# **HOT SPELL IN UNITED STATES HAS ABOUT REACHED ITS LIMIT**

WASHINGTON, D. C., June 28.—The heat wave is on its last lap and tomorrow will mark its end in the Atlantic states, was the optimistic forecast of weather bureau officials tonight.

The temperature also will be less intense in the New England states and thunder showers, which are promised for the section east of Rocky Mountain, will produce cooler weather generally.

Scorching weather equally severe as has been recorded during the nine days of the warm wave, prevailed over the country today. The highest temperature was 104 at Yuma, Ariz. The average maximum temperature throughout the country was 90 degrees. In Washington an unusually high percentage of humidity, linked with high temperature produced great suffering, two deaths and nine prostrations being the day's record.

PHILADELPHIA, Pa., June 28.—Nine more deaths were added to the list of heat victims at this city. This makes the total for the present hot spell more than forty.

BOSTON, Mass., June 28.—A slight respite in the heated term to which Boston has been subjected for seven days past was experienced today when a heavy downpour of rain cooled the atmosphere for a time. A sultriness followed, however, which made the night one of the most uncomfortable of the season.

One death of the day was attributed to the heat, and eight prostrations were recorded at the hospitals.

CHICAGO, Ill., June 28.—Ten deaths, superinduced by heat were reported to the Chicago police today.

## **LOCAL NEWS**

Stunt Hampton will run an excursion to Hampton July 1st.

**NEW YORK DRESSMAKERS**, "reasonable prices. Telephone Main 1824-31. House 161 Mill St. 18-24-25

Curtains done up for full housekeeping with domestic care at Ungers. Tel. 28.

An engineer who knows how to keep down coal bills is easy to find. A want ad. will get you the man you need.

To cure a headache in ten minutes use Kunkinoff Headache Powders, 10 cents.

Cases of hats, 35 and 25 cents each. Mrs. Brown, 238 Union street.

You can't appreciate the value of an electric iron on ironing day till you have tried one. Tel. 873 and have our demonstrator call.

Poor tea is poor economy—use "Salada" and you will appreciate the excellent qualities of high-grade tea.

For Dominion Day, July 1st, the Dominion Atlantic Railway will issue special tickets to Digby and return by S. S. "Prince Rupert" at \$1.50 each.

An ideal day's outing for Dominion Day is the Portland Y. M. C. excursion to the Narrows and the Washademoak Lake by steamer Champlain. Tickets seventy-five cents.

## **NOTICE**

Change of Day. Steamer Sincennes will leave Indiantown, Wednesday, June 30, for Colons Neck and Indian town, leaving at 3 o'clock p. m. in order to take an excursion from Colons Island, to Fredericktown, on Dominion Day, returning from Colons Island Friday on her regular trip to St. John. D. H. NABE, Agent.

A committee of the School Board made an inspection tour yesterday afternoon, of the Manual Training Building. Repairs and improvements are to be made which will add materially to the usefulness of the school and advantage of the pupils. The committee will make its report to the school trustees in a few days.

## **Beware of Ointments for Catarrh That Contain Mercury**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pill for constipation.

A pleasant reception was tendered Rev. Jas. Crisp last evening by the members of Zion Church in their school room. Mr. Crisp is just entering the fourth year of his pastorate, and the congregation wished to extend a slight token of their appreciation of his services. During the evening Hon. D. J. Purdy presented him with an address, accompanied by a purse of gold, to which Mr. Crisp responded in a most fitting manner.

NEW YORK, June 28.—The second of a series of cooling local thunder storms which was promised to heat-oppressed New Yorkers by the United States forecasters, broke with the violence of a cloud-burst late today. The downpour and the accompanying electrical disturbance lasted only fifteen minutes, but it was responsible for the death of one man and the injury of several persons, while hundreds of city streets were turned into rivers and cellars were flooded.

At the Polo Grounds, the game between New York and Brooklyn was about to be called when the storm broke. As the five thousand "fans" rushed for shelter, a blinding bolt struck the tall flagpole in centre field, smashing the upper portion of the staff into splinters and tearing down the pennant flag which the Giants won in 1906. A quarter of an hour later the rain ceased, but the diamond was a lake, making a postponement necessary.

There was a sudden drop in temperature with the approach of the wind and rain and the weather man gave assurance that the heat wave had passed.

Summing up the results of the heat wave which has held New York in its grip for a week of more, Health Commissioner Darlington in his weekly sanitary report today, noted an increase of nearly 200 deaths over the figures for the corresponding period last year. "An average of five deaths a day from sunstroke for the period of high temperature was reported, while many other deaths for which the weather was held primarily responsible were reported under the caption 'heart disease' and 'infant's diseases'."

