

FOR FIRST TIME MASS. ELECTS A DEMOCRATIC U. S. SENATOR

Hon. David I. Walsh Defeats
Senator Weeks, Boston
Banker.

EX-MAYOR FITZGERALD
ELECTED TO CONGRESS

New York State Has Close
Election, With Democrats
Leading.

Boston, Nov. 6.—The Democrats captured a seat in the United States Senate from Massachusetts yesterday when former Governor David I. Walsh was elected by a plurality of 18,908 over Senator John W. Weeks. The Democrats never before elected a Senator in Massachusetts. The vote of the State complete was:
Walsh, (Democratic) 206,710;
Weeks, (Republican) 187,802; Thomas W. Lawson (Ind.) 22,000.
The Democrats were unable to make any inroads on the Republican representation in the lower house of congress from this State. All but one congressman, both Democratic and Republican, were candidates for reelection and were returned with the exception of Congressman Peter F. Tague, Democrat. Mr. Tague was defeated for renomination in the Democratic primaries by John F. Fitzgerald, former congressman and former mayor of Boston. Mr. Fitzgerald was elected by a close vote, the Republican candidate running a poor third.

The Solid South.

Atlanta, Ga., Nov. 6.—The nine southern states, east of the Mississippi River, normally Democratic with the exception of two Republican districts in Tennessee and one in Virginia, returned their usual Democratic majorities in yesterday's election, according to latest reports today. Eleven Democratic senators were elected; in the House seventy-six Democrats and three Republicans were returned.

The three Republican representatives come from the first and second Tennessee districts, where Republicans have held seats almost without a break since the civil war, and in the ninth Virginia district, where Representative Stimp, Republican, had no opposition.

Louisiana refused to grant suffrage to women, the constitutional amendment being defeated by a large majority.
Florida entered the column of "bone-dry" states, based on today's figures, which showed a large majority for state-wide prohibition over the present local option system under which only two counties had been permitted the sale of liquor.

Close in New York.

New York, Nov. 6.—In one of the closest elections in the history of New York State, Alfred E. Smith (Democrat) candidate for governor, held a lead over Governor Whitman of 32,113 votes today. There were still to be heard from 458 up-state districts in which Republican leaders based their hopes of overcoming the Democratic plurality when the final returns are compiled.

Smith's lead took a sudden jump today when the complete New York city returns were revised, showing an error which added over seven thousand votes to his already big plurality here. With this error accounted for, the vote for Smith in 4734 election districts out of 7,230. In the whole state was 970,827, against 938,714 for Whitman.

The U. S. Senate.

Washington, Nov. 6.—Out of forty senators being elected 28 had been accounted for today. They were: Alabama, Bankhead, Democrat; Arkansas, Robinson, Democrat; Delaware, Ball, Republican; Georgia, Harris, Democrat; Idaho, Borah, Republican; Illinois, McCormick, Republican; Iowa, Kenyon, Republican; Kansas, Capper, Republican; Louisiana, Ransdell, and Gay, Democrats; Maine, Fernald, Republican (elected last September); Massachusetts, Walsh, Democrat; Minnesota, Nelson, Republican; Mississippi, Harrison, Democrat; Missouri, Spencer, Republican; Nebraska, Morris, Republican; New Hampshire, Kaye and Moses, Republicans; New Jersey, Edge (long term), Bayard (short term), Republican; North Carolina, Simmons, Democrat; Oregon, Mulkey (short term), Republican; Rhode Island, Colt, Republican; South Carolina, Dial, (long term), and Pollack (short term), Democrats; South Dakota, Sterling, Republican; Tennessee, Shields, Democrat; Virginia, Martin, Democrat.

In election for the house, former Speaker Cannon was returned to his seat from Illinois for what will be his twenty-second term; Meyer London, the only Socialist in the house, was defeated by former Representative Henry Goldfogle, a Democrat, running with Republican endorsement. The loss of the Socialist seat, however, was offset by the election of another Socialist, Victor Berger, of Milwaukee, who defeated Representative Stafford, a Republican. Berger previously served in the house and is at present under indictment charged with having violated the espionage law. All of the Socialist candidates in New York were beaten, among them Morris Hillquit, candidate for mayor a year ago.

R. I. Republican.

Providence, R.I., Nov. 6.—Rhode Island Republicans made a clean sweep of the state, re-electing LeBarou B. Cok, United States senator, and taking all three congressional seats, a gain of one congressman. For senator, Judge Colt defeated Congressman Geo. O'Shaughnessy by 4,051 votes, with only three districts out of 133 to be heard from.

Mrs. J. G. Gallagher of Campbellton and her daughter, Nora, are visiting Mrs. Philip Grannis, 267 Douglas Ave.

ALBERT COUNTY MAIDEN ANXIOUS TO GET MARRIED

Fifteen Year Old Love-lorn
Miss Refuses to Obey Parents
and Flees to Kent Co.—
Moncton Police Called
Into Case.

Moncton, Nov. 6.—That the course of true love does not always run smooth was amply proved in the case of a young and attractive girl fleeing from an Albert County district, who after various successful attempts to escape the quest of her parents, was finally arrested after the arrival of the North Accommodation. This did not end matters, for the young lady was allowed her freedom on the security of her grandmother with the stipulation that she appear yesterday morning and go home with her father, who was to arrive in the meantime. Tuesday morning arrived and so did the father, but the love-lorn maiden had again departed, presumably to the home of her soldier lover.

Only Fifteen.

