"King Edward" Vacuum Cleaner

Keep your Home Scrupulously Clean all the Year Round

OUR GUARANTEE

WE HEREBY GUARANTEE this Vacuum Cleaner, bearing our name, and manufactured by us, to be perfectly constructed, of good material, and perfect in workmanship. We fully warrant it, under fair usage, against any defects of workmanship or material for the term of FIVE YEARS from date.

Should any defect occur, not the result of neglect or improper use, we agree to satisfactorily repair the same at our factory, or replace with a new one. We furthermore guarantee that it will do satisfactorily the work for which it has been sold, and in the event of failure to do as represented, said machine is returnable at our expense.

The Geo. H. King Co., Limited
Woodstock, Ont.

You can do it with ease if you have this wonderful little machine in your home, and there is no reason why you cannot have it. Use it in place of your broom. Go over your carpets, hangings, mattresses, upholstered furniture, with it every sweeping day—it is a mistake to think the use of a vacuum cleaner twice a year will keep a house clean permanently—dirt and dust are constantly accumulating, and nothing but a good vacuum cleaner used often will remove them.

The "King Edward" is the only Vacuum Cleaner working on the correct and most effective system—double pneumatics. It requires a shorter stroke than any other hand machine, and is, therefore, extremely easy to operate—a child can use it and do more work with it than with any electric machine selling at \$100. The only reason for the low price of the "King Edward" is the fact that we sell direct to you—no middleman's profits, no store expenses—just actual manufacturer's cost and a small profit.

10 DAYS' FREE TRIAL

You take no risk if you send for the "King Edward" Vacuum Cleaner. Fill in and mail the coupon to-day. Use the Vacuum Cleaner for 10 days. If it doesn't satisfy you, return it at our expense. If you decide to keep it, the price to you is only ———— **\$16.00**

TRADE TOPICS.

"PROFITS" are what most people are looking for nowadays on the farm, and after they are earned, the new point is where to keep them with safety for a "rainy day." On this point The Federal Life Assurance Co. make an announcement elsewhere that readers will look carefully into by consulting representatives of the company or writing to the head offices. Look up the advertisement.

There is no better or more economical food for live stock than oil cake, and no more reliable dealers in this commodity than the Dominion Linsed Oil Company, at Baden, Ontario, a station on the G. T. R., about half-way between Guelph and Stratford. This firm has had a long experience in the manufacture and sale of oil cake, and supply it fine-ground, coarse-ground, pea-size, or nutted. See their advertisement on another page, and if your dealer cannot supply you, write to headquarters.

Write to A. E. Duff, District Passenger Agent, Union Station, Toronto, Ontario, for free illustrated booklet, entitled "Haunts of Fish and Game," containing Game Laws, Maps, Rates, etc.

GOSSIP.

In the advertisement of Holstein cattle and Tamworth swine, by A. C. Hallman, Breslau, Ont., in our October 10th issue, the price stated for pigs ready to wean read \$8 a pair, which should be \$8 apiece. Correction is made in the advertisement in this issue. The pigs are bred from imported stock, and are of desirable type and quality.

QUESTIONS AND ANSWERS.

1st.—Questions asked by bona-fide subscribers to "The Farmer's Advocate" are answered in this department free.

2nd.—Questions should be clearly stated and plainly written, on one side of the paper only, and must be accompanied by the full name and address of the writer.

3rd.—In Veterinary questions the symptoms especially must be fully and clearly stated, otherwise satisfactory replies cannot be given.

4th.—When a reply by mail is required to urgent veterinary or legal enquiries, \$1.00 must be enclosed.

Miscellaneous.

INJURED TEAT.

I have a valuable Jersey cow that got one teat torn in wire fence some time ago, so that the milk runs out the side of teat. Cut is healed up except where the milk runs out. Is there any way to heal it up so the milk won't leak out of teat? S. A. S.

Ans.—Holes in teats are not always easy to treat. A correspondent recommended through these columns some time ago the use of ordinary shoemaker's or harnessmaker's wax. Warm the wax just enough that it is quite soft, press the hole full of this material and allow to cool. The wax hardens, and closes the opening, and according to our correspondent the cow may be milked without further trouble. Care must be taken that the wax is not so hot as to burn the cow, and also to get it sufficiently warm and pliable. This is a simple remedy, and is worth trying.