At a meeting of the ladies' auxiliary of the Women's Missionary Society of the Exmouth street church last evening, at the residence of Mrs. James Myles, Wright street, Mrs. Samuel Howard, wife of the pastor of the church, was made the recipient of a handsome coffee percolator and silver scallop dish, as tokens of esteem from the members. Rev. Mr. Howard and Mrs. Howard will leave about July 7 for St. Stephen, Mrs. W. C. Matthews read an address expressing high appreciation of Mrs. Howard and regret at her removal from their midst. Mrs. Myles then made the presentation. Mrs. Howard, who was quite unprepared for the pleasant little ceremony, made a suitable reply.

The tender for the supplies for the General Public Hospital for the coming year were awarded yesterday as follows: J. S. Gibbon & Co., coal; A. E. Macanally, milk; T. Collins & Co., butter; B. J. Elliott, bread; O'Brien Bros., meat; G. E. Barbour & Co., flour; G. S. de Forest & Sons, paraffine oil; T. Collins & Co., soap, groceries and vegetables.

Miss Bernice Jamieson, of Hopewell Cape, Albert County, is in the city en route to Calgary, where she will be married to Mr. Charles Card, also a native of Albert County. Mr. Card formerly did business in St. John, as well as in Moncton and Halifax, and has many friends in all three places. He went west a year or two ago and has met with much success there. Like many others who have prospered in that part of the country, Mr. Card feels that western Canada is the land of opportunity. Miss Jamieson formerly lived in this city, and she goes to Calgary accompanied by the good wishes of her large circle of friends here and elsewhere. She leaves on the Montreal express tonight.

## **AT THE HEAD.**

It is stated in Mr. and Mrs. Pennell's life, of the Manual Training Building, that part which relates to his brief West Point career that the great American painter was not only a brilliant appearance, bearing or habit. Whistler's horsemanship is said to have been hardly better than his scholarship. According to General Webb, it was not wholly unusual for him at cavalry drill to go sliding over his horse's head. On such occasions Major Sackett, then in command, would call out: "Mr. Whistler, aren't you a little ahead of the squad?"

"According to Whistler's version to the Pennells, Major Sackett's remark was: "Mr. Whistler, I am pleased to see you for once at the head of your class."

## **IMPOSSIBLE**

In a certain town are two brothers who are engaged in the retail coal business. A noted evangelist visited the town, and the elder brother was converted. For weeks after his conversion he endeavored to persuade his brother to join the church. One day he said to him, "Why can't you, too, join the church, Richard?"

"It's all right for you to be a member of the church," replied Richard, "but if I join who's going to weigh the coal?"—Lippincott's.

## **WALDO WAS AMPLY JUSTIFIED**

Visitor—How old are you, Waldo?

Waldo Emerson Bostonians—Does the subject really interest you, madam, or do you introduce it merely as a theme for polite conversation?—Life.

## **THE POLITICIAN.**

"Don't you know that no one listens to or reads your speeches?"

"Yes," answered Senator Sorghum; "in that way I avoid making enemies."

The battle is not to the strong alone. It is to the active, the vigilant, the brave.—Patrick Henry.

## **TRIANGULAR TESTS IN ENGLISH CRICKET**

LONDON, June 28.—Representatives of England, Australia and South Africa met at Lord's, and after approving of the principle of triangular cricket contests, suggested that the first should be held in England in 1912. To the motion of approval was added the following rider:

"That, having regard to the following arrangements having been made, i. e., for England to visit South Africa in 1909-10, and South Africa, to visit England in 1910-11, an effort should be made to have the first triangular cricket contest in England in 1912, subject to South Africa waiving its claim to come alone in that year, and to further this object England pledges itself to visit Australia in 1911-12."

It is an interesting fact that although Australia rejected the proposal when made by Mr. Abe Bailey on behalf of South Africa, Mr. Fildes, acting for the Australian Cricket Board of Control, seconded the resolution moved by Mr. Hilliard.

## **THE DOMINION TOURNAMENT.**

The seventeenth annual rink competition for the Dominion Lawn Bowling trophy, presented by Hiram Walker & Sons, Limited, will take place on Monday, August 16, and following days. Play will begin on Monday at 2 p. m. sharp, and will be continued at 8.30 a. m. sharp on the following days.

The Dominion Lawn Bowling trophy is open for competition to members of all lawn bowling clubs in the Dominion of Canada, and is to become the property of any club whose representatives shall win it the greatest number of times in ten years.

