

the young people to  
make a living out of the  
Soil if they get what imple-  
ments the is needed, but sure

they have not the money to buy  
what they need if they have not  
the help from the Department

We are yours very truly

Department Indian affairs  
Gentlemen

Once again we  
send you our opinion  
We ask you to let us sell a  
part of our reserve. We  
to not know what to do,  
we are poor and have nothing  
to work with, we mean that  
we have nothing to till the  
soil with.

It is the only way we  
see for the young people
