## TWO H'S IN BOWLING

Dunlop Rubber Company Goes Down to Defeat in City League—Game an Exciting One from Start to Finish.

Although no records were smashed, the game on Black's alleys last evening between the Two H's and Dunlop Rubber Company was fully as exciting as any game rolled this season. Two H's finally winning out by taking two out of three strings and the total.

It was a nip and tuck battle. Two H's capturing the first string in a close finish by a narrow margin. In the second the Dunlop people went all to pieces and were pushed down the chute for thirty-six pins. With everything tied up the "Rubbers" took the final string with twenty pins to the good. This was not enough to make up the deficit, however, and they had to be content with one point.

For the winners Crosby was rolling strong unspitting 262 sticks. "Mac" Law rolled his usual steady game trimming the hardwood for 260 timbers. Bartsch was also in the running as was Gambill. Cochrane was a little off but he was told to never mind and we all have seen for Dunlop, Lawson and "Reddy" Howard led the way while Johnston and Fish followed closely. Gunn was away off.

The scores:

Two H's	Dunlop R. Co.
Bartsch... 85 80 92 256-85 13	Fish... 73 73 100 246-82

Holy Trinity Wins.

Whitewash was the predominating fluid at St. Peter's Alleys last evening when Holy Trinity without any trouble took four points from the St. John Baptist bunch. The game was very tame, there being but three men on the losing team and the scores were very low. St. John Baptist did not succeed in reaching the fourth century mark in any of the three strings and were snowed under in the total by over one hundred pins. Doherty of the winning aggregation rolled a fast game, averaging 90, while "Dave" Feehey made kindlingwood of 265 stout timbers. Riley was hampered by a game knee but secured a good average. O'Brien was in the twenties while Walsh also got there once. For the losers McGuigan was high with 233 sticks to his credit. The scores:

## ROYAL AND NEW BRUNSWICK TO MEET TONIGHT

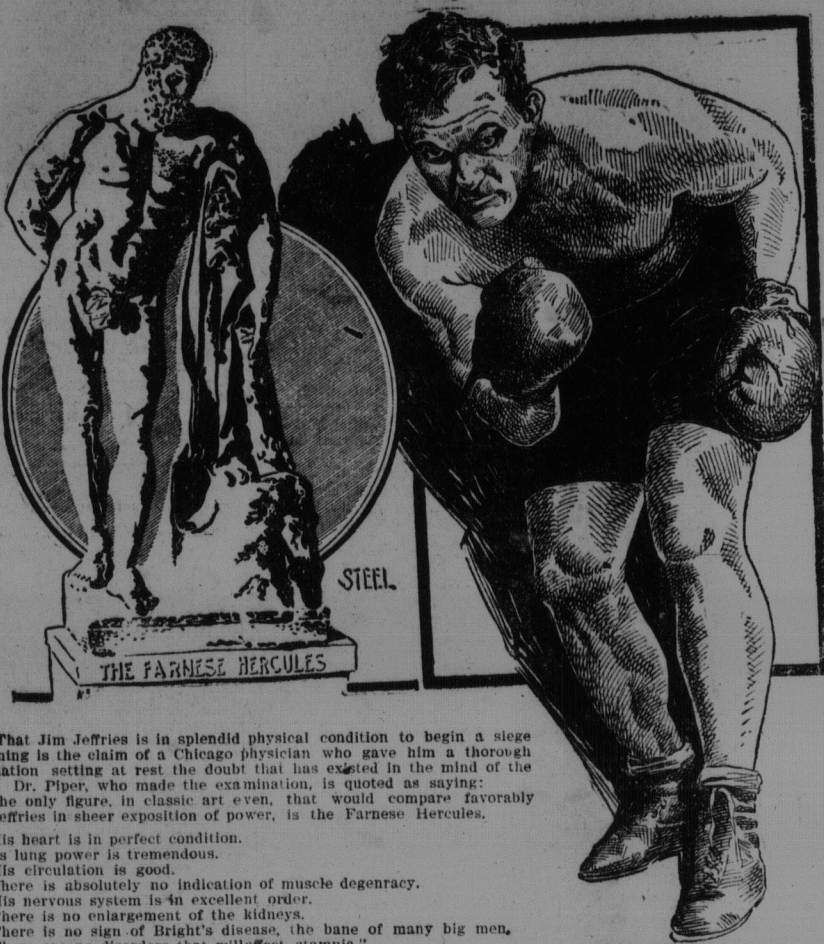

The Royal Bank of Canada and the Bank of New Brunswick Hockey societies will clash in the Queen's rink tonight at 7 o'clock. Keen rivalry exists between the teams as there is some classy material on both line-ups, a battle royal is looked for.

The lineup of the Bank of New Brunswick has not been decided upon as yet, but the Royal bank will present the following makeup: Hawley, goal; Mackendrick, point; Gilbert, power; Flood, rover; Kenney, centre; Percy and Milburn, wings.

## ALL ABOARD FOR CHATHAM MONDAY

It's all aboard for Chatham and Campbellton on Monday night with Thistle curriers. Four strong rinks have been chosen and will continue the competition for the McAffrey trophy. The rinks are as follows: W. H. Mowat, E. S. R. Murray, F. A.