The case was first brought to the attention of the local police some time ago. The parents of the girl,

Stomach So Bad THOUGHT HE WOULD DIE. CAN EAT ANYTHING NOW.

But for indigestion and dyspepsia, many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and any one who has suffered knows what joy it would give to be able to eat three good meals a day and not be punished for it after.

Nearly everything that enters a weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach right so that it will manufacture its own digestive ferments.

For forty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of indigestion and dyspepsia that other remedies were powerless to reach.

Mr. H. L. Fairweather, Cumberland Bay, N.B., writes:—"I was troubled with my stomach for two years, and sometimes was so bad I thought I would die. I tried everything I ever heard tell of, and had medicine from three doctors, but continued to grow worse. One day I read of some wonderful cures made with Burdock Blood Bitters. After taking two bottles, I could eat any kind of food without any bad effects, and by the time I had taken four I was in perfect health."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia
To Overcome Trouble. Caused by
Fermenting Food and Acid
Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water, right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

who is but fifteen years of age, made an appeal to the authorities to aid them in getting their daughter back from the home village of a certain young soldier with whom she had become enamoured. It appears that she met the soldier in this city while she was employed here. It must have been a case of "love at first sight" as the girl suddenly decided to leave Moncton without notifying her parents, and take her abode with residents of the place where her lover lived while he was on harvest leave. This was a small Kent County village not far from the Westmorland County line.

Notify Police.

The parents, when they learned of this, took the matter up with the police who were on the watch for the girl's return to the city. As a result of the quiet investigation of the police she finally came in to Moncton and gave herself up.

The parents arrived and escorted her back home. Time passed, and so did many letters between the pair, until one fine day the maiden was among the missing. Back to the green fields and gentle slopes of her lover's home district in Kent County she had gone, and again the aid of the authorities was enlisted. Monday's arrest after the arrival of the train was the result. The girl owned up that she had not yet been married to her soldier lover, though it was regarded as a certainty by residents of the district, where she was visiting, that the ceremony was to take place in the very near future.

The sudden disappearance of the young lady Monday night is regarded as proof of her determination to become a resident of Kent County, all the efforts of parents and authorities notwithstanding.

AUSTRIAN CONCERN FAILS.
Amsterdam, Nov. 6.—The Austrian Lloyd Shipping Company of Trieste is going into voluntary liquidation, according to the Berlin Tageblatt. This company lost in three years of the war 6,438,000 crowns.

MYSTERY OF A WOMAN'S DEATH

Body of Mrs. Clara Stilson of
Harpwell, Me., Found in
Woods.

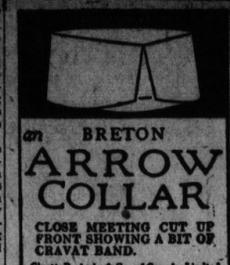

Harpwell, Me., Nov. 6.—Medical Examiner George L. Geer of Portland and Chief of Police Irving W. Stinson of Brunswick were called to a secluded part of Great Island to investigate the death of Mrs. Clara Stilson, whose body was found by her husband, George W. Stilson, Sunday morning lying beside a wood road less than 75 yards back of their residence. According to Mr. Stilson, his wife had been missing for 10 days. He went to Portland a week ago Thursday and upon his return found that his wife had left the house and had taken her best clothes with her. He claimed that

he had made careful search for her but without success until yesterday, when he found her body within a stone's throw of the house.

The officers stated that the body had apparently been out of doors for several days, but that it was in a remarkable state of preservation, considering the weather of the past week, if she had lain where she was found since her disappearance. Medical Examiner Geer had the body taken to Brunswick, where an autopsy will be performed. Mrs. Stilson was about 67 years old. The Stilsons lived on Great Island, opposite North Harpwell, and about the only way that it can be easily reached is by taking a boat at High Road and rowing across the sound between the island and Harpwell Neck.

RIOTS IN BOHEMIA.

London, Nov. 6.—Serious riots have occurred at Aussig, Bohemia, and Pottsdam, Syria, according to a Copenhagen despatch to the Exchange

Telegraph Company. Soldiers and civilians plundered a great number of shops and factories, and several houses were set on fire. Many persons were killed.

While they march on to Victory—

GREAT is the glory
our fighting men
have won. Every time
the Canadian Army is used as a
"spear-head" we have news
of another wedge driven into
the enemy line. They never
fail.

The lads from the Maritimes have taken a prominent and a glorious part. So wonderfully have they fought that we who sent them forth to battle for us have reason to combine with our pride of race a humble gratitude to those dauntless men who represent us on the firing line.

Let our gratitude and our pride take tangible form. Let us redouble our efforts to back them up.

Our iron and our steel are important factors in the fight that Canada wages. Let us keep the production going at top speed.

Our ships are no less essential to Victory than the men they carry across to France. Let us keep our shipyards busy, turning out the boats that we must have.

Our lumber is needed—all we can cut—for the building of those ships and for a hundred other war requirements. Let us work hard to get out the logs.

Our fisheries are supplying sustenance to the civilian population so that food may be released for our fighting men. Let us spread the nets for more fish.

The money to finance all these industrial activities will be provided by Canada's Victory Loan 1918. Let us, the people of the Maritime Provinces, subscribe to that loan as freely and as generously as our brothers in France are offering up their lives.

Let us prove ourselves worthy of those glorious deeds our soldier-kin are performing in France.

Let us eagerly welcome the opportunity of supporting that army which has placed Canada's honor so high among the nations of the world, nor consider any sacrifice too great that makes for Victory.

To Keep Our Fighters Fighting—
To Keep Our Workers Working—