## **CANADIAN HORSES AT THE OLYMPIA.**

The London Daily Telegraph dealing with the recent Horse Show at Olympia, says: "There cannot be any doubt that the presentation of Mrs. Howard and regret at her removal from their midst. Mrs. Myles then made the presentation. Mrs. Howard, who was quite unprepared for the pleasant little ceremony, made a suitable reply."

## **PARRY SOUND.**

June 28.—The bark Tempest II, from Cleveland, Ohio, was totally destroyed by fire at Galinas dock here this morning.

# **SPECIAL INDUCEMENT**

For the many who were unable to get waited on Saturday, we are going to make SPECIAL INDUCEMENTS for the MIDDLE OF THE WEEK. Two reasons for so doing. Firstly that it may remove the congestion on Saturdays. Secondly, that it may increase the Middle of the Week Sales. We have resolved to give all our customers the benefit of our EXTRAORDINARY CHEAP PRICES for the middle of the week. On Saturday hundreds had to leave without attention and to avoid the big rushes we will give even stronger inducements to our customers to come earlier for their Shoes and Furnishings. Buy in the middle of the week and the better assortment of sizes, widths etc. will be here for you and more than that you will receive much better attention when there are not many others standing about you. From below you can read what we are doing in prices.

243 UNION STREET CORNER BRUSSELS

## **AMUSEMENTS HAPPY HALF HOUR!**

We fully expected to have had a big attraction here to open yesterday, and had practically closed with one that has played in the leading theatres of Great Britain, Europe and America, having only appeared in New York three weeks ago. From information received on Friday we wrote the attraction saying that "if unable to do as stated we would cancel the engagement the first night." Sunday we received a C. P. R. wire: "Regard your letter as too exciting. Refuse to go." That's why we have no special attraction just now, because we have made it a rule to give nothing but what we advertise, and the best or none at all, so you can depend on the H. H. H. attractions being good.

## **PRINCESS** Positively the Biggest Success Ever. The Four Acts are the best that have ever been performed together on any stage in this city. LEO and CHAPMAN. Wanted—A Donkey.

pert from the mill can tell by a glance at the date of manufacture the very name of the employee who made it. The watermark is produced by a design countermark in the woven wire bottoms of the trays in which the hot paper pulp is poured and dried. It has never been successfully imitated.

Extraordinary precautions are taken for the security of the mill where these notes are made, as well as of everything in the mill. There is, of course, a staff of police constantly in attendance and a private wire to police headquarters, nine miles away.

The watchmen who patrol the mill corridors every night must pass at each quarter of an hour clocks of wonderfully ingenious construction, the revolving dials of which are pierced with holes, which at the precise moment the watchman is due before them pass over a slot. The watchman pushes through a peg he carries, and the clock ticks on. Should he not present himself at the moment scheduled for him to appear, however, the timepiece immediately sounds an alarm—New York Tribune.

**USE OF PILLOWS.**  
A Habit That Is Unnecessary and at Times May Be Harmful.

"Pillows are little more than a fad and a rather harmful one at that," said a Germantown doctor. "They should, indeed, only be used by those who sleep on their sides, as they are really injurious to others. When you sleep on your side your shoulder prevents your head from lying level on the bed, and pillows are useful to raise the head to this level.

"The natural and most healthful position for the ordinary person in sleeping is for one's head to be kept perfectly even, just as it would be standing up. Now, for the one who lies on his back while sleeping no pillow is needed to keep the head in this position, and yet 99 per cent. of the persons who sleep on their backs use pillows, while those who sleep on their sides use far more pillow than is necessary.

"People get used to having their heads and shoulders propped high up and imagining they could not sleep any other way; but, as a matter of fact, if they would try sleeping with little or no pillow they would not only find that they would feel better in the morning, but also would actually be more comfortable in bed and sleep much sounder throughout the night."

## **TO CLEAN HOT WATER BOTTLES.**

A rubber hot water bottle is easily cleaned. Wash it out with lukewarm water and soap, rubbing on the soap with a piece of flannel.

**SUSTAINING LIFE.**  
Mrs. Andrew Crosse in her "Reminiscences" describes an old nurse born at Broomfield, England, who lived to be nearly a hundred. "All her life she had eaten a dew bit and breakfast, a stay bit and dinner, a noddle and a cummet and a bit after supper, eight meals in all. Besides this it was her invariable custom to nibble at all the doctors' stuff left after any illness in the house and swallow it on the principle that what had cost money should not be wasted."

**WILSON'S FLY PADS**  
Will kill more flies than three hundred sheets of sticky paper
