIC PEACE

TORONTO, Ont., May 6.—The Evening Telegram says tonight: "The C. A. U. at its meeting last night, reached peace from the Federation at a price that is not pleasant to friends of the former."

The terms are all in favor of the Federation of the Montreal A. A. and the result looks like a paralytic of peace by the C. A. A. U. at any price. The articles are to the effect that the C. A. A. U. recognize the mixing of amateurs and professionals in the seven existing clubs in the National Lacrosse Union and in the two British Columbia Clubs, Vancouver and New Westminster.

There are no new clubs to be added nor any of them to be recognized under any new management that may exist. Moreover this lacrosse agreement between the C. A. A. U. and the Federation is not to be rescinded at any time unless by unanimous vote, which is of course out of the question unless the Montreal A. A. A. U.

To Suffer From Headaches Makes Life Miserable.

It takes a person that has had or is subject to headaches to describe the suffering which attends them.

The majority of cases are caused by constipation and dyspepsia. The dull throbbing, the intense pain, sometimes in one place, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. In fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mr. Allison M. Brown, Sumnerfield, N.B., writes: "I am troubled with Constipation and Headaches for a long time. After trying different doctors to no effect, a friend asked me to try Burdock Blood Bitters. I had it completely cured after taking three bottles. I can safely recommend it to all."
