## NAVY LEAGUE ENTERTAINED

Sailors En Route to England Their Guests—Delightful Programme Carried Out.

An entertainment under the auspices of the Navy League of the city was given last evening in the Seamen's Institute, Prince William Street, to the naval ratings en route to England from the Pacific.

The programme, which was of a varied nature, was fully enjoyed by the men, after which they were treated to refreshments. The programme consisted of the following:

Address of welcome, Colonel Sturges; song, Mr. Punter; moving pictures, "What's the Matter with Peter"; song, Miss Emma Cline; song, Miss Madeline Desoyes; song, Mr. Punter; recitation, Miss Ted. The refreshments of the evening were served under the capable management of the Y. W. P. A. who saw to it that the sailors were treated to a sufficiency. The feature was under the direction of Miss Church, the President of the Y. W. P. A. The accompaniment of the evening were Misses Cline, Desoyes and Miss Terry.

A vote of thanks was tendered Captain Mulcahy at the entertainment of last evening for his services to the men and officers.

## LOBSTERS HIGH AND SCARCE

Prominent Dealer Visiting in the City Compares Present Day Prices With the Old.

A prominent fisherman and manufacturer of fish products, Mr. Lewis (name), speaking to The Standard last evening, commented on the prevailing prices of live lobsters, which were going strong at the rate of one dollar to the pound. Drawing a comparison to the prices in the old days, Mr. Lewis mentioned that he often purchased the same species of lobsters at the rate of three cents per pound. Asked if the product dealt in effusion in the past at waters of the province, Mr. Lewis mentioned that in the old days lobsters had become quite scarce, as no lobster were being taken to the present time.

If the live price is one-half dollar, the poor chap who invites his best girl to a restaurant, and she orders the lobster. When the time comes for the bill, the waiter tells her to prevent the steam rolling over her wailer.

E. W. Freeman and wife, of Victoria, Saskatchewan, are guests at the Victoria.

## THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly get from my bed, and I had the best doctors in Eau Claire and they could not cure me. I had an operation, but it did not help me. I am now well and I am telling all my friends about it."—Mrs. A. W. Binkley, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binkley that have made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

Vegetable Compound cured me so I could hardly get from my bed, and I had the best doctors in Eau Claire and they could not cure me. I had an operation, but it did not help me. I am now well and I am telling all my friends about it."—Mrs. A. W. Binkley, Black River Falls, Wis.

## W. C. T. U. ANNUAL MEETING YESTERDAY

Mrs. D. Hipwell Re-elected President—Members Hear Good Reports—Devotional Service Held.

Members of the W. C. T. U. listened to a very beautiful devotional service led by Mrs. Hanselbacher at their meeting held yesterday. The subject was "Causes for thankfulness" and the prayers were most inspiring.

The meeting was the annual one, and the election of officers resulted as follows: President, Mrs. D. Hipwell (re-elected); Vice-President, Mrs. R. D. Christie (re-elected); Recording Secretary, Mrs. H. W. Robertson; Treasurer, Mrs. H. W. Robertson; Auditor, Miss Ethel Barnard; and the action of other officers was left to another meeting.

There was one new member initiated.

## SPORTING GOSSIP

TIMBERS FALL AT THE ALLEYS

Keen Contests in Bowling at Black's Alleys Last Night—Good Records Hung up.

On Black's alleys last evening the City League and Commercial League teams met in the former league the Speeds and Panthers met; in the latter the Western Union and the aggregation from Baird and Peters.

The Speeds carried off the whole four points from their opponents, the feature of the game being the great work of Sullivan of this team who put up a splendid light on the pins every time, and when he hit the ten pins it looked as if the earthquake on the other end of the alley.

Sullivan's record was 117-23, and he was the only one to reach 100 in the evening. In the second string he rolled a total of 131, in the others 120 and 102, respectively, making a beautiful average of 117-23.

The Western Union team was on the first lap "Sully" was on route to the 100 mark, and the Commercial League team was on the second lap.

The results of the games follow:

CITY LEAGUE.

Maxwell . . . 95 99 73 257 89

Jordan . . . 86 83 78 256 83-13

Common . . . 92 106 84 282 94

Copp . . . 81 81 93 255 95

McIlven . . . 90 87 102 279 93

463 454 430 1339

Speeds.

Logan . . . 84 83 78 260 86-23

Fullerton . . . 91 91 87 270 90

Rockwell . . . 83 91 96 270 90

Bailey . . . 87 83 99 269 89-23

Sullivan . . . 120 131 102 353 117-23

476 479 467 1422

COMMERCIAL LEAGUE.

Western Union.

Fullerton . . . 84 83 78 260 86-23

F. Bailey . . . 95 85 80 270 90

Ailey . . . 77 89 73 239 79-23

Fullerton . . . 92 106 84 282 94

A. Bailey . . . 73 79 73 225 75

411 403 401 1262

Baird and Peters.

Maher . . . 82 79 98 259 86-13

Huckley . . . 86 76 79 241 80-13

McIlven . . . 87 83 99 269 89-23

Garnett . . . 87 78 73 233 71

Lewis . . . 82 69 89 240 80

405 368 417 1199

Tonight The Standard aggregation met W. F. Hatheway's in the Commercial League, the City League not bowling.

CANADIENS TAKE HOCKEY LEAD

Dazzling Game Won from the Arenas by Very Small Margin.

Toronto, Jan. 7.—Canadiens assumed the lead in the National Hockey League last night, when they defeated the Toronto Arenas by the close score of seven to six. The game was one of the most sensational of the season, and the victory was a great surprise to the fans by his clever display.

## NEW AMERICAN TO BE DRIVEN ON NEW MEXICO

Secretary Daniels Tells How He Would Surpass Any to Aviation Experiment

Washington, D. C., Jan. 6.—Electric motor power, said to be far in advance of machinery used by the navy of any other nation, will be installed in all new battle ships of the proposed Atlantic and Pacific fleets, according to the programme revealed today by Josephus Daniels, Secretary of the Navy.

The new type of engine already has been installed in the New Mexico, the latest dreadnaught, and has proved satisfactory from every standpoint, Mr. Daniels said. The principal advantage claimed for it is that it saves twenty-five per cent. in fuel, develops greater power, is more mobile, and that the propelling machinery is less liable to be rendered inoperative in battle.

After reviewing the opposition to the electric drive, Mr. Daniels told the committee of a recent visit of inspection to the ship.

"The result was satisfactory from every point of view, and confirmed the judgment of all who were in any way concerned in its design and adoption," said the Secretary. "There was not the slightest mishap with any part of it—everything worked to perfection."

"The machinery was designed to develop 26,000 horse power at full speed, and it was expected to give a ship a speed of 21 knots. She actually developed more than 31,000 horse power and maintained a speed of 21 knots without any trouble whatever, and what is still better, she had been tried at her design speed of 21 knots and this was running at a displacement 1,000 tons greater than her design called for. She had been tried at her design displacement and would have made 21.5 knots without any trouble whatever, and what is still better, she had been tried at her design speed of 21 knots and this was running at a displacement 1,000 tons greater than her design called for."

"The machinery was designed to develop 26,000 horse power at full speed, and it was expected to give a ship a speed of 21 knots. She actually developed more than 31,000 horse power and maintained a speed of 21 knots without any trouble whatever, and what is still better, she had been tried at her design speed of 21 knots and this was running at a displacement 1,000 tons greater than her design called for."
