

VETERANS FIRM IN SUPPORT OF HON. MR. MEIGHEN

Declares Government Which
Stood Firm in Wartime
is Still Good.

(Continued from page one.)
"The Army and Navy Veterans in Canada, Toronto Unit No. 15, suggests that the Government which had the vision and courage to stand firm in 1914-15-16-17 and '18, when vision and courage were most needed, is quite capable of carrying on the government of the Dominion being assured by all who value safe and sound administration that no question of mandate or time allowance will weigh for one second in their loyal and unswerving support to those who, in Canada's darkest days, supported the Canadian Corps overseas without measure and without stint.
"These things are not forgotten.
"(3) It is conceded that many men have suffered irreparable physical and material loss through war services, and more, much more, must yet be done for these men and their dependents. The Army and Navy Veterans in Canada have now complete confidence that satisfactory allowances and increased pensions will be forthcoming in all such cases; they are emboldened to express this opinion largely because it has been shown that the Canadian gratuities and pensions are, on the whole, the most generous of any, and double that of most countries, so that by a parity of reasoning the incapacitated soldier and his dependents have reason to rely on those who were staunch in adversity rather than accept leadership from those whose working hours seem to be largely absorbed in chasing rainbows.

Stabilize the Land.
"The men of the Army and Navy Veterans will not need to appeal in vain to the average Canadian man and woman for support in their view that a strong and national Executive is the one pressing need in the life of the Dominion. We have to stabilize our economic fabric, develop our export trade through our National Railways and Mercantile Marine; be a buttress and support to ordered progress and liberty within the capacious folds of the Union Jack, and we take the position that the present or any other Government should give its wholehearted support to those who would conserve our public utilities for public service.
"Knowing these things, and knowing that the returned sailor and soldier is first, last and all the time a lover of his country, the Army and Navy Veterans in Canada unreservedly assert that notwithstanding the blizzard and somewhat noisy demands made by quite irresponsible and impossible leaders, the mass of the men who served their country are still the steadfast, true and reliable force that made Canada's name immortal, and will always stand firm for all things where service counts for more than riches, and whose practical loyalty can be relied on in fair weather and foul.

"The Army and Navy Veterans in Canada therefore counsel our comrades not to be sidetracked by specious pleas from interested parties. We counsel our comrades to reject with scorn the suggestion that their vote and influence should be offered to the highest bidder. We counsel them to help this Government to so readjust Canada's new position among the nations, that the efforts made by her sons in war may not be frittered away by useless tilting at windmills and diffusion of effort."

**COMMON COUNCIL
MEETING POSTPONED**
The regular meeting of the Common Council which was to have been held yesterday afternoon was postponed on account of the civic luncheon to Lord Beaverbrook and will be held on Thursday afternoon. It is expected that after the disposal of the regular business, matters in connection with the harbor will be brought up for discussion. If the weather is favorable the mayor and city commissioners will make a visit of inspection to the city property at Mispic this afternoon at two o'clock.

Crozier-Wright.
A quiet wedding was solemnized in St. Mary's church, Tuesday, September 14th, at 8:30 a.m., when the rector, Rev. R. Taylor McKim, united in marriage Isabel deForest Crozier, third daughter of the late James and Henrietta Crozier to Guy Raymond Wright, son of Mr. and Mrs. T. J. Wright, of St. John, N. B. The bride, who was given away by her brother-in-law Wm. Redmore, was becomingly dressed in a suit of taupe grey with hat to match and wore a corsage bouquet of American beauty roses. After the ceremony the happy couple left on the Halifax express for a short trip.

Safe Fat Reduction
Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, be the cry of society and fashion. The overtaking of their hands in mortification and helplessness; resulting at nauseating drugs, afraid of violent exercise, dreading the unwholesome and unsatisfying diet, until they hit upon the Marmole Prescription Tablets which quickly and safely reduce weight at the rate of two, three or four pounds a week without any change in the mode of life. The ideal figure is soon obtained, with a smoother skin and a better appetite and health improved. Marmole Tablets contain all the ingredients which make the Marmole Prescription famous. It behooves you to learn the satisfactory beneficial effects of this great, safe fat reducer by giving to your doctor the reasonable price, one dollar, for a good size box or sending a like amount to the Marmole Co., 55 Gerrard Building, Toronto, which, with a newspaper, they will send you a full box of Marmole Prescription Tablets.

GENERAL SEELEY'S TRIBUTE TO ALL CANADIAN ARMY

Montreal, Sept. 14.—Major-General J. E. B. Seeley, who for three and a half years commanded the Canadian Cavalry Brigade in France is a guest at the Ritz Carlton Hotel today. The general is very warm in his enthusiasm over the Canadians who served under him, and in speaking of them he said: "Words cannot express the valor, the indomitable cheerfulness and the splendid soldierly qualities of the men I had the honor and pride to command."

SIR WM. BAPTIE DEAD.

London, Sept. 14.—The death is announced, while holidaying in Belgium, of Lieut.-General Sir William Baptie, V. C., of the British Medical Services, who made a notable report in 1917 in connection with the Canadian Medical Services in the great war.

Retail Price of Milk Is Increased

Will be Seventeen Cents Per
Quart After Tomorrow—
Kings Producers Decide.

The retail price of milk in the city will be 17 cents a quart, or nine cents a pint on and after Thursday, Sept. 16th. Such was the statement made to the Standard last evening by a prominent local milk dealer. This price will continue at least until the first of November, and if the producers increase their price to 20 cents an eight-quart can, or even higher, as is said to be probable, the price for the winter months will be very likely 20 cents a quart.

The increase in retail price of milk has arisen out of the action of the Kings county producers who last night decided to increase the price of a two-gallon can to 80 cents. This decision was made at the annual meeting of the Kings County Milk Producers' Association held in Apohaqui. The

new price goes into effect on Thursday, Sept. 16th, and it will continue until November 1st. It is said that a certain element of the meeting wanted the price put at 90 cents, but the majority were in favor of the 80 cent price until November 1st. No decision was made in regard to the price that will prevail after that, but it is felt that with existing freight rates and the ever increasing price of food, that there will be another boost in the price of milk.

Discussion and Election

Some discussion took place in regard to the action of the Board of Health in reporting St. John dealers for selling milk having too high of a bacteria account, but no definite action was taken by the meeting. The election of officers for the ensuing year also took place, and resulted as follows: President, W. F. Harding, Salmon River; vice-president, Roy Raymond, Bloomfield; secretary-treasurer, Heber Huggard, Norton. The meeting was held in the public hall in Apohaqui and there was a large representation of members from all parts of the county present. Consideration during the summer the retail price of milk in St. John was fourteen cents

per quart. This month it was increased to fifteen cents, and as the prices increased the majority of citizens will feel the extra cost, and in a great many cases the supply will be decreased.
