"The Dale Steel Land Roller is the strongest, heaviest, most durable and most economical roller for farming purposes at present made in the world."

THE ESTATE OF T. T. COLEMAN, SEAFORTH, ONTARIO.

The Watrous Engine Works Co., of Brantford, Ont., have carried on business successfully for over fifty years, have outgrown their old premises, which have now been vacated to enter their new works, which are designed with a view to enable the Company to turn out the class of machinery that they build with the least possible expense for handling either the raw material or the finished machine. The buildings are extremely well lighted from the sides and the roof, there being no dark places, and the danger from fire is minimized from the fact that the walls of the different buildings extend through the roof. The raw material is taken directly from the place to the storehouse, or the place where it is to be worked up, and the finished article is delivered directly into the car. The business is that of manufacturing engines, boilers, sawmill and wood-working machinery, brick machinery, steam fire engines and fire department supplies. As the illustration given, however, is a view of the new works from the exterior appearance and cover a large area of ground. We congratulate the Company on their advancement.

"A SERVICE TO THE COUNTRY."
Gentlemen,—New premium light horse engraving, "Canada's Glory," a companion piece to the popular draft horse picture, "Canada's Pride," is received. I thank you very much for sending me a copy of this admirable picture. I am sure you are doing a service to the country in bringing so prominently under the notice of farmers everywhere these choice examples of horses doing service throughout the Dominion. Yours very truly,
J. W. COOPER.

Wm. SAUNDERS,
Director Central Experimental Farm
Ottawa.

FROM THE PRESIDENT OF THE O. A. C.

Gentlemen,—I have pleasure in acknowledging the receipt of a copy of the light horse picture entitled "Glory," which you were so kind as to send me with the FARMER'S ADVOCATE a few days ago. Common or inferior horses are worth very little at the present time, but well-bred horses of a superior class still bring a good price; and I think your picture will be very much appreciated by all who are interested in improving our horses or are anxious to raise a good class as can be sold to advantage, either the home or the foreign market. I must compliment you on the general style of the picture and the information which it contains. I think it is a credit to the management of the ADVOCATE.

Guelph, Ont. Very truly yours,
JAS. MILLS,
President Agricultural College

A SOURCE OF PLEASURE.

Gentlemen,—Please excuse my delay in acknowledging the receipt of your very interesting and valuable photograph of a fine engraving, which you name with propriety as "The Glo." I think you can assure me that I should have been very glad to have such much pride in being able to produce so fine a picture. Your energy and efforts and the time and cost must have been very great, and I hope that you will not suffer less but that you were able to make it such an interesting picture must be a great satisfaction. Please accept my thanks for affording me great pleasure in owning so fine a picture.

N. S. FISH,
Secretary Brown Swiss Cattle Breeders' Ass'n
Groton, Conn.

WORTHY "THE BEST ROOM."

Sir,—Your handsome horse engraving, "Canada's Glory," is before me. It is certainly worthy of a nice frame and a place in our "best room." The other engraving, "Canada's Pride," which you issued a few years ago, has been admired by many visitors here, but I think this one will "take" better, because more of our people are admirers of the light horse and can better appreciate the fine work which has been done on this engraving. With best wishes for the ADVOCATE and thanking you for the picture,

W. A. SHAFER,
Sec'y Am. Oxford Down Breeders' Association

EXCEPTIONALLY GOOD OF "MISS BAKER."
Dear Sir, - I beg to acknowledge the receipt of a copy of your superb premium engraving "Canada's Glory." I have seen several of the horses, and it is not flattery to say that Miss Bridgen has surpassed anything hitherto attempted in this line. The portrait of Messrs. Sorby's great harness mare, Miss Baker, is exceptionally true to life. I feel sure that every subscriber of the *ADVOCATE* who loves a good horse (and who does not!) will be highly pleased with "Canada's Glory."

G. W. CLEMONS
Sec'y Canadian Holstein-Friesian Association
St. George, Ont.

[NOTE.—Any subscriber can secure a copy "Canada's Glory" by simply sending us (closing \$1.00) the name of one new subscriber to the FARMER'S ADVOCATE.—EDITOR.]
