

Unity-Stability-Prosperity

are the aims of the

Canadian Reconstruction Association

Its National Programme is:

1. To support a tariff adequate to develop Canadian industries and to ensure employment for Canadian workers.
2. To create a good economic understanding between East and West and to show the necessity for industrial stability in order that excessive taxation may not fall upon farmers and workers.
3. To co-operate in movements to increase agricultural production and improve rural conditions.
4. To maintain national credit and to encourage investment in Canada.
5. To stimulate the development of national resources, to promote the utilization of Canadian raw materials, and to encourage final process of manufacture in Canada.
6. To develop domestic and foreign trade and to promote necessary industrial organizations.
7. To facilitate the adaptation of war industries to peace conditions and to ensure employment for war veterans and war workers.
8. To improve the relations between capital and labor and to emphasize the advantages of consultation and co-operation.
9. To encourage scientific research in the interests of Canadian producers and manufacturers.
10. To improve the economic and industrial position of women.

The Canada that has been saved by sacrifice and valor must not be destroyed by rash legislation. National Prosperity Depends on Industrial Stability.