## ONLY TWO IN SAME CLASS HERCULES AND JEFFRIES

That Jim Jeffries is in splendid physical condition to begin a siege of training is the claim of a Chicago physician who gave him a thorough examination, sorting at rest the doubt that has existed in the mind of the public. Dr. Piper, who made the examination, is quoted as saying: "The only figure, in classic art even, that would compare favorably with Jeffries in sheer exposition of power, is the Farnese Hercules."

"His heart is in perfect condition. His lung power is tremendous. His circulation is good. There is absolutely no indication of muscle degeneration. His nervous system is in excellent order. There is no enlargement of the kidneys. There is no sign of Bright's disease, the bane of many big men. There are no disorders that will effect stamnia."

## HEART NEEDED TO WIN BIG RING BATTLES

By Tip Wright.

The Queensberry rules were not written for faint hearts.

The man who lacks confidence has no business in the ring.

Heart has won battles apparently lost, and lack of heart has lost as many. Heart won the heavyweight championship for Fitzsimmons, and lack of heart cost Papke a 20-round decision with Ketchel.

Remember how Gentleman Jim cut Fitzsimmons into spaghetti at Carson? How the lightning conductor hit Ruby Robert and how he did. Remember how the solar plexus, that toppled one of the greatest fighters that ever lived?

In the sixth round Fitz was beaten. Not even a Pittsburgh Phil would have risked a gully on his chances. Charley White lost that fight for Corbett in the sixth when Fitz wobbled, by yelling, "Keep away, Jim; he's shamming."

Wasn't Shamming.

But Fitz wasn't shamming. Another punch would have finished him. But White's warning reached Corbett, and he hesitated, and the antipodean stalled until he regained his strength.

What kept Fitzsimmons going in the face of defeat, taking a licking that would have discouraged any man? Nothing but heart. Deep in his mind he knew he was master of the tantalizing Corbett, and this kept him up, when by all process of reasoning he should have given up, disgusted.

What made Ketchel come home a winner after Papke knocked him out? Heart. The man who tackled Johnson knew he could beat the Springfield hurricane, and he did. Papke lacks heart and hunts when he's in the battle. That's why he lost to Ketchel in 20 rounds in their last fight.

It was heart, beaten into Young Corbett by Bob Armstrong, that won the lightweight championship for the Denver lad, that Thanksgiving day in Hartford. For weeks Armstrong kept telling Rothwell he had it on McGovern, until the little fellow believed it. When he crawled through the ropes, the odds 5 to 1 against him, he knew Terry was as good as defeated.

It was heart that carried Jeffries through 22 rounds while Corbett bent him, until in the twenty-third, the great heart was justified and a left hook to Corbett's jaw, stopping him.

It was a wonderful heart that carried "Kid" Lavigne to victory over Joe Walcott. It was heart that carried Tom Sharkey along when his ribs were broken and Jeffries was hammering the life out of him; heart that kept Jim Corbett going in his second round with Jeffries, when, stopping one of these murdering lefts in the second round, he continued, knowing the end was only a question of time.

Yes, heart's a great thing in the ring. It's a champion maker and a champion breaker.

## FAVORITES BEATEN IN NOVA SCOTIA

Halifax, N. S., Jan. 14.—A sensational shakeup took place tonight in the Nova Scotia Hockey league series, the two leading teams having been downed. The Ramblers were defeated by a score of two nothing at Truro tonight and the champion Crescents met their first defeat since 1905, having been defeated by New Glasgow by a score of six to four. The defeat of the Crescents and Ramblers is a complete surprise to hockey enthusiasts in this province, as tonight's winners were taken seriously. Joe Crockett, the former captain of the Moncton Victorias, was playing with Truro tonight.

London, Jan. 14.—Save for Charlie Hefferon, of Newbury (third to finish) English athletes made a very poor showing in the Olympic Marathon race of 1908. Anyone who studies long distance running records is bound to recognize that stamina is the forte of Englishmen, for we find almost every record from one mile to 62½ held by a native of England. The few exceptions are some intermediate distances in six day races, but John Bull comes in again as the winning post is neared. Recognizing these facts, therefore, anyone with an open mind must see that the eclipse of England in the Olympic Marathon was only a temporary lapse, and with a cultivation of the game the discovery of some real "fliers" was to be expected. It is possible England possesses a future world beater in E. Simms, of Exeter, who easily won the Surrey A. C. 23 miles road race on Boxing Day. He is 23 years of age, and follows the occupation of a groom, and his training alone on the roads at night. He commenced running two seasons ago, and his best performance was the winning of an 18 miles road race in 1 hour 25 mins., and a 15 miles road race, well beating J. E. Deakin (Olympic 3 miles winner) in the latter. Simms won Monday's race by 2 mins. 41 secs. from H. Green (last year's winner) his time being 2 hours, 22 mins., 13 secs. The roads were very heavy, and this, of course, has to be considered. The winner possesses fine judgment and does not allow his rivals to bustle him out of his proper pace at the start, which is something very much in his favor. The future career of Simms will be closely watched and if all go well with him he ought to be one of England's mainstays when the next Olympiad comes along in 1912.

