Note the heavy compact construc-tion and convenient height of supply-can and discharge spouts. The top of the supply-can is only 3½ ft. from the floor,

See the broad, solid separator base, and a body or frame of pleasing design that entirely encloses the gearing and all moving parts. Note the convenience of the correctly placed crank shaft, 34 inches from the floor. The "Simplex" can be operated standing, which is better than a stooping position.

LL oil holes are provided with spring-top oil cups, which hold A enough oil for an ordinary run and protect the bearings from the dust or wet. All waste oil drains to the oil pan and thence to the oil drip cup—no oil or slop can reach the floor.

THERE are a great many other important features of the "Sim-plex" that it will pay you well to investigate. Drop us a card and we will send you our illustrated booklets.

BEAR in mind, too, that we are agents for the B-L-K Mechanical Milker. Tell us how many cows you milk, and we will give you estimates on what it will cost you to install a B-L-K.

Seventh Annual Ormstown Fair

HE Ormstown Show this year was year when Mr. B. H. Bull and Sca. of bigger and better than ever before. This fair is held under the pear the were three herds repeaturely association of the district of Beau-harnols. The noted Holstein breeder, Mr. Neil Sangster, is its president, and tion was conducted for Frot. H. has it was under his guidance that this year's success was achieved. A large year's success was achieved. A large arena has been erected, where all the judging was done. This year two cat-tle barns were changed to accommo-date horses, four new cattle barns, each 125 feet long, were erected, and each 125 rect tong, were crected, and a barn for sheep and swine was built, the total cost being \$3,000. The wet weather did not hinder exhibitors from coming out, as there was a large entry in all classes of live stock. There were 325 entries in horses, \$455 in cetits 100 in above 75 in swine.

In horses, Clydesdales were largest entry, and many excellent specimens were shown. Canadianbred and Standard-bred were also in evidence. The carriage classes were especially full, and much interest was shown in the placing of awards by those interested in the horse industry. The cattle exhibit was one of the best ever seen at this show, and, for the first time in its history, Holsteins were more numerous than Ayrshires. The Jersey class was fairly well filled. In previous years there has not been a large exhibit of Jerseys, until last

Ayrshire Classes. In this Ayrshire centre a big display is naturally looked for, and ringsides were not disappointed. The Kar, Montgomery, McMillan, Elder as other herds were conspicuous by their absence, but there were over 160 head absence, but there were over 160 head on display. It was the general opinio of lovers of this breed that they we-more uniform in quality than usul and nearly all in good fit. In the age bull classeq, R. R. Ness again wa with Hobsland Masterpiece. This noted bull was in better form than ever, and is proving one of the best of sirea (Continued on page 6.)
