## GOSSIP.

Mr. Myron A. Gee, Selkirk, Ont., breeder of Barred Plymouth Rock fowls and Pekin ducks, in ordering a change in his advertisement, writes: "We have shipped on mail orders for hatching this season, through our advertisement, over 1,200 eggs; got our last order last week, and made the shipment August 1st."

A registered Jersey bull and three females, milking and in calf, are advertised for sale by Ernest Paterson, Box 346, Ingersoll, Ont., who writes: "This stock is as fine as can be got. The bull is four years old, bred by John O'Brien, London, never shown but once. The females are all good animals and heavy milkers. We are now sending to the Ingersoll Condensing Factory, and receive no premium on Jersey milk, and are at present sending over 100 lbs. per day above our estimate, which we must dispose of elsewhere. We are, therefore, determined to sell."

Amongst the most successful Shorthorn breeders in Waterloo County, Ontario, is Mr. Solomon Shantz, Plum Grove Stock Farm, Haysville P. O., Baden Station, G. T. R. His herd now numbers 25, headed by the Golden Drop bull, Kinellar Stamp, imported by Arthur Johnston. This bull is full brother to Golden Fame, the bull that sold so well at Mr. Flatt's Chicago sale, and a son of Emancipator, one of the greatest show bulls in Britain. This sire is being used upon the following families with success, viz., Minas, Pedigrees, Lillys, Pansys, Beautys, etc. Mary Ann 6th (imp.) has a fine heifer calf at foot, by Imp. Nonpareil Archer (81778) = 45202. She also has a choice yearling heifer by Kinellar Stamp (imp.). Several of the young heifers are by Beauchamp (imp.), formerly the stock bull in this herd. A few young bulls, mostly reds, by Kinellar Stamp are in stock, a sappy, well-developed lot, out of which almost anyone could be suited. We bespeak for Mr. Shantz a share of the patronage of our readers.

Mr. Chas. E. Bonnycastle, Campbellford, Ont., writes: "Owing to the death of my father, on June 26th, I have taken over the business formerly advertised by the firm of F. Bonnycastle & Son, and will continue the breeding of Shorthorn cattle and Berkshire swine as usual. The Shorthorn calves we are offering are a nice bunch of some 20 head, mostly dark reds, with a few roans, sired by the Crimson Flower bull, Red King 2nd. The heifers, yearlings and two-year-olds are sired by the Miss Ramsden bull, Prince George. The Cotswold lambs we are offering are bred from a ram purchased from Elgin F. Parks, Burgessville, and are a fine even lot, nicely covered, and promising to make good large animals. The young Berkshires on hand are sired by a boar bred by Snell & Lyons, and the sows by Wm. Wilson, Brampton, and there are some good things among them. They are of the Large English type, long, smooth fellows, and large for their age. Parties requiring young stock at reasonable prices will do well to write us."

Mr. John Racey, Jr., Lennoxville, Que., writes: "Amongst the Shorthorns we advertise are two young bulls that came late last year, so will be just right for heavy use another season. The Shropshires are a good, blocky lot, by Miller's 2995 and Windsor 157268, the latter a fine animal, of good size, length and form, with a model head and heavy fleece. There has been good demand for Berkshires this spring, and shipments have been made from Western Ontario to New Brunswick. Amongst recent letters received is one from the superintendent of the farm department of the Rathbun Co., who writes, regarding a last winter purchase: "I am now getting pigs from the hog bought from you, and they are pleasing me very much. Have good-sized litters, very strong, and like pens in a pod, very even and straight. I am using him principally on Yorkshire sows, and am pleased with the result. Wishing you success, I am, yours very truly, Jas. B. Davidson." We have several young boars on hand of the same breeding as Mr. Davidson's. Also a splendid lot of young sows, and can supply pairs not akin."
