What did you think of Fall Festival? Should it be an annual event?

Linda Dashwood Arts 4

I thought it was okay. Actually, it didn't seem to be in the same spirit as Winter Carnival. Yes, I think it should be an annual event.

Eileen Martin Science 1

I thought it was really great; it was a lot of fun. I think it's a good break from all the hard work. Yes, it should be an annual event.

David Schleit Business 3

I think it's a good idea that Red and Black was held during the festival, and that it should be continued. I thought it was a good idea in general, most of the events were good.

Julien Albert Business

I thought it was fantastic and amazing. I think they should have a winter festival, too. Yes, it should be an annual event.

Murray Goodman M. Ed.

The Red and Black was all sold out, and we couldn't get in. There wasn't enough publicity. I didn't know what it was. It should be an annual event, but in any case there should be more notice about it.

Louise McKenna Arts 3

I'm totally indifferent as to whether it should be continued or not, because I knew nothing at all about it, and have heard nothing about it either.

Roland Daigle Business 3

I didn't even know it was going on. I didn't have any time to attend it anyway, because I was too busy working on my academic subjects.

Sam Stewart B.T. 3

I think it was at the wrong time of year, because everyone was having mid-term tests. It depends on student participation, the kids didn't seem to keen on the various events.