## ENGLAND HAS A COMING MARATHONER

London, Jan. 14.—The engineering faculty of the University of Michigan expelled James Joe Miller, of Detroit, from the university today. Miller was elected captain of the 1910 Michigan football team, but was afterward declared ineligible.

## FUGITIVE PIG RUNS AMUCK IN STREETS

Providence, R. I., Jan. 14.—It wasn't down on the programme for the day and it wasn't just the proper thing for a pig with any sense to do, but it didn't, and therein lies a tale and likewise pig's tail. It seems that a man by the name of Michael Angelo or something equally euphonious, has a number of pigs, which he keeps very far to the rear of his little household.

The home is in Warren avenue and some mean boys opened up one of the slats and this pig just jumped out snorted and started on its mad career. First it took a bee line for the house itself, but when it saw the owner coming out on the walk it ducked between his legs, overturned him, and was soon out on the street. Then every one in the neighborhood who had got through attending to the massacre of the old "Turk" jumped into the chase, which was now becoming quite exciting.

Sticks, stones and hockey sticks, grabbed hastily for the occasion, only served to increase the speed of play; the owner certainly proved itself the Melvin Sheppard of piggdom. Once on Warren avenue the pig commenced to strike its path, so it turned around plunged into the middle of its pursuers.

## THISTLES AND ST. ANDREW'S TO CURL TODAY

Keen interest is being evinced in the curling match to be played tonight between St. Andrew's and Thistle clubs this afternoon. This is to be a series of three games in both rinks, four men rinks playing. Both clubs are very evenly matched and exciting finishes are assured. Last year's series resulted in a win for both clubs with the third game a tie.

## WELSH EASY SAYS PACKEY

Chicago Boxer Says English Lightweight Will Be a Cinch — Driscoll and Hayes To Mix in London.

New York, Jan. 14.—Packey McFarland, the Chicago lightweight, sailed for England on the steamer Adriatic yesterday for the expressed purpose of meeting Freddie Welsh, the British lightweight champion. McFarland said that the match had not been arranged yet, but that he had received assurances from London that there would be no hitch. The Chicago boxer, who is one of the cleverest of his weight and inches in the ring, was accompanied by his manager and stated that he might not be back until next fall.

"I beat Welsh as sure as you're standing there," said Packey to his friends. "He went to the pier to see him off. He can't hit hard enough to dent a ball of butter. I fought him twice and know him like a book. The first time was in a ten round bout at Milwaukee, which I won on points. I knocked him down in the 8th round with a stomach punch and he yelled 'Murder, Watch.' He said he had been fouled, but it was a joke. He wanted to quit. Yes he cut my eye open in that affair, but it was with the seam of the glove when, after missing an uppercut he chopped me with the same hand, a blow that should have disqualified him."

The twenty-five round draw? Well, I can only say that my own fault that I did not put him away that time. I dropped him twice, but he didn't get under fall halfway until it was too late. Besides there was something the matter with my eyes near the end of the fight which Jim Jeffries called a draw.

Next day I couldn't read the account of the fight in the newspapers, but I soon learned that one of Welsh's seconds before the fight had put out belladonna on Freddie's gloves and that's what ailed my eyes. But I'm going to square accounts with Welsh in London. I expect to take on several other boys first, so that I can become acclimated and fit. Then I'll go after this alleged champion in earnest. I'll leave immediately after that fight. Besides there was something the matter with my eyes near the end of the fight which Jim Jeffries called a draw.

Sam Langford will be at the ringside in Philadelphia next Wednesday night to champion the winner of the six round bout between Philadelphia Jack O'Brien and Big Al Kaufman. Langford has made final arrangements to sail for Europe on March 1 and will take on Joe Jeannette for 20 rounds in Paris, receiving a guarantee of \$3,500 for his end, win, lose or draw.

ers and left some of them sitting on the ground and wondering what happened to them.

The chauffeurs tried to run the pig down and one of them struck a telephone pole and was two hours fixing up a fractured tire. When it appeared to the pursuers that all was lost, "Jack," a brindle bulldog, saw the pig. The speed of the pig was great, but "Jack" showed more class than even the snorting phenomenon. "Jack" took a flying leap when he was near enough and managed to catch the pig by the tail. This disturbed the pig greatly, until the neighbors claim, the tail came out. Free of that protuberance the pig sallied forth, once more, completed his circuit and again sought its men. The truth of this story is vouched for by all the neighbors, but that part of the tale concerning the tail is only sworn to by a few.

Washington, Jan. 14.—The highest record ever set in trade between Canada and the United States was that of the last calendar year, according to official figures of the Bureau of Statistics, Department of Commerce and Labor. During the last ten years this trade has more than doubled. In no former year have either imports or exports to Canada equaled the record of 1909.

Imports from Canada in 1909 aggregated \$35,000,000, while in 1908 they increased to \$38,000,000. In the same period the exports from the United States to Canada increased from \$36,000,000 to about \$19,000,000. Canadian official statistics show that in 1909 60.4 per cent of all Canadian imports were from the United States, compared with 46.08 per cent in 1908.
