

Mayor Gaynor Recovering; Figures in the Tragedy

The scene on board the Kaiser Wilhelm Der Grosse a moment after Mayor Gaynor had been shot. Dr. Smith, a passenger, is shown holding the half-fainting Mayor from falling while one of the Mayor's friends is hurrying up to assist. The Mayor's wound, under the right ear, is pouring out a flood of blood and the blood has begun to run over his mustache from his nose. His coat and hand are already spattered with blood. The Mayor tried to stanch the blood from his nose with his hand, and it smeared his face. This remarkable picture was taken by a newspaper photographer who happened to be aboard.

GAVE LIQUOR TO INDIANS

Liberal M.P. Fined at Orillia, Ont., for Supplying Liquor to Two Redskins on Ontario Reserve.

Orillia, Ont., Aug. 13.—Manley Chew M.P., recently pleaded guilty to supplying liquor to two Indians living on Christian Island and was fined \$75 and costs for each offence Mr. Chew's counsel objected, that he had already pleaded guilty before the Indian agent on Christian Island and paid a fine, but Police Magistrate Clark declined to recognize proceedings taken in another court after information had been laid before him.

In a third case Mr. Chew admitted taking three kegs and a case of lager beer onto the Christian Island reserve, but claimed it was not intoxicating within the meaning of the Act. An analysis made on August 6, a month after the offence is alleged to have been committed, and showing 2.95 per cent. of proof spirits, was submitted by the prosecution. But the magistrate intimated that this would not be sufficient to satisfy him that the liquor was intoxicating at the time Mr. Chew took it to the island, and an adjournment was made till the 16th inst., to allow the prosecution to submit expert evidence.

The question of whether or not Beausoleil Island is in the county of Simcoe was not finally disposed of. The police magistrate intimated his opinion that it was not, but allowed an adjournment of the seven cases against Mr. Chew on the island to permit the prosecution to get definite information.

One of the witnesses in the Christian Island case swore that when Mr. Chew started from Midland he had a satchel filled with bottles of whiskey and wine and a jug of whiskey, but said these were left at Beausoleil. This was the only light thrown on the Beausoleil charges.

(Mr. Chew is described in the Parliamentary Companion as "a Methodist and a Liberal." He is the man who defeated W. H. Bennett, the former member for Simcoe, and his election was described in the press as a general victory for purity and reform.

More bread and Better bread —And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.
