STORM IN MANITOBA.

Large Quantity of Wheat Damaged—Election Protests.

Winnipeg, Sept. 15.—Saturday's storm and the resulting damage were the chief topics of conversation among grainmen and merchants. Private reports from various sections give a bad condition of affairs, but state that a few days of bright sunshine and good drying wind would minimize the damage to a great extent. From a good many districts no reports have been received owing to the storm affecting telegraph communication. There were five miles of C. P. R. telegraph wires down between Brandon and Portage la Prairie, and telegraphic business was conducted through the telephone.

A Brandon despatch says in spite of the bad storm a hopeful feeling prevails that the damage inflicted is slight, if only fine, sunny weather follows. Fortunately all the crop was practically cut. Had it been otherwise far more damage must have been sustained. At least a week or ten days must elapse before thrashing operations can be resumed. There is no doubt but that the wet weather will seriously affect the grading of the wheat. One prominent farmer expressed the opinion that there would be very little No. 1 hard. Matters have risen and the sun is shining, which will rapidly improve things. The tops of the wheat stacks were blown off by the heavy wind in some districts, and the water soaked down through the stacks. This will, of course, injure the quality of the grain. The storm was worse from Brandon west to Moose Jaw, and south of Souris. Neepawa and Hartney also got their share.

The Liberals have filed protests against the election of Messrs. Hicks and Carroll, Conservative members of the Legislature, elected for Lansdowne and South Brandon respectively.

JOHN ROURKE, Master.

ONCE in a while some economically inclined man balks at putting up \$1.50 for our well known "Union Labor" work shoes, although he knows just what they are.

Because some one he knows "never pays but \$1.25," he wants "Union Labor" for \$1.25.

In about 5 weeks he comes back and says:
"Give me a 'Union Labor'."

And then
We smile and say
"Certainly."

THE BRITISH CABINET.

REPORT REGARDING YESTERDAY'S MEETING.

To Meet Again To-day—Resignation of Mr. Ritchie and Others Predicted—Mr. Chamberlain Hooted by the Crowd at Downing Street.

London, Sept. 15.—I learn from a reliable source that as a result of yesterday's Cabinet meeting a decision was arrived at on the fiscal question. There were no startling developments, but the impression now prevails that a royal commission will be appointed to make an inquiry. The Cabinet meeting lasted three hours. Another meeting will be held to-day. It transpires that the predicted division in the Cabinet over Mr. Chamberlain's fiscal proposals actually occurred, and that a partial reorganization of the Ministry is probable. Mr. Ritchie, Chancellor of the Exchequer, expressed his unalterable opposition to any change in the fiscal system, and nothing is believed to have occurred to modify the opinion, previously expressed, that he will resign his position.

In spite of the South African War Commission's severe criticism of Lord Lansdowne's course as Secretary for War, it is declared that he proposes to remain at the head of the Foreign Office, and it was remarked by one who knows his views that he has made quite a different record in his present place than when, as War Secretary, he had to contend with the opposition of Lord Wolseley.

Besides the fiscal question, and the effect on the country of the publication of the War Commission's report, some attention was given to the Balkan situation; but confidence prevails that Great Britain will not depart from her policy of advocating the continuance of the concert of powers.

Later inquiry leads to the belief, according to one news agency report, that the Cabinet decided to refer the whole fiscal question to a royal commission. It is also stated that at tomorrow's meeting of the Ministry the fiscal question will not be further considered, but that outstanding matters, including the report of the South African War Commission, will receive attention.

Other reliable sources state that the report that the decision on the fiscal question will be referred to a royal commission is without foundation. In any case the announcement is not confirmed by authoritative information. It is conceded, however, that the Cabinet's discussion of the fiscal question is closed for the present, and that the meeting to-morrow was specially called for the purpose of further considering business of an altogether different nature. Usually reliable sources state positively that the fiscal debate was carried through without fresh developments.

London, Sept. 15.—The Daily Telegraph, which is probably the best informed newspaper on the situation, asserts this morning that the Cabinet crisis was postponed until to-night, and that discussion of the fiscal question will be continued at the resumed meeting to-day, but that whatever may be the upshot, Premier Balfour will neither resign, dissolve Parliament, nor summon an autumn session. The Daily Telegraph also scouts the idea of a royal commission being appointed to consider the whole fiscal question. The Standard asserts equally positively that the fiscal inquiry was finished, and that the adjourned meeting will deal with foreign policies. It understands that the question of imposing preferential tariff or any innovation in Great Britain's fiscal policy has been shelved until an appeal can be made to the country, and that during the existence of the present Parliament the action of the Ministers will be confined to discussion and inquiry.

The Associated Press understands that the rumors of the approaching resignation of the Chancellor of the Exchequer, Mr. Ritchie, are well founded. Other Ministerial resignations are likely to occur, but Colonial Secretary Chamberlain and Premier Balfour are reported to be standing together and intend keeping up the Cabinet by filling the vacancies. Upon the arrival of Mr. Chamberlain at Downing street he was loudly hooted. A crowd of laborers employed on the new Government buildings in course of erection nearby joined in this unusual demonstration against the Colonial Secretary. Mr. Chamberlain, who was accompanied by Gerald Balfour, President of the Board of Trade, showed his customary indifference to this reception. The police eventually were obliged to form double lines from Mr. Balfour's house to the Foreign Office, so as to enable the Cabinet Ministers to enter the latter place.

BULGARIA'S WARNING.

Plain Language Used in Note to the Powers.

Sofia, Sept. 15.—The Bulgarian Government, through its foreign representatives, has addressed a note to the powers declaring that the Porte is systematically devastating Macedonia and massacring the Christian population. Further, it says Turkey has mobilized her whole army, which cannot possibly be for the sole purpose of suppressing the revolution. Therefore the Bulgarian Government appeals to the humane sentiment of Europe to prevent the continuance of the massacres and devastation, and to stop the mobilization of the Turkish army.

The memorandum concludes with the plain statement that unless the powers intervene Bulgaria will be forced to take such measures as she may deem necessary.

ELGIN LOAN CASE.

W. R. Bevvitt Charged With Misappropriating \$11,000.

St. Thomas, Sept. 15.—R. J. Housley, broker, was examined before Police Magistrate Glenn in connection with the stock deals put through for Geo. Rowley of the Elgin Loan Company by W. R. Bevvitt. Rowley charged that Bevvitt got over \$14,000 from him at various times between April and October, 1902, to invest, and that Bevvitt failed to account for \$11,000 or more. Bevvitt has been out of the city for some time, and his location is not known.

SHE HAD TO SIT UP IN A CHAIR.

Mrs. Jas. Kinsella Cured by Dodd's Kidney Pills.

Peculiar Medical Case Ends in Another Victory for the Great Kidney Remedy.

St. Malachie, Dorchester Co., Que., Sept. 13.—(Special).—A medical case of particular interest, especially to women, is causing much talk here. Mrs. James Kinsella suffered from Kidney Disease, which so affected her that she could not sleep and she was obliged for two summers to pass her nights sitting in a chair. To-day she is practically a well woman. Interviewed regarding her cure she said: "I had a pain in my right hip, in the back and was swollen all down that side of the abdomen. I could not sleep at night and I was obliged to sit up in a chair for two summers."

"Reading of cures by Dodd's Kidney Pills I bought one box. That gave me such relief that I continued to use them. They did me a world of good and now I can go to bed like other people. I have never had to sit up in a chair since I used Dodd's Kidney Pills."

Female complaints are caused by bad kidneys. Dodd's Kidney Pills never fail to cure them.
