

MOTHER COUNTRY AND DOMINIONS ALIKE FACE PROBLEMS OF PEACE

Right Hon. Viscount Finlay of Nairn Addresses Canadian Bar Association on Matters of International Law—Spoke in Glowing Terms of Part Played by Canadians in the War.

Right Hon. Viscount Finlay, of Nairn, addressed the members of the Canadian Bar Association at the convention held in Winnipeg. In opening his remarks Viscount Finlay said that although this was his first visit to America, he had always been closely connected with Canadian affairs. "I had the honor," he said, "of having as my fellow passengers across the Atlantic a large body of Canadian soldiers on their way back to their homes. Your troops have indeed covered themselves with glory. They inspired the Germans with a most wholesome dread of their prowess, and in every British household the records of their daring, their constancy, and their successes have been read with pride and with exultation. Your fellow countrymen in England recognize to the full what they owe to Canada."

The speaker referred to the fact that the war had brought the different parts of the Empire into closer relations and he saw great opportunities for the future. "It is interesting to recall," continued the speaker, "in view of the recent discussions in Paris and throughout Europe, that Godwin, the father of International Law, was an ardent advocate of International arbitration, as a means of preventing war."

"He says that the Christian Kings and States are bound to take this means for avoiding recourse to arms, and he goes on to use language of which what we have heard lately at Paris and throughout Europe is an echo."

"And both for this reason and for others, it would be useful, and indeed it is almost necessary, that certain Congresses of Christian Powers should be held, in which the controversies, which arise among some of them may be decided by others who are not interested; and in which measures may be taken to compel the parties to accept peace on equitable terms."

"The aspirations of Godwin in this respect have in the Covenant of the League of Nations."

Just Try This When
Hair Grows Again

(Modes of Today.)

A smooth, hairless skin always follows the use of a paste made by mixing some water with plain powdered delatone. The paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the delatone paste, but caution should be exercised to be sure that you get real delatone.

GUM DECAY CAUSES TOOTH DECAY

Healthy teeth need healthy gums to hug them. Else they will loosen in Pyorrhea. Tiny openings will come in the gums to act as the gateways of disease germs, which infect the joints or tonsils, or cause other ailments. Forhan's prevents Pyorrhea, if used in time and used consistently. No mere toothpaste does. Are your gums tender, gums? Are they bleeding gums? If so, you are certain to have Pyorrhea (Riggs' Disease). Four out of five people who are over forty have it. To you we earnestly recommend Forhan's. It preserves the gums, which hold the teeth secure. Brush your teeth with it. Forhan's cleans the teeth scientifically—keeps them white and clean. If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 30c and 60c tubes. All Drugists. FORHAN'S, LTD., Montreal.
